Αl-` Father, God mighty, who art in heaven, hallowed be thy name. Father, we thank thee for this earth. We thank thee Father for this life and citizenship in this the greatest nation on the globe. Father, we thank thee for the knowledge that we are thy children if we will be. Father, we thank thee for the knowledge that if we ask it in righteousness it shall be given us, and thou has promised us that where two or three gather there are You, also, in thy spirit. Father, we are thankful for all the things for thou art the author of all good that thou has given us. Father, we gather together in this company, this day with a single purpose in our heart. Father, every spirit speaks out in angelic language. Father, every soul now speaks with one purpose, a righteous purpose with no thought of any selfserving reason. Father, we ask thee, in thy mercy lift up our prisoners, bring our brothers and restore them to their families in this great nation, Father, while they still live. We seek only thy will. We know not thy agenda. Father, we have all faith and hope in thee and we know that yours is the hand that has made this universe and all things that are good. Father, that same hand can restore even the life to Lazarus. And Father, that same hand can restore even our brothers unto us. Father, hear

our righteous prayer. Father, grant us this petition that this nation might awaken again to what is right and wrong in conscience. Father, grant that this be given to us that we might clearly give thee the glory for we are children and thou art our Father and we seek this great favor from thee. And this favor we ask, O God, in all faith, in all hope, in all confidence, we ask it in the name of Jesus, the Christ. Amen.

#### NEVADA CORPORATIONS

#### **ELIMINATING YOUR HOME** STATE TAXES

If you are self employed or plan to be in the future, a Nevada Corporation can be used in conjunction with your home state business to help you eliminate your state taxes. Because Nevada has no personal income tax or corporate tax, there are many possible strategies, to allow you to funnel money out of your home state and into Nevada.

One of the simplest ways of handling this is to contract your home state business with a Nevada corporation. The Nevada corporation could provide some intangible service for your home state operation. A few services that every business might contract out for may be marketing, advertising or management consulting. If your home state business sold products of any kind, you may want to broker those products through a Nevada corporation first, where the profit on the sale would end up in Nevada. Your pur-

to prove that you have a legitimate business relationship. If your home state tax agency ever decides to audit your business, these formalities cover your home state business. Corporate Advisors can help you create the necessary documentation for this tax strategy.

It must be remembered that in Nevada your corporation would still be liable for any Federal taxes that were due on its profits, but by eliminating your state tax, some states businesses could save up to 11% on their profits.

These strategies can be kept quite simple in order not to create more work for you in your current business. Using these strategies for clear business reasons makes a lot of sense and is perfectly legal. Remember there is nothing wrong with not being able to make a profit, and in this case there is everything right with it. Considering how funds are currently being mismanaged by most states, doesn't it make more sense for you to put your own money to good use where you decide how it will be used?

(Editor's note: The following letter was received in today's mail, 8/24/92, and says a lot about the way many people are inclined to mix a little information and a lot of frustration together to excuse themselves from a patriot's responsibility toward their country. Could this attitude have anything to do with how we got in our present mess?)

AUGUST 21, 1992

Dear Phoenix Liberator Editor and Hatonn,

I am new to everything you have to present and I am listening with an open mind about it. But "there is something 'fishy' in Denmark."

On August 04th '92, I heard Bo Gritz on Los Angeles radio station KPFK, 90.7 FM. I called the telephone number given on the air for tapes and info. It's been over two weeks and the Order Form I was promised has not arrived. Just 'who is minding the store?'

Subsequently, I learned of the Bo Gritz rally in, of all places, my home town of Tehachapi 8/16/92. There I purchased campaign items: videos, buttons, T-shirts, bumper stickers, Bo's book and three of your Journals. Plus, I was given the Phoenix Liberator free.

In the Liberator I found the order form that I have not received. Now here's the twist. After reading half of one of the Journal's and all of the Phoenix Liberator, Volumn 20, #4 August 11, 1992, I have this to say: Mr. Hatonn, you remind me of fat CB (citizens band) Mama who has nothing more going than the pleasure she gets from flapping her lips and getting attention. Why so much talk - talk - talk? Why does no one that I have asked heard of Bo Gritz? Because the important "move Heaven and Earth; get the job done" people are doing a half ass job or less. My potential contribution and those of many others could have bought TV air time to snow ball the contributions of people who are moved by Bo Gritz and what he stands for.

But you Mr. Hatonn are too busy dictating, dictating, dictating to allow for serious supervision and success motivation. Where are your priorities?

Since you have some obvious advantages over us mortals, you no doubt know what is going on. Information and Truth are great but where is the action? Do you think people have as much time to read your daily letters as you have to dictate them? What do you do in addition to your desk work? Do you have an 8 hours + job to go to, oil to change in the car, dishes and house cleaning, grocery shopping, bills to sit down and pay? Get real! Get serious, and move your fat ectoplasm butt if you expect recognition and true interest in what you have to give Mankind.

Sincerely.

Kathleen & Brown

Dear Ms. Brown,

I will comment on the issues you raised in the order of their presentation in your letter.

First, it would be just a bit inappropriate for me to venture to explain why the Gritz material did not arrive from your original telephone request to their headquarters. However, what is revealing here is that you jumped to the conclusion you did ("Just 'who is minding the store?'") when there could be many outside reasons (both technical and human) beyond why the very human, very overworked patriots associated with Colonel Gritz' election effort may have missed one of many telephone requests.

Second, I'm delighted THE PHOE-NIX LIBERATOR'S sponsoring of Colonel Gritz in Tehachapi allowed you to acquire the items you mentioned. I hope the event also spoke to you on a deeper level about what bad shape our country is actually in and what has to be done to fix the mess.

Next, I need not defend Commander Gyeorgos Ceres Hatonn's work to enlighten a truth-starved and mostly asleep planet. I suggest that maybe you might have jumped to as superficial a conclusion here as you did early on in your letter about a different matter.

The reason that neither you nor your friends have heard of Bo Gritz before is directly because of his importance as a gift from God for positive change. Were you to take the time to become more acquainted with the material generated by Commander Hatonn's "flapping lips," you would know exactly why you have been denied information about Colonel Gritz (and maybe just a few other issues) by the controlled media's prostitutes to the New World Order.

Finally, I would draw your attention to the letter at the top of page 30 of this week's LIBERATOR (dated August 25, 1992), especially for its spiritual perspective concerning WHO is responsible for doing whatever it takes to clean up the mess on this planet.

I would suggest Commander Hatonn knows <u>his</u> priorities and responsibilities quite well. Let us both work and pray that more in human form begin to understand their priorities and responsibilities half as well...before it's too late!

Sincerely,
Dr. Edwin M. Young
