It Would Be Funny If It Weren't True!

5/27/94 #1 HATONN

IMPORTANT NOTICE

For those of you looking for our typical hefty-sized newspaper...NO, we didn't forget to print part of this week's paper, nor did the peerless Postal Service "forget" to deliver same.

The budget is so tight, right now, that we cannot afford to produce any more than this 20-pager. For more details on our current, hands-tied situation, please see the earlier paragraphs of Commander Hatonn's ominous report that starts to the right.

And, especially you slick wheeler-dealers in Washington who hold the custodial strings on our nation's purse: Come on, now—gobs of money for studies on Cow Flatulence, Pigeons and TV Watching, but not even a penny's nod toward the most-read (you should know) newspaper in the nation?! Just keep in mind that actions speak so much louder than those grand (standing) and rumbling words OR those oh-so-pretentious exhibitions of patriotic pageantry you're so fond of displaying to hoodwink we-the-people.

*Psssst: We're just **NOT** fooled any more.*

THE RUSSIANS ARE COMING?

How many times have I reminded you that the Russians are coming? No, I do not say *this* Russian or *that* Russian is due to land on such and such a day at such and such a time. However, good readers, I HAVE TOLD YOU.

Now why do I go through that tacky old trick of "I told you so"? Because I am ASKED again and again—by readers who have been with us for years. No, it is not what you think from any presentation of the media, so far. However, in many instances IT IS WORSE!

President Reagan SURRENDERED to the SOVIET UNION some NINE YEARS AGO—and now confirmed, according to information forwarded to this location years ago and updated in the Spring. A document has now resurfaced and comes now "today" through the APFN HQ FAX.

By the way, how many of you are helping Ken Vardon/APFN, 3230 E. Flamingo Rd. #22, Las Vegas, Nevada 89121, STAY ALIVE? Readers, this is a time, a final time, to help keep your people and your nation alive. To stay in operation APFN MUST be operated AS A HOBBY—it cannot even charge for service!! You must show appreciation through DONATION or it will be shut down! We are all being forced into the SAME POSITION. You cannot assume that OTHER PEOPLE are paying for the fight to save AMERICA—it isn't happening! A few give everything they ever had or ever shall, to this task, even to the loss of property and even life.

CONTACT—now the most-read newspaper in the world—is still the least-subscribed-to paper. Everyone is terrified of being on the

UP FRONT IN THIS JOURNAL

Living the past is a dull and lonely business; looking back strains the neck muscles, and causes you to bump into people not going your way.
— Ferber

Looking back is as necessary as looking forward but while you are doing either—you are often overlooking the “now”! — Hatonn

You must see from past experience and history, tainted and untainted (if you can find it) that which was trying to “getcha”, has come this far and right to the point of “gotcha”—and how, for goodness sakes (not to be confused with “badness” sakes) you can “gettem” so that you CAN HAVE a future to perceive in freedom and LIGHT.

HOT-LINE OUT OF MONTANA “FED-UP AMERICANS”

A lot of people are WAKING UP America. I ask that Dharma simply transcribe the following information from today's message from Fed-Up Americans: “It is time that all of us Fed-Up Americans come face to face with reality and fully understand that government at the highest level desires us to be their sex slaves to the fullest extent.

“In the very near future the new ‘Assault Weapons’ bill will be signed into law. Their law against We-the-People and, from information received, right after the signing of the weapons gun ban, more house searches will be immediately conducted. The goal of the federal government and all of its supporting agencies who are in total control by the International Bankers, is to disarm totally the non-criminal element of society. This socialist law of disarming the American people is nothing but a ploy to make criminals out of good American citizens. This is the same action that was taken against Christian Russia by the Bolshevik gang in the early 1900s. The local police and army reserves disarmed the masses and after this was accomplished these same police and army reserves were the first to be placed against the wall and SHOT.

“It was the same element of international

bankers on the East Coast of the United States who were the major financiers of the Communist-Bolsheviks Revolution. And it is the SAME FAMILY members of these same international banks WHO CREATED THEIR UNITED NATIONS AND WHO ARE FINANCING AND SPEAR-HEADING THE DISARMING OF THE MASSES IN THE UNITED STATES AND CANADA AT THIS TIME.

“How do I know these things? Because, Fed-Up American, I have a copy of the 65th Congress' First Session of the Senate, Document No. 62, before the United States Senate, by Senator Overman, Chairman of the Subcommittee of the Committee on the Judiciary. Meeting at 10:45 in the morning in room 226 at the Senate Office Building with Senator Lee S. Overman presiding—In investigation of who was responsible in financing the Communist Bolsheviks against Christian Russia.

“The masses were disarmed and 30 million Christian Russians were shot and/or otherwise slaughtered.

[H: Of course, readers, this “little Holocaust” was hardly ever mentioned—especially by anyone referring to themselves as Jews. Well, they didn't get all the Christian Russians, either—and that may well turn out to be a bad oversight one of these very near future days.]

THE SAME IS PLANNED HERE IN THE UNITED STATES.

“There were three volumes of testimony—you desire ‘Vol. 3’, remember that. Not only did the East Coast Bankers and the United States finance and support the Communist overthrow of Christian Russia but the subcommittee meetings showed clearly that many Jewish individuals from the United States also went to Christian Russia and were the chief agitators in favor of Communism.

“I am merely telling you, Set-Up American, what is written in the subcommittee hearings. All of this valuable and important information was hidden under the title of: *BREWING AND LIQUOR INTERESTS AND GERMAN AND BOLSHEVIK PROPAGANDA* so the masses in the United States would never be aware of these important hearings and the information contained therein.

“It is these same family members of international bankers who control and finance the United Nations as well as who control the money supply of the United States by the PRIVATELY OWNED “CENTRAL BANK” in America, called the Federal Reserve Corporation.

“Should you desire the entire information needed to obtain these documents and testimony presented before the 65th Congress, submitted pursuant to Senate Resolution 307

and 439 from your Congressman or U.S. Senator, of which they MUST supply you with this information when it is requested by you Fed-Up Americans, submit \$1 and a self-addressed stamped envelope to get the information and fully understand the subversion from within. Send to: Fed-Up Americans, P.O. box 24, Noxon, Montana 59853. Thank you for calling Fed-Up Americans. This message changes weekly.”

Indeed the sleepyheads are beginning to stir! I wanted to share this with you readers because it refers to the SAME PLAYERS IN ALL THE ADVERSARIAL GAMES AFOOT THIS DAY.

It has come around the circle and now “they”, CONSPIRATORS, themselves are starting to lay it on you, brothers, that there has been a “conspiracy” all the time. They will also tell you right-out, now, that yes indeed, it has been a rather easy job but now “they gotcha”. There is no remorse or apologies for actions up to and through, now. Indeed, the only things coming forth from the conspirator's circle is the next phase of the New World Order—as Satanic and dastardly as it is.

First YOU are going to find it helpful to “heave-up”, then perhaps you can “heave-ho” and then maybe, just maybe, you can “heave the bastards OUT!” So, let's identify this journal as “HEAVE-UP” (Phase One).

For the following we are indebted to Larry Abraham's *Insider Report*. It seems the journal we need is on loan somewhere “else” and we want accuracy in this copy. We find that in *Insider Report*, last January 1994 there was an excellent reference to a presentation from the January-February 1994, Vol. 73, No. 1, pp. 1-7 of *FOREIGN AFFAIRS*. The article in point is by Michael Clough, a senior fellow at the Council on Foreign Relations and co-chairman of the Stanley Foundation's New American Global Dialogue. The article is entitled: *Grass-Roots Policy Making*, subtitled, *Say Good-Bye to the ‘Wise Men’*.

We will take up part-way through the article by Abraham as he likes to think of himself as a leading writer on the “Conspiracy” beginning with a superb book called *None Dare Call it Conspiracy*. *The book was actually written and presented by Gary Allen but Abraham lays claim to joint authorship. So be it.*

I appreciate that which we have here because I wanted to utilize the information as “Foreword” for this journal in point for there is so much in these contents which speak of Satanism and the work of these evil dealers-in-power on your place.

[QUOTING:]

Clough writes: “For nearly five decades the complexion and outlook of American foreign policy makers remained constant. In the view of the *small, cohesive club* of academics, diplomats, financiers, lawyers and politicians that ascended to power during World War II—men such as Dean Acheson, Clark Clifford, George Kennan, John McCloy and Paul Nitze—*this was as it should be.*

Note the arrogance of the official announcement as Clough continues: “National security and the national interest, they argued, must transcend the special interests and passions of the people who make up America.” In other words, the people are, as Harry Hopkins remarked, “too damn dumb to know what's good for them.” And so the “Wise Men” had to tell us and lead us and direct us, without regard for

what we thought of that leadership or its direction. In this vein, let me remind you that the title, "Wise Men", is the one they gave themselves, while at the very same time referring to the rest of us as "the children".

Next, Clough asks, "How was this small band of Atlantic-minded internationalists able to triumph? What enabled them in the post-war period to subdue the isolationist impulses of the hinterland and turn the nation of 'no entangling alliances' into both the world's policeman and its banker?" He responds, "For the most part, the answer is twofold: fear and prosperity. The dangers of the postwar world—the threat of Soviet expansion and the haunting memory of global depression—convinced the public. It also helped that Eastern internationalists had gained great authority once it was clear that they were right about America's need to enter the Second World War."

Allow me [L. Abraham] to interject. Just as Gary Allen and I documented in our first book, *None Dare Call It Conspiracy*, and as I elaborated in *Call It Conspiracy*, "the threat of Soviet expansion" was the creation of the Wise Men themselves, as the Great Depression had been a product of their policies, pressed by their mentors at The Royal Institute [For *International Affairs*] and the CFR [Council on Foreign Relations] in the late Twenties and Thirties. The truth of this assessment has since been totally and repeatedly confirmed and exhaustively documented by many eminent scholars, some of whom were Wise Men themselves.

Indeed, CFR senior fellow Clough tells how these disasters and managed crises, once created, were used to manipulate the American psyche: "The preeminence of the East was reinforced by other postwar developments. *The New York Times* and, to a lesser extent, *TIME* magazine emerged as the leading national sources of news and commentary on international affairs. The original big three national television networks all chose New York as the site of their headquarters, and hence their evening news shows. A small number of well-endowed foundations and influential foreign policy institutes were also based in New York and Washington."

What Clough doesn't tell us is how all of the cited media operations were initially financed by the Insiders and controlled by them right up to and including this very day. The "foundations" and "foreign policy institutes" of which he speaks are the very same entities for which he is now writing and working, namely the CFR itself and its network of appendages. Clough continues:

"And a handful of Eastern Seaboard universities played a critical role in training and employing America's new foreign policy cadres.

"Together, these developments meant that the most reliable, the fastest and often the only way to become a player in the national foreign policy debate was to locate oneself along the Harvard-Manhattan-Foggy Bottom corridor. This reality greatly contributed to the homogeneity of discourse on international issues that characterized the Cold War years."

WHY THEY RISK EXPOSURE

A dramatic change is being announced and ordered. A dramatic world-changing policy shift is occurring. It is, as the Insiders themselves love to call it, a "sea change" in process. In order that you may have a clear sense of the

"new realities" as seen by the "Insiders", and what they are doing about them, let me cite a series of disclosures from Clough's piece:

* "The globalization of American society has greatly increased the incentives for individuals in all parts of the country as well as local, state and regional institutions to become more involved in world affairs. As the world becomes increasingly interconnected, developments abroad matter more for local communities. [H: **Yes indeed—except that while the bombardments continue—the communities go to pot in a handbasket. There are now so few individual "incentives" as to be terrifying!**]

* "At the same time, opportunities for local, state and regional actors to influence global policy have also grown. [H: **Say what??**] Many state and local institutions are establishing direct links with counterparts around the world through technical assistance and exchange programs. Foundations and entrepreneurs are creating new regionally based foreign policy communities to provide the kind of leadership in world affairs that the Eastern establishment once monopolized.

* "The East's privileged place in foreign affairs has eroded. New York no longer dominates the nation's economic relationships with the rest of the world, and the share of trade that flows through Eastern Seaboard ports has shrunk dramatically. [H: **Except, of course, for drugs run by the government and military, and arms.**] From Southern California to the Great Lakes, and from the Pacific Northwest to the Texas border and Southern Florida, regions are developing their own economic interests and orientations, and creating the trade offices and other institutions necessary to pursue them. [H: **Yep, again—drugs, arms and evil.**] In short, regionalization has not only lessened Eastern influence over the foreign policy making process but also helped spawn a new process of global policy making with sources of power far beyond the Washington beltway.

* "More and more foreign countries are beginning to see their ethnic brethren in the United States as natural allies in campaigns to develop more favorable bilateral relationships. This web of societal ties linking American ethnic communities with their homelands is certain to thicken as the information revolution increases the ease and affordability of reaching out and touching previously distant kith and kin.

* "The final factor contributing to the breakdown of the old foreign policy consensus is the emergence of powerful, activist groups organized around individual issues such as human rights, the environment, humanitarian relief and women's rights. [H: **Everybody still with us?**]

* "Their most important new challenge is to find ways to merge myriad single-issue pressures into a coherent whole and to do so in an environment of shrinking resources."

And, finally, the lead article in the world's most important journal concludes:

* "Only a radically redesigned foreign policy-making system, one fashioned to meet the global challenges of the 21st century in the same way that the national security apparatus was created to face the Cold War, would make a synthesis of these competing interests possible. Only an open, decentralized and collaborative system, which encouraged the initiatives of regional actors, ethnic groups and global issue groups, would restore public confi-

dence that Americans' involvement in world affairs is still consistent with their own values and would improve the security and welfare of all.

[H: Please keep in mind, readers, that the journal, *FOREIGN AFFAIRS*, IS "THE" journal for the Council on Foreign Relations—this is no wimpy magazine.]

SUM-UP BY L. ABRAHAM

In sum, here's what it all means. The CFR, as an exclusively American institution for policy making, has outlived its usefulness. It will, of course, continue to be a clearinghouse and gathering place for policymakers of both political parties to rub elbows and schmooze with the rich, powerful, and the academically acceptable. But, the policy making and hyper-exclusivity will now be reserved for the Trilateral Commission, the Institute for International Economics, and the baronial leadership of various regional bureaucracies, i.e., the North American Free Trade Agreement, the Council for Security in Cooperation in Europe, the Asia-Pacific Economic Cooperation Council, and similar such regional entities now being planned for Africa and the Middle East. This hub will direct, dominate, and control a myriad of lesser organizations with racial, ethnic, environmental, and sociological casts. REGIONALIZATION WILL NOW REPLACE NATIONALISM WITHIN THE NEW WORLD ORDER!

[END OF QUOTING]

This, of course, is planned to coincide with removal of ALL ARMS AND WEAPONS FROM YOU-THE-PEOPLE. You are supposed to HAVE NO DEFENSE AGAINST THE ADVERSARY, THE "BIG SATAN".

May you think about this as you pull off your beer tab and sit back on the potato-couch to OBSERVE, not participate, in your canned ball games or stupid sit-com reruns. It is up to you here on in, citizens, as to whether they "gotcha forever" or you heave the bastards out! Bad word? Brothers—you are in BAD TROUBLE and "bastard" becomes a very gentle word as these controllers are sired by Satan himself and one of these days in the near future—YOU WILL REALIZE AS MUCH!

This journal shall be called:

HEAVE-UP (Phase One)

You are in serious danger of getting caught with the poison within—which will destroy you. Satan reigns, my friends, as surely as day perceptually follows night. You are IN TROUBLE. First you will be sickened unto "heaving-up", then perhaps you will "heave-to" and finally, perhaps you will "heave the bastards out". Indeed the term "bastard" is wisely used for these Evil Elite Satanists are SURED BY SATAN HIMSELF! You may well believe that this cannot be? It can and IS! While you slept the prostitutes of evil were at their duty stations. Satan is alive and well on planet Earth! But—GOD ALSO HAS A PLAN 2000! GOD SPEAKS TO US IN OUR JOY BUT SHOUTS TO US IN OUR PAIN. HE IS SHOUTING, NOW!

subscription list. Why? Portions of it are, today, being utilized right in Congressional Banking Committee—on live TV! And, even the Congressmen use YOUR money to reprint the paper and scatter it to everywhere and everyone in Washington—without subscribing!

Now I want to give you a few numbers to ponder—and consider how many copies of CONTACT could be furnished for a tiny portion of what is totally wasted and “blown” (pun intended). Here are just a couple of interesting grants issued right out of Washington D.C.:

\$19 MILLION to examine gas emissions from cow flatulence.

\$144,000 to see if pigeons follow human economic laws.

\$219,000 to teach college students how to watch television.

\$160,000 to study if you can hex an opponent by drawing an “X” on his chest...!

Oh, and let us not miss the **\$57,000** spent by the Executive Branch for **gold-embossed playing cards on Air Force Two.**

I might well concur with the intelligence of spending some measure of funding on relieving your “energy” supply crisis by studying the gas emissions emanating from the belching and flatulence of CONGRESS AND WASHINGTON PARTIES IN GENERAL; however, YOU AS A NATION, are to the end of your golden rope pipe-dream. Even surrender to a foreign power is done with such subtle ploy as to cause you to think you are helping a needy brother—whilst you KILL your own families.

THE SURRENDER OF THE UNITED STATES TO THE SOVIETS

“By the way, how many of you are helping Ken Vardon/APFN, 3230 E. Flamingo Rd. #200, Las Vegas, NV 89121, TO STAY ALIVE? FAX: 702-433-9916 and VOICE: 702-698-3127.”

Some nine years ago we broke the news in *The Dove* that President Reagan had been forced to surrender to the Soviet Union. Most people did not believe us.

[H: Reagan also, about six or seven years ago (and some of YOU report seeing it as well as it being shown AGAIN within the last month), was

on TELEVISION and suggested the Soviets and the U.S. JOIN FORCES (MILITARY) TO FIGHT THE COMMON ENEMY COMING, NOW, FROM OUTER-SPACE. I.E.: SPACE ALIENS!]

The surrender terms stated that Reagan had five years to dismantle the military forces of the United States and submit to the Soviet Union or face total destruction. At the time the Soviets had developed a laser defense which was able to knock out 95% of all U.S. missiles and bombers if we had tried to attack them. At this same time the United States had worked on a similar program called “Star Wars”, but it was not yet in operation. The Soviets demonstrated their ability by shooting down the U.S. Space Shuttle with a laser, and also shooting down several U.S. rockets carrying military satellites, launched from Vandenberg Air Force Base.

[H: If you have kept up with our writings from on-set—you will further KNOW, as did those who followed Dr. Peter Beter’s work long before ours—that ALL your first Shuttles were destroyed. This was known “up-front” so the teams of personnel never were put into space but rather shipped to Australia and flown back aboard duplicate Shuttles. YOU ARE PEOPLE OF THE LIE!]

It is important for you to understand that the Soviet Union has been governed, since the communist takeover, by the World Government and used as a “dummy front” to force the rest of the world into submission to a coming world dictator. The World Govern-

ment then used a new technique when the five years were up. The Soviet Union collapsed and the American taxpayers were forced to pick up the tab and care for not only the Soviets, but for all the collapsing communist satellite nations. Then the American people were told that the cold war was over and the West had won. But here are the facts: Our money was and is being sent to the former Soviet Union, including all our technology, which could not have happened previously. The Soviet Union is now being rebuilt by the West. We are rebuilding their entire industrial base, their mines, oil fields, refineries, electric grid, nuclear reactors, and they are becoming joint partners with NASA.

They never had to fire one shot, never had to send a soldier to attack us, because we are policing ourselves, paying tribute to them and stripping our land of all our assets. The American people have been led into the smartest trap ever sprung on a people. WE LOST THAT WAR, BUT BELIEVE THAT WE WON IT.

Mikhail Gorbachev no longer rules from Moscow, he is now ruling from San Francisco. He was rewarded by the World Government and received a better job with greater benefits. We are reproducing [but CONTACT is not] the information package from the Gorbachev Foundation on the following pages. When you read the article you can come to your own conclusion. Is it a coincidence that Gorbachev is in charge of deciding what should be done with closed American military bases in America?

Gorbachev is ruling from the old Army base, The Presidio, in San Francisco, California. Read the document and weep. It is all over folks! We have lost our land. The question now is—shall our nation also lose its soul, or will we as a nation resist before it is too late???

[END QUOTING]

Well, there you have the observations of this insightful and observant American. I would note, however, for you who think all RUSSIANS are your enemy, there is one who still wields power in conjunction with a “group” who still can push a few buttons—Shevardnadze. [And what about implications of the fax on p.16? !]

“Ah, Herr Gutenberg, I represent the Government Currency Department, and we have a plan...”

Part II Of: A Constitution For The World (Oh, Barf!)

5/27/94 #1 HATONN

Yes, we have previously run THE FIRST 12 POINTS of the following "Constitution For The World". Somehow you readers don't hold to the information very long. I feel it important enough to interrupt the current writing lessons on your own *Constitution Of The United States Of America* and the EXPLANATION OF SAME through the *Federalist Papers*, [Look forward to this discussion in upcoming issues of CONTACT] to ask Dharma to finish off the document in this writing. It would have been almost a month ago that the first portion was offered. We will take up directly with NUMBER 13 and will ask that you refer back to the first portion as priorly offered [See 5/10/94 CONTACT, p. 43]. For the next "Journal" we will try to compile it into a single chapter but we will not do so for this paper. Thank you.

[QUOTING:]

A CONSTITUTION FOR THE WORLD

INITIATIVE for a World Constitution launched in California, 20 December 1993, as "Philadelphia II", to qualify for 8 November 1994 GENERAL ELECTIONS.

This "Constitution" was published by the Center for the Study of Democratic Institutions (1965) financed by the Fund for the Republic, **A FORD FOUNDATION [H: Oops!]**

Formerly located in Santa Barbara, California, the Center appointed socialist-oriented University of Denver Chancellor Maurice B. Mitchell as new head and merged with the Aspen Institute, Aspen, Colorado, a world government policy promotion agency. Aspen Institute Chairman is Robert O. Anderson, chief executive officer, Atlantic Richfield Company; member, Committee for Economic Development for International Education (laid the groundwork for Regional government).

CONTINUED FROM MAY 1994
COMMITTEE BULLETIN #388:

13. The budget of the World Government, upon recommendation by the Planning Agency, shall be presented every three years by the President of the Council, which shall pass it, or reject it in whole titles, by majority vote; the same procedure to apply when at other intervals the President requests additional appropriations or approval of changes.

14. Any legislation of the Council can be vetoed by the President within thirty days of its passage. But the Council can overrule the veto if its new vote, by a majority of two-thirds, finds support, within sixty days of the President's action, in the majority of the Grand Tribunal [and no such support shall be required during the tenure of the first presi-

dent].

15. The President can be impeached on grounds of treason to the Constitution, or usurpation of power, or felony, or insanity, or other disease impairing permanently his mind.

The vote of impeachment shall be final when three-quarters of the Council and three-quarters of the Grand Tribunal concur and the majority of the Supreme Court validates the legality of the proceedings.

If a President is impeached or resigns or dies in the interval between two sessions of the Federal Convention, the Chairman of the Council shall become Acting President until the new Convention elects a new President; and the Council shall elect a new Chairman.

THE GRAND TRIBUNAL AND THE SUPREME COURT

16. The supreme judiciary power of the World Republic shall be vested in a Grand Tribunal of sixty Justices, with the President of the World Republic as Chief Justice and Chairman, and the Chairman of the Council as Vice-Chairman ex officio.

The President as Chief Justice shall appoint the Justices of the Grand Tribunal and fill the vacancies, subject to vetoes by the Council on majorities of two-thirds. He shall have power to overrule any such veto if he finds support in a two-thirds majority of the Justices in office [except that no such power shall be vested in the first President].

No one, except the Chairman of the Council, shall hold membership at the same time in the Council and the Tribunal: nor shall a Chancellor or Cabinet member hold membership in the Tribunal or be eligible to it until six years have elapsed from the termination of his executive office.

17. The tenure of the Chief Justice and Chairman and of the Vice-Chairman of the Grand Tribunal shall be the time of their tenure of office respectively as President of the World Republic and as Chairman of the Council.

The President shall have power to appoint an Alternate, subject to approval by the Grand Tribunal, for the exercise of such of his functions in the judiciary branch and for such a time within his tenure as he may decide.

The tenures of the sixty Justices shall be fifteen years [except that the terms for the initial membership shall be staggered by lot, with one-fifth of it, twelve Justices, ceasing from office and being replaced every third year].

Justices of the Grand Tribunal shall not be re-eligible, except that a Justice appointed as Chancellor or Cabinet member, having resigned his membership in the Tribunal, shall be re-eligible to it for the unfulfilled portion of his tenure when six years have elapsed from the termination of his executive office.

18. The sixty Justices shall be assigned

twelve to each of five Benches:

The First Bench to deal with constitutional issues between the primary organs and powers of the World government as well as with all issues and cases in which the Tribune of the People shall decide to appear in his capacity of World Attorney and defender of the Rights of Man;

the Second Bench to deal with issues and conflicts between the World Government and any of its component units, whether single states or unions thereof or Regions, as well as with issues and conflicts of component units of the World Republic among themselves;

the Third Bench to deal with issues and conflicts between the World Government and individual citizens or corporations or unions or any other associations of citizens;

the Fourth Bench to deal with issues and conflicts among component units, whether single states or unions of states or Regions, and individual citizens or corporations or unions or any other associations of citizens when such issues and conflicts affect the interpretation or enactment of federal law;

the Fifth Bench to deal with issues and conflicts, when they affect the interpretation and enactment of federal law, either among individual citizens or among corporations, unions, syndicates, or any other collective organizations of citizens and interests.

Each Region shall be represented in each Bench by at least one member and not more than two.

[H: Is EVERYONE picking up the use of the term "REGION" instead of "State"?)

19. The Supreme Court shall be of seven members; five representing one each Bench, with the Chief Justice as their Chairman and the Chairman of the Council as their Vice-Chairman ex officio; and the active membership of the Benches shall thus remain of eleven each.

If the first vote fails to fill all seats, the vote shall be repeated according to the same regulations.

The tenures of the members of the Supreme Court shall be; for the Chairman and Vice-chairman the same as their tenures of office respectively as President of the World Republic and as Chairman of the Council, and for the other members six years, at the end of which each of the five elected by the Grand Tribunal may be re-elected or shall be restored to the Bench whereof he was the delegate; but no Justice shall sit in the Court beyond his regular term of membership in the Tribunal; and when the latter term expires before the regular six-year term in the court is completed, or when an elective member of the Court resigns or dies, the Grand Tribunal shall fill the vacancy for the unfilled portion of the term by secret partial election in plenary session, with the same proviso as above in regard to the representation of Regions.

Regions which have not been represented in the Supreme Court for two successive six-year terms shall have mandatory precedence in the elections for the third term.

20. The Supreme Court shall distribute the cases among the five Benches of the Grand Tribunal according to competences as specified hereinbefore [Art. 18].

Cases where competences overlap or are otherwise doubtful shall be referred to such Bench or Benches jointly as the Supreme Court shall decide.

The Supreme Court shall have power to modify the rules of assignment for the five Benches as specified in Art. 18, subject to approval by the majority of the Council and by a two-thirds majority of the Grand Tribunal concurrently.

21. It shall be the office and function of the Supreme Court to review the decisions of the Benches, within three months of their issuance, said decisions to become effective upon registration by the Court, or, when annulled, to be returned for revision each to the Bench which judged the case, or to another, or to others jointly as the Court may decide; annulment, to be returned for revision each to the Bench which judged the case, or to another, or to others jointly as the Court may decide; annulment to be pronounced in cases of unfair trial or faulty procedure, and also for reasons of substance when final appeal was filed by the losing party, if the Court at its own discretion choose to take cognizance thereof, or by the Tribune of the People, whose demand shall be mandatory.

22. The Grand Tribunal, with the approval of the Supreme Court, shall establish Lower Federal Courts in such number and places as conditions in the component units of the World Republic shall require, and a Federal Appellate Court in each Region. It shall also determine the rules and competences of such courts, and appoint their officials on the basis of competitive examinations.

23. The President or his Alternate and the Chairman of the Council shall not sit as judges in cases affecting the solution of conflicts between the President and the Council.

The President or Acting President or Alternate, or a Justice or the Chairman of the Council in his capacity of Justice, shall not sit as a judge in cases involving his appointment or impeachment or demotion or tenure or in any other way affecting his particular interest.

24. No member of the Council or the Grand Tribunal shall be liable to removal from office until a criminal sentence on charges of felony or grave misdemeanor is final. But he shall be suspended from office, pending last recourse to the Grand Tribunal, when a sentence of guilty, issued by a lower court, has been confirmed by a Federal Appellate Court.

The Supreme Court shall pronounce final judgment on the legality of the proceedings. It shall also pronounce final judgment on the legal validity of elections and appointments to the Council and the Tribunal, and to the offices of President and of Tribune of the People.

25. The President in his capacity of World Chief Justice shall have power of pardon over sentences passed under federal law.

THE TRIBUNE OF THE PEOPLE AND THE WORLD LAW

26. The Federal Convention, after electing the Council, shall elect by secret ballot the Tribune of the People as a spokesman for the minorities, this office to be vested in the candidate obtaining the second largest vote among the eligible candidates; ineligible to the office of Tribune being any candidate having also been nominated by any Electoral College for the office of President in the current Convention, or having been a President or Acting President or Alternate or a member of the Grand Tribunal at any time in the nine years preceding said Convention, or originating from the same Region as the President simultaneously in office.

The Tribune of the People shall not have membership in the Council.

The tenure of the Tribune of the People shall be three years. He shall have power to appoint a Deputy, subject to the same ineligibilities as above, with tenure to expire not later than his own.

He shall not be re-eligible, nor shall he be eligible to the office of President or Alternate or Justice of the Grand Tribunal, until nine years have elapsed from the expiration of his present term.

The Tribune, or his appointed Deputy, shall have the privilege of the floor before the Grand Tribunal and, under such regulations as shall be established by law, before the Supreme Court; but no vote in either; and he shall not be present when a vote is taken.

27. It shall be the office and function of the Tribune of the People to defend the natural and civil rights of individuals and groups against violation or neglect by the World Government or any of its component units; to further and demand, as a World Attorney before the World Republic, the observance of the letter and spirit of this constitution; and to promote thereby, in the spirit of its Preamble and Declaration of Duties and Rights, the attainment of the goals set to the progress of mankind by the efforts of the ages.

28. No law shall be made or held valid in the World Republic or any of its component units:

- 1) inflicting or condoning discrimination

against race or nation or sex or caste or creed or doctrine; or

- 2) barring through preferential agreements or coalitions of vested interests the access on equal terms of any state or nation to the raw materials and the sources of energy of the earth; or

- 3) establishing or tolerating slavery, whether overt or covert, or forced labor, except as equitable expiation endured in state or federal controlled institutions and intended for social service and rehabilitation of convicted criminals; or

- 4) permitting, whether by direction or indication, arbitrary seizure or search, or unfair trial, or excessive penalty, or application of ex post fact laws; or

- 5) abridging in any manner whatsoever, except as a punishment inflicted by law for criminal transgression, the citizens exercise of such responsibilities and privileges of citizenship as are conferred on him by law; or

- 6) curtailing the freedom of communication and information, of speech, of the press and of expression by whatever means, of peaceful assembly, of travel;

paragraphs 5 and 6 to be subject to suspension according to circumstances, universally or locally, in time of emergency imperiling the maintenance and unity of the World Republic; such state of emergency, world-wide or local, to be proposed by the Chamber of Guardians and proclaimed concurrently by a two-thirds majority of the Council and a two-thirds majority of the Grand Tribunal for a period not in excess of six months, to be renewable on expiration with the same procedure for successive periods of six months or less but in no case beyond the date when the time of emergency is proclaimed closed, on the proposal of the Chamber of Guardians by simple majority votes of the Council and of the Grand Tribunal concurrently, or if the Guardians' proposal is deemed unduly delayed, by three-quarters majority votes of the Council and of the Grand Tribunal concurrently.

29. Capital punishment shall not be inflicted under federal law.

30. Old age pensions, unemployment relief, insurance against sickness or accident, just terms of leisure, and protection to maternity and infancy shall be provided according to the varying circumstances of times and places as the local law may direct.

Communities and states unable to provide adequate social security and relief shall be assisted by the Federal Treasury, whose grants or privileged loans shall be administered under federal supervision.

31. Every child from the age of six to the age of twelve shall be entitled to instruction and education at public expense, such primary six-year period to be obligatory and further education to be accessible to all without discrimination of age or sex or race or class or creed.

Communities and states unable to fulfill this obligation shall be assisted by the Federal Treasury with the same proviso as in Art. 30.

32. All property or business whose management and use have acquired the extension and character of a federal public service, or whereon restrictive trade practices have conferred the character and power of a transnational monopoly, shall become the property of the Federal Government upon payment of a just price as determined by law.

33. Every individual or group or community shall have the right of appeal against unjust application of a law, or against the law itself, gaining access through the inferior courts, local or federal, to the superior and the Grand Tribunal, and securing the counsel and support of the Tribune of the People when the Tribune so decides; and, if a law or statute is found evidently in conflict with the guarantees pledged in the foregoing articles or irreparably in contradiction with the basic principles and intents of the World Republic as stated in the Preamble to this Constitution and in its Declaration of Duties and Rights, the Grand Tribunal shall have power to recommend to the Supreme Court that such law or statute be declared, and the Supreme Court shall have power to declare it, null and void.

34. The Tribune of the People cannot be impeached except on the same grounds and with the same procedure as specified for the President in Art. 15.

If the Tribune of the People is impeached or resigns or dies, his substitute for the unfulfilled portion of his tenure shall be the candidate to the Tribunate who was next in line in the last Federal Convention, with the same provisions in regard to eligibility as in Art. 26, first paragraph.

THE CHAMBER OF GUARDIANS

35. The control and use of the armed forces of the Federal Republic of the World shall be assigned exclusively to a Chamber of Guardians under the chairmanship of the President, in his capacity of Protector of the Peace. The other Guardians shall be six Councilmen elected by the Council and the Grand Tribunal in Congress assembled, for terms of three years. [But the Grand Tribunal shall not participate in the first election.]

One former President shall also sit in the Chamber of Guardians, the sequence to be determined term for term, or, if he resigns or dies, for the fractional term, according to seniority in the presidential office; he shall have the privilege of the floor in the deliberations of the Chamber, but no vote in its decisions.

Officers holding professional or active rank in the armed forces of the Federal Republic, or in the domestic militia of any component unity thereof, shall not be eligible as Guardians.

36. The election of the six elective Guardians shall be by secret and proportional vote, with each Elector casting a ballot of six names or less; but no three Guardians of the seven, including the President and excluding the ex-President, shall originate from the same Region; and any presumptive electee whose election would contravene this norm shall be declared ineligible and replaced by the candidate fulfilling the norm and having obtained the next largest vote.

Regions which have not been represented among the seven Guardians referred to above for two successive three-year terms shall have mandatory precedences in the subsequent elections; but the Guardian or Guardians originating from a nation or Region where sedition against the World Republic is actual or, according to the majority of the Chamber, imminently expected shall cease from office and be replaced; unless the other Guardians decide unanimously otherwise.

No Guardian can be impeached or in any way suspended or removed from office for any other reason, except on such grounds and with such procedure as specified for the President and the Tribune of the People hereinbefore (Art. 15 and 34), and for the Guardians hereinafter (Art. 38).

If a Guardian resigns or dies or is in any way suspended or removed, his substitute for the unfulfilled portion of the term shall be chosen by partial election, with the same rules and provisos as in the first two paragraphs of this article, each elector casting a ballot of one or more names as the number of vacancies may be.

37. The Chancellor shall have access to the Chamber of Guardians as Deputy of the President whose vote he shall cast by proxy if the President so decides.

38. Appropriations for the budget of Peace and Defense, under control of the Chamber of Guardians, as proposed by the Chamber at the beginning of each term for the whole duration thereof, shall be submitted by the President to the Council, in conformity with Art. 13. But if a state of emergency is declared, in the manner and limits as specified hereinbefore (Art. 28, last paragraph), the Chamber shall have power to demand and appropriate such additional funds as the emergency demands, subject to auditing and sanction by the Council when the emergency is closed: whereafter, if sanction is denied, the Guardians responsible shall be liable to impeachment and prosecution for usurpation of power with the same procedure as specified for the President and the Tribune of the People hereinbefore (Art. 15 and 34).

39. The Chamber shall have power to propose by absolute majority, subject to approval

40. The Chamber of Guardians shall answer interrogations from the Council on its general and administrative directives, but no vote shall be taken after discussion thereof, except as otherwise provided in Art. 28 and 39; and the decisions of the Chamber in matters technical and strategic shall be final, and withheld from publicity when the Chamber so decides.

41. The Chamber of Guardians, assisted by a General Staff and an Institute of Technology whose members it shall appoint, shall determine the technological and the numerical levels that shall be set as limits to the domestic militias of the single communities and states or unions thereof.

Armed forces and the manufacture of armaments beyond the levels thus determined shall be reserved to the World Government.

A Scientific Look At Life

5/28/94 #1 HATONN

HAVE YOU FORGOTTEN?

I speak to you, and you and you.... I speak to you, Dharma, as a receiver of my mind in sharing. I harken you to look and see and to hear the very breath of life abounding about you. Then I ask you to REMEMBER for it will be in the REMEMBERING that you will find balance, harmony and KNOWING. Don't turn to another—turn to me, interrogate me and do not simply trust me on some foolish blinded faith—TRY me for I shall endure and then you shall KNOW!

How many things you children know not! There are wonders upon wonders within every dimension of expression and you only touch the infinite and when you cannot see for a moment you panic and abruptly change, charge hither and yon and, bluntly expressed, blow your own trip. Am "I" different from a moment ago? An hour ago? An eon ago....? No, but YOU ARE!

So, why the heavy heart and the somnolent hesitation in your "knowing", at least of mission? I confront YOU for it is within the very expression of YOU which will provide fuel for the lamps. Who are "YOU"? "YOU" are the expressions of yourself of higher MIND—an Overmind, if you will. In each scenario there are many players who must each and all come to comfort of recognition, one of the other—always AS the forces of the adversary come into play. You are fragile while awakening and remembering, for you are earthly TRAINED to doubt self, doubt God, doubt purpose and doubt the very JOURNEY.

Dear hearts, you are the children of the Phoenix, be it a bird, a plane or superman! You have traveled into the reaches beyond the reality of some physical bindings. Most of you will find only "tidbits" of that which you perceive as "past" and it will mean little to you emotionally for purpose will expand and encompass all which was, is and is yet to be—for you know there is "future" expression in sequence, for if there be soul, there MUST BE A "NEXT". What you fear is that you have been and are misguided and are somehow remiss if things to do attend the play as YOU perceive the lines to read and the action under direction. Remember that the adversarial critics of the performance are always efforting to cause you to FAIL in order to recapture the physical expression.

Will some magnificent flying machine come to whisk you away in the moment of despair? No—but it shall, in the moment of glory! Despair is that which is the "lack of faith in

knowing". Nothing more. You do not doubt or have lack of faith if ye are in knowing! You continue to look into the faces of the masses as they appear in the crowded plazas of the various places wherein men gather to witness or to object or to "demonstrate" for or against a thing. Most of the faces, my chelas, are empty—devoid of life. You are seeking LIFE wherein it has departed except for the functioning of bodies which are also only mechanical perceptions.

You, Dharma, refuse to look within those empty eyes—for beyond you see the reality of PROBABILITIES. Will man awaken in time? In time for WHAT? Is THIS not THE play? Were not the lines and actions, as well as the players, long ago written, acted and chosen? What are the "free-will" decisions and choices left to mankind? Only those which lead him to or from God, his DIRECTOR, his connection with Creation.

The physical perception is but like a "touch-down" of a plane at an airport—wherein you disembark, have lunch, look about a bit, and leave again to touch down in another moment, on another field in another "reality". Therefore you must make of EACH "reality" that which is expected from and by—self. I have told you before that there is neither good nor bad as you express it in the human judgments of another—or even of "self". There IS evil, both in intent and in action—for it is that "direction" of intent which pulls you into forgetfulness—away from the Truth of GOD. THERE IS ONLY MIND! THERE IS ONLY THOUGHT PROJECTED FROM MIND—AND THERE IS HIGHER, OR "OVER" MIND, AND THERE IS THE SUBCONSCIOUS ORCHESTRATING MIND AND THERE IS CONSCIOUS MIND—THE LATTER BEING THE MOST TOTALLY BLIND OF ALL EXPRESSION. THE CONSCIOUS MIND ONLY SEES AND ACTS UPON THAT WHICH IS APPLICABLE TO THE PERCEPTIONS OF THE RECEIVING SENSES.

You ones in my company effort to find balance with that which "trains" others—be it in a church-house, another man's perceptions and/or preconceived notions as presented by others to allow you to see and be what THEY are. YOU ARE NOT WHAT THEY ARE! You bear my own soul—and I shall not allow your loss within the morass of the jungle that Man has created from his imaginings. It is not a matter of giving-up, or even of surrendering unto MY WILL—for I am but your will—for WE have a mission, not simply "I". I care not what you were, for what you represented in the past—is but the training which ALLOWS for the NOW to be perfected. What each player WAS is but the actualization of the puzzle which allows the

perfection, again, of the now—and into that which is to come, to be danced awake into the merging of your DREAM with REALITY of BEINGNESS and KNOWINGNESS within the presence of that which Created you.

The expression nears wherein GOD reclaims His property from your experience. Did you think that to be just another TRIP for "man"? Let us think upon this for a moment: if you had left property in the form of technology or unfolding knowledge in the midst of a most primitive people—what would you do when you returned to pick up the property at a later moment? Would you not see what has been utilized, what has simply been destroyed and upon what basis would you leave it longer or simply remove it—or the students?

If YOU were the Creator of these beings, what would YOU do? Would you just promise them a cloud-ride? Suppose, through those conscious "senses", they had simply bred themselves devoid of living soul, that transitional energy of infinity? Let us say that you perceive hate, greed and total evil sweeping the lands and the inhabitants which once were purely perfection? Ah, but YOU do not destroy—you are God and can only CREATE. What then will you do? You will have given "man", your creation, freedom to choose his directions. And sorting is at hand—how will you choose? Will you snatch him away, like wine before its time, or will you allow him to play out his scene and see what are his choices in direction and learning?

Will or would you not cause creation of that resource to continue the line of creation which must survive through the time of transition according to manifestation?? Do you not give that which IS unto your children that they might find their way and make honorable and feasible PASSAGE? You, as stewards and guides, must reach out and OFFER, as do we of the Guardians and Overminds of higher expression. In other words, are you moving toward a world inhabited by brethren of other places and dimensions for the next experience—or, will man simply destroy himself?? Man can be destroyed; the essence of man cannot be touched! You must deal with that which, however, is recognized in the consciousness of man—even if not by even the majority of mankind.

I do not need to move to a theory of LIGHT, for instance—for LIGHT is all there is—but perceptions need expression. There are some four recognized forces which are fundamental: (1) *Strong*—the force that holds particles together in the nucleus and that, at a deeper level, holds quarks together in a particle. But never mind the facts at this writing, which are that ALL THINGS ARE HELD TOGETHER NOT BY "DRAWING WITHIN" BUT BY COMPRESSION [from without]. Each is "force" but one is in total opposition to the other. (2) *Electromagnetic*—the force that acts between charges and magnets. This holds true whether the force is between the most tiny fragment of perception or the largest recognized parts of, say, a whole universe. (3) *Weak*—this has to be considered if you have "Strong". This is the force responsible for some radioactive decay processes. One example is the beta decay of the neutron. The only real particulate force which does not decay—is the light particulate which we casually call photons—but that is a long and tedious lesson not pertinent to this discussion. And, of course, (4) that which you call *gravity*—the attractive force that one piece of "matter" exerts on another. This is present

whether that attraction is magnetic or like-density in expression of motion and matter.

Now, again, we must always refer to "expression" and "perception" for that is ALL YOU HAVE UPON WHICH TO FOCUS. So, although the four forces appear to be very different, they are regarded, even by your physicists, as simply different aspects of a single fundamental force. When forces (such as Electricity and Magnetism) are seen to be a single force, we say that the forces become unified, and theories that exhibit this fundamental unity are called "Unified Field theories". You can, on your place, already demonstrate that the weak and electromagnetic forces will become unified at energies now capable of projecting in your own laboratories. In other words, scribe, the differences between electromagnetic and weak forces disappear at a given point of unification and ultimately ALL FOUR RECOGNIZED "FORCES" WILL AND DO BECOME TOTALLY UNIFIED!

In your so-called scientific world of language and expressions there are theories and standard models which utilize such elaborate things and make calculations around such as quarks and leptons, etc. I don't want to go into this here because it will only complicate the thought patterns of the ones who are working from my instructions. The accepted Grand Unified Theory is about to fall apart, for instance, for it is built on the expectation of (and a prediction of decay of) the "proton". How can they test it? The speculation is that it will decay with a half-life many orders of magnitude longer than the lifetime of the universe—so what have you? And, how can you ever test such a theory? Why not work on the factual evidence of non-decay, which is the photon? I am continually amused as the tongue-in-cheek physicists attempt to produce a theory called the Theory of Everything (TOE). Well, it is closer than anything else you have offered as it rests on the fundamental "force" acting between particles. The world becomes, in other words and very simply, one kind of force and one kind of particle. Too simplistic? So be it!

CHAOS

We can refer to these above ramblings as efforting to have "order". So, let's look at disorder—or "chaos". If you perceive, rightfully so, a chaotic society—can we not bring order into our THOUGHTS regarding this chaos?

A chaotic system is one in which the final outcome depends very sensitively on the initial conditions. Example? White water in a stream is an excellent example of a chaotic system. If you start a chip of wood at one position, it will come out at a particular point on the other side of a rapids. If you start a second chip of wood at a position almost (but not quite) identical to that of the first, the second chip will—in general—come out of the rapids far from where the first one did. The final outcome (the end position of the chips) thus depends sensitively on the initial conditions (the place where they started their journey).

Now we move into "free-will" actions of, say, a society. The "general" outcome can be

calculated and somewhat predicted but the interesting rule of thumb regarding "chaos" is its lack of predictability. For all practical purposes, the behavior of chaotic systems cannot be predicted.

It is impossible to measure accurately the initial conditions of a [chaotic] system. The position of even the exemplified wood chip at the beginning of its journey can only be determined as accurately as that best-ruler-available can measure. Since the final position of the wood chip will be very different if the chip is moved by an amount smaller than even this small margin of error, it follows that there is no way to predict where a wood chip will wind up in the river.

Physicists and writers get around this by simply expressing this chaotic system as "unpredictable". By this it is not implied or even stated that the state of a system cannot be known

quite precisely, or that you cannot predict where it will be at some time in the future. These kinds of predictions are constantly made, now rather accurately through computer models. What is meant is that because it is never possible to make a PERFECT set of measurements to determine the initial state of a chaotic system, the further states can never be totally predictable. There are some systems which are so sensitive to change through the most minute change in factors as to be incapable of accuracy to a finite calculation.

Why? Because you have to consider "linear" vs. "nonlinear". Chaos is nonlinear. You are accustomed to calculating linear equations—the kind that describe familiar physics—one thing changes in direct proportion to another. For example, when you turn up the volume on your sound system, say stereo, twice as much turn gives you twice as much volume. In a nonlinear system this simple kind of relation does not hold. It's similar to what you get in your stereo system when you turn it up too loud and suddenly you get whines, whistles, distortion, and all kinds of strange things—even to the physical cracking of the box itself. For technical reasons, the solution of nonlinear equations is a very difficult business, largely impossible to achieve without computers, if at all. So the scientists come up with another input—called "Fractals". (You see, for any "unknown" it has to be accepted and recognized and then studied to make it a "known".)

FRACTALS

Fractals comprise another phenomenon that arises in nonlinear systems. The "fractal" is a contraction of "fractional dimension". How can it be described so that you can have an idea regarding that of which we speak? Let us example, this time, a garden hose which is coiled into a pile. From a far distance it has no dimensions—it just appears as a point. Closer it is seen as a solid object and therefore has the typical three dimensions. Finally, from "inside" the coil, the hose becomes simply a one dimensional expression since you can now specify from your vantage point any location on it by saying how far it is from the end. Thus, depending on the point of view, the

dimensionality of the hose goes from zero to three to one dimensions. Fractals are a way of dealing with what happens in between.

Fractals can arise in nonlinear systems. Let us give an example of such a fractal: Start with a triangle and then in the middle of each side of the triangle draw another triangle. Then keep doing this on every straight line—forever. It is obvious that if you look at any piece of this system at any level of magnification, you will see the **same things**—that is, a straight line with triangles on it. It is also obvious that there is a connection between the appearance of things at different scales of magnification. In fact, if you think about it, you'll realize that you could not tell, just looking at a line, what was the actual magnification.

Now that you are confused and in a state of individual "chaos" over the subject—what is my point? Simple—it is a PERCEPTION which MUST be attended—but it is not NEW and it is not the focus around which life physical or dimensional will revolve—it simply IS. And it, like all things in physical expression—is PERCEIVED. How a child will perceive a blossom is very different indeed from the way in which a gardener of prize blossoms will perceive the same flower! Is one more valid than the other? No, only perceived through more varied input and knowledge. The child's perception is undoubtedly the less complicated for it will be expressed without judgment! However, if the point is to have prize blossoms—there is more required than "no judgment" of the blossom in point. If it is lesser or more than another—why? If total chaos controls a society—the "why" must be considered before ORDER can become.

Now, however, comes the difficult perception—how can you REALLY discern what are orchestrated happenings and what are chaotic happenings? RESULTS! If man, for instance, develops a strain of virus altered to avoid all treatment—then casts it onto society—you can know the intention is very "ordered" toward intended destruction of masses of humanity. This is not "chaos"—this is simply a shrouding by [deceptive] use of your perception of "chaos" so you don't catch him meddling in the population control of your society.

UNDERGROUND BASES USED FOR MORE THAN MILITARY TOYS

Dear ones, please do not think that, in these massive underground research facilities, there is simply war material taking shape. You think of "war material" and "weapons" as warheads, bullets, phasers, etc. No, in most of these massive facilities there is incredible tampering with genes, DNA structures and thus and so. This is where the only-imagined death machines are birthed and tested.

Are there aliens there? What are "aliens"? If in England, a man from France is an "alien". If on Earth, a being from Orion is an alien. So, in every instance—there are aliens in both categories. Further, IF the Godhead or Overmind is back to take His property—would it not be reasonable that HE will have His own with Him, integrated—prepared? Creator needs no new planets, no new citizens, for if there is need of further advanced "perfection" HE HAS BUT TO CREATE IT—AND NOT FROM LESSER SPECIES. There may well be an effort on HIS part to improve or teach your own species—

"Unfortunately, the facts are that if you refuse to come into realization of what IS, there is no hope of CREATING that which MIGHT BE. You will forever, in this plane, be limited by that which you allow others to impress upon your perception."

but human man seems to have desires which will always move to the debasement through ego transition into the darker expression BEFORE HE REALIZES HIS WHOLE JOURNEY IS TO MOVE WITHIN THE LIGHT AND BEYOND THAT PHYSICAL RESTRAINT WHICH BINDS AND LIMITS EVERY FACET OF EXPRESSION.

So, Dharma might ask me how I come to know so much about this play? My sarcastic reply could well be: "Because I wrote it!" Either way, I know the players, the script and THE OUTCOME! Your choices are yours. But I can see further! Does Dharma KNOW? Yes, but like you, she doesn't realize she knows. And therein lies the problem—lack of accurate realization. I didn't say "reality"—I very carefully and selectively said "realization".

TRUTH IN REALIZATION

Unfortunately, the facts are that if you refuse to come into realization of what IS, there is no hope of CREATING that which MIGHT BE. You will forever, in this plane, be limited by that which you allow others to impress upon your perception.

If you cannot realize, at some point along this finite journey stopoff, what is the Energy Resource of self and universe—how can you possibly conceive the [many] dimensional expressions of energy called YOU?

WILHELM REICH

I am not a respecter of given individual discoverers, for they are but the 're-discoverers' of existence, bearing pieces of the puzzle of what is God and what is GOD's creative force. In every instance when all else fails—go to the source and the answers are there, simple and beautifully wondrous. If you have infinite beings in an infinite universe—you must have infinite source and resource. If you are made up of "energy", be it expressed as simply invisible energy flow or as "matter" expressed in that which is coalesced into that which physical perceptions can receive and define—it has to be a massively infinite resource, does it not?

Well, it does and IS. It is expressed by several labels from Orgone Energy to Scalar Waves, Cosmic Energy to Prana (life) Creative Force. I can call it whichever you like best but since it was, in your time frame, expressed nicely by Dr. Reich, as Orgone Energy, I can utilize that which is already familiar to some of you and speak about the Biophysics of the Orgone Energy. I can better outlay it in simple English from one who speaks simple English and save myself the time and bother and "your doubts" by offering you what is already available if you know where to search. This I will take from a nice little presentation of one, James DeMeo from *The Orgone Accumulator Handbook*.

[QUOTING:]

WHAT IS THE ORGONE ENERGY?

Orgone energy is cosmic life energy, the fundamental creative force long known to

people in touch with nature, and speculated about by natural scientists, but now physically objectified and demonstrated. The orgone was discovered by Dr. Wilhelm Reich, who identified many of its basic properties. For instance, the orgone energy charges up and radiates from all living and non-living substance. It also can readily penetrate all forms of matter, though with varying rates of speed. All materials affect the orgone energy, by attracting and absorbing it, or by repelling or reflecting it. The orgone can be seen, felt, measured and photographed. It is a real, physical energy, and not just some metaphorical, hypothetical force.

The orgone also exists in a free form in the atmosphere, and in the vacuum of space. It is excitable, compressible, and spontaneously pulsatile, capable of expanding and contracting. The orgone charge within a given environment, or within a given substance, will vary over time, usually in a cyclical manner. The orgone is most strongly attracted to living things, to water, and to itself. Orgone energy can lawfully stream or flow from one location to another in the atmosphere, but it generally maintains a west to east flow, moving with, but slightly faster than the rotation of the Earth. It is a ubiquitous medium, a cosmic ocean of dynamic, moving energy, which interconnects the whole physical universe; all living creatures, weather systems, and planets respond to its pulsations and movements.

The orgone is related to, but quite different from other forms of energy. It can, for instance, impart a magnetic charge to ferromagnetic conductors, but it is not magnetic itself. It can likewise impart an electrostatic charge to insulators, but neither is it fully electrostatic in nature. It reacts with great disturbance to the presence of radioactive materials, or to harsh electromagnetism, much in the manner of irritated protoplasm. It can be registered on specially adapted Geiger counters. The orgone also is the *medium* through which electromagnetic disturbances are transmitted, much in the manner of the older concept of *aether*, though it is not itself electromagnetic in nature.

Streamings of orgone energy within the Earth's atmosphere affect changes in air circulation patterns; atmospheric orgone functions underlie the buildup of storm potentials, and influence air temperature, pressure, and humidity. Cosmic orgone energy functions also appear to be at work in space, affecting gravitational and solar phenomena. Still the mass-free orgone energy is not any one of these physical-mechanical factors, or even the sum of them. The properties of the orgone energy derive more from life itself, much in the manner of the older concept of a *vital force*, or *élan vital*; unlike those older concepts, however, the orgone also has been found to exist in a mass-free form, in the atmosphere and in space. It is primary, primordial cosmic *life energy*, while all other forms of energy are secondary in nature. [H: So, you are going to have to quit assuming you can go to a petrol station and fill up, good friends.]

"If you cannot realize, at some point along this finite journey stopoff, what is the Energy Resource of self and universe—how can you possibly conceive the [many] dimensional expressions of energy called YOU?"

In the living world, orgone energy functions underlie major life processes; pulsation, streaming, and charge of the biological orgone determines the movements, actions, and behavior of protoplasm and tissues, as well as the strength of "bioelectrical" phenomena. Emotion is the ebb and flow, the charge and discharge of the orgone within the membrane of an organism, just as weather is the ebb and flow, the charge and discharge of the orgone in the atmosphere. Both organism and weather respond to the prevailing character and state of the life energy. Orgone energy functions appear across the whole of creation, in microbes, animals, stormclouds, hurricanes, and galaxies. Orgone energy not only charges and animates the natural world; we are immersed in a sea of it, much as a fish is immersed in water. More, it is the medium which communicates emotion and perception, through which we are connected to the cosmos, and made kin to all that is living.

[END OF QUOTING]

GAIANDRIANA LIFE OR DEATH OPTION

Taking this above into consideration—how are you going to transfer or transition this energy into your own being? Through that which is created directly from and energized by the same life force. We can offer you the same creative structure which converts these frequencies and energies in flow—but you must first integrate them within your own structure to "program" your own cellular individuality or "DNA" blueprint. This can be done in several ways but the first and most easily accessed is simply to intake such a substance, in our case a solution, already "grown" in the presence and enhancement of direct orgone presence along with that which is impacting in frequency from invisible light rays of universal origin. The cells are simply structures totally integratable with any individual cell—becoming one with it—but able to exist in perfection with high-frequency motion. **In physical experimentation [by the crooks in high places] there is a crossing, deliberately, of "sluff-over" particulate of DNA—which can move through the atmosphere and cannot be stopped by containers of many sorts and if there were perfect containers—you would not be able to function while utilizing them. So, what faces you as species? A protection system built-in which disallows take-over by influxing alien DNA structuring. This in turn, must come from individual cell capability of disallowing function of introduced DNA. Cancer is nothing but a normal mutation of cells through these mutated cells of alien DNA. The immune system of the host SHOULD be able to disallow take-over by these aliens.** But not so in a structured "scientific" society wherein the body is **MADE TO BE IMPERFECT AND AT JEOPARDY FOR TAKE-OVER.**

If bombarded by too many "alien" structures, the body cannot defend itself and will perish—or, if the structures are compatible with life—will produce a hybrid or compromised "new" product.

Well, if you are a good little person and take all your "stuff" will you be immune to any attack? No—and an overwhelming input will compromise and perhaps take-out a weak system. **However, if the proper vitamin-mineral-electrolyte balance can be attained—the immune system will ADJUST and con-**

front the attackers and CAN prevail. This does not mean that you won't ever be "sick" or needing "recovery". It does mean that while a population dies, you may be able to prevail.

I speak of these things in this message because you seem to expect GOD to do everything for you and if it is not accomplished free of charge and free of effort on your part—it is false and you pronounce judgment of failure upon other—while defending self. It is solely up to you whichever you choose and neither will all "make it" in physical form. However, I can promise you that anyone who attends this type of security care—will not have concern over life-form in higher energy flow as transitions occur between dimensions. This is not some kind of MEDICAL thing. We are not talking here about antibiotics of some kind—and we would not be allowed to share those with you if we were. **The intent of the Elite controllers is to kill off a bunch of you through one route or another, so get over the dream of "cure" coming from them or anyone else. THEY WILL NOT ALLOW THAT, MY FRIENDS.** Oh, you don't like it "that way"? I'm sorry, chelas, that is the way it IS! And, furthermore, until you choose it to be different and MAKE IT DIFFERENT—it will continue as is until they "getcha"!

PERCEPTION OF GOD, ALIENS AND MAN

I remind you who would take exception to my input. That is fine and you are welcome to your choices. However, you are children of the lie. You live in a perceived reality which is NOT. The Reality lies in the dimension of energy life. You cannot place a definition of MAN on GOD, for man cannot see beyond the end of his proverbial nose. You know not what IS GOD, nor will He, She, It—ever BE what you have been led to believe! That is one promise which will stand into infinity! Further, what God creates HE can uncreate as if it never was. The one beautiful portion of the "game", however, is that HE WILL ALWAYS ALLOW MAN TO PREVAIL IF AT ALL POSSIBLE BECAUSE THAT BECOMES THE PERFECTION OF HIS GRACE AND THE REASON FOR HIS CREATION.

REALITY OF NEEDS IN A PHYSICAL WORLD

Indeed there are "needs" in a physical world which go beyond "perception" because what is manifest must be attended by that same dimensional compression. Just as an automobile is built to run its engine on carbon-based fuel, so too will the machinery of the physical mechanical body require fuel to continue to function. Note that when the brain is actually dead and the astral mind severed from the housing—the body begins immediately to break down and decay. Life support through artificial means is good for a while—but the body is actually DEAD to its own environment while the mind is still quite capable of observing the phenomenon.

SENATORS ARE SPACE ALIENS??????

I wouldn't place much credence on [the Front Page of this past week's] Weekly World News to break such a story, especially between the finite differences of Space Aliens vs. Space Cadets! However, you are in store for far more strange things coming to your atten-

tion and this is only a prelude to get you into a mode of denial, ridicule and hilarity. Indeed, far stranger things are about to come into your attention than Sam Nunn being a space alien. Many are better qualified as "spaced-out" something or others, but the "aliens" of your intent would not wish to claim them. Jay Rockefeller is a different matter—and all of you had better start looking into the whole of the Rockefeller lineage. And you had better start relating the connections to this New World Order. You will have a very tiny window of opportunity to bring your own order and Constitutional function to your nation—or it will be THE PLANNED ONE WORLD ORDER AND CONTROL whether or not you like it.

Indeed there are aliens among you—everywhere among you. There are ones in very high places beyond such as Senators. These cute stories are to distract you, good people, from the facts which are ready to be exposed. However, please hold it in your hearts: No self-respecting "space alien" would be so silly—especially in such a time of chaos and crisis. Space aliens can afford the luxury, if advanced

to thought transition, of fun and games—YOU CANT! Several individuals are specifically named and I am amused indeed—didn't we send Glenn back to you? I thought he made a loop into space and we rejected him! We left him to your Savings and Loan business of the Elite money-grabbers. I also see that one, Gramm, says he comes from a place called Remulak—well, that one sounds like a regurgitated fish fungus of some kind. I really would, however, keep a sharp eye on ones such as Carl Sagan, Warren Christopher, and a few "old" buddies you thought gone forever! Not to infer that Sagan and Christopher ever have gone anywhere. Since there is no such thing as DEATH OF MIND—there is no way to be assured of "getting rid of anyone or anything!" So be it. May the force be with you, Nanu Nanu.

Have a bit of fun and joy along the way, participants—it is the only thing you have, your perceptions, and may they always be Lighted. Humor is a good place to begin to awaken, so that you aren't scared out of your ever-loving minds! Salu.

Illuminations Amidst Delusions

5/29/94 #1 HATONN

MESSAGES FROM GOD

*GOD SPEAKS TO US IN OUR JOY—BUT
SHOUTS TO US IN OUR PAIN!
DO YOU HEAR?!!*

ILLUSIONS AND DELUSIONS

You witness a beautiful sunrise with promise of a day of glory—IF YOU NEED NOT RAIN OR ULTRAVIOLET RAYS! Which, then, is your perception? Disappointment in another cloudless, rainless day of DNA transference to an already weakened body? OR, glory that you have more lessons to learn? Come on, chelas, get with this program—even if BOTH are illusion, it is your responsibility to act in appropriate response lest you walk through this play with no life at all. But, do you blame—or do you "thank" God? Why? Is the sunrise within or without your control? Is not ALL but a perception? If you are filled you are not hungry and food has little meaning if a feast be laid before you. But—if you are starving, just the smell of food will ignite a fire of want within.

Ones continue to shout at me, "...you are a narrow being..."! Ah, but as I speak with you—I am but a participant in a play well under way and actually nearing its change. If I say, "God places conditions..." then I am, again, a rotten and false god of some sort! When I write of Wicca and influences of evil, even though the "intent" is thought to be grand—I am pounced upon as if I be the devil in disguise. So be it.

If you wish to eat the chaff and leave the wheat it is your pleasure and your choice. I ask that all "rebuttals" be made available but I have been asked to take no more space in CONTACT for such. Since the paper is the focus of a separate team, I honor that, even though there be only one such note to offer.

OUR FRIEND, JOHN S.

John's brother, James, asks that John be allowed to remain in Sacramento in the new housing place in which he now resides until his own wife's recent surgery heals a bit. Then he will arrange for conservatorship so that John might be where he would ask to be.

When John arrived at his new place from the Alzheimer's center in Bakersfield he was found to bear an infection and was infested with vermin. He is doing well now even though no one is told where he is located nor are friends allowed to visit. He IS being cared for according to his brother and we thank Jim for continued updates. But what of John? Is it not sad to have a man still incarcerated and virtually held in isolation so that another might gain his property? He is hundreds of miles away from his home and his friends but still the parties involved demand it to be so. And how is YOUR life going? This is going to become the "norm", my friends, and I wonder who will come and get you out? Families are ripped asunder in this day—how does yours feel about you? Will YOU have a visitor once every couple of weeks while you are disallowed to participate in that which you have spent your life in preparation to attain? It

bears pondering for this is an example of how it will be.

GUNTHER RUSSBACHER

No report update as to status.

RONN JACKSON

We are told that ones have investigated Ronn Jackson and "He does not exist". So be it. I guess I don't know who all you people are writing to, getting responses from, and visiting. I suppose it is assumed it is "Just another of Hatonn's famous lies and disinformation!" Is Ronn Jackson everything unto everyone? No—he was certainly a most negative-impacting person on some he has met around the globe! However, he worked for some very important people who impact your lives EVERY DAY OF EXISTENCE and they KNOW ME AND THEY KNOW THE SCORE!

I wish to go on record here, however, that "I" never suggested anyone "tweak" Mr. Fort's neck. I believe that Dharma has thought about a Chiropractic adjustment in "tweaking" for Mr. Green, and even that was done in total fun and frustration. In the same tone of fun, I offered that, perhaps, Mr. Green should eat all that gold to which he claims gifting—and go for a bit of R&R at the old swimming hole.

So, what is wrong? NOTHING! Think, please: On Tuesday there is a closing of your Congressional sitting (setting, if you prefer). It is known that when Ronn Jackson goes into motion and the CONTACT continues to carry the ball—it is a BAD, BAD, BAD game ahead for the Congressmen and criminal politicians. Why is Rostenkowski playing games of delay and detain? UNTIL, OF COURSE, FOCUS IS ELSEWHERE AND CONGRESS IS IN SUMMER RECESS!! HOLD TO YOUR PATIENCE—A LOT OF POLITICAL LIVES ARE ON THE LINE HERE AND BARGAINING NEGOTIATIONS HAVE BEEN MORE LIKE "PUT IT WHERE THE SUN DON'T SHINE" THAN, "SURE, JOE, I'LL BE HAPPY TO SHUT UP". In addition, how many banks have you noted to be open and in operation through the Memorial Day weekend? Patience has nothing to do with it—these are the FACTS of living.

What do you people believe? Do you actually think that angels are going to come sprinkle stardust on your pillow and perfection will come sweeping over the world? Is THAT the way your world seems to be headed? Even the tooth-fairy, at best, through very human hands, leaves a dime, a quarter or whatever. How many elves and fairy feather dusters have come in their own true form and done your work for you? Perhaps a good neighbor or a loved one has hopped in and helped bail the boat—but no fairies, my good friends.

CHILDHOOD'S END

You are to the end of childhood, nappers. I suggest all of you make Arthur Clarke a bit more wealthy—and go get a small book called CHILDHOOD'S END [at your local book store]. It is written as fiction, just as we wrote Sipapu Odyssey. However, it is time you FACE the consequences of your actions on Earth, confront WHO might be the brethren—and What and Who might be "GOD" in this play!

There are major REASONS that we present in the manner in which we come. There are more important things in this world than your

opinions on any selective basis if you are considering the massive impact of what is going on—on the world.

There is a VERY POWERFUL "COMMITTEE" and it may well function right through your United Nations at some point along here. Actually, it already does so. It is more powerful than the Committee of 300 and, if nothing else—recognizes our participation, our mission and our purpose.

PEOPLE FROM ORION????

There are jests and fun over the possibility of space aliens being among you: there are well over 2,000,000 from Orion alone! They integrate with you and look like you. They are NOT lizards, nor serpents. Some are thin and some are chubs. There is an effort to secure, intact, the globe. It is no good to anyone, good or evil, blown to smithereens.

What is it you people WANT? More lies? More false teachings that tell you anything and everything is "OK" and it won't matter? It matters! Indeed there are "conditions"—why would God have otherwise given you rules by which to live and interact? Even the one that says, "Do unto others that which you would have them do unto you"? Is this not a SUPREME "commandment"? However, to call my people "robbers" and "thieves" is an interesting concept after a whole entity has been destroyed by one of its own! So be it for it shall be in the "eating" of the pudding as to whether or not the cook placed sugar or alum!

SHIFTING LOCATIONS

It is a time for some to readjust, relocate and redefine needs of the present. As this takes place there is great appreciation for friendships made and allowance for representatives at other ends of network chains. As the work becomes more focused in leadership through the national reclamation of your foundation laws in an attempt to regain your Constitution, we hope ones will consider becoming a hub or information focus. This can be done from any place wherein there is computer and phone service. These things can be spoken of later, and certainly it is a most human physical need and responsibility. Find your place wherein you are happy and feel most content—and THEN, only then, can you open to your calling. As the network grows in the human expression about your nation—so too will be the need for such management centers so that the flow is allowed to every corner. This has nothing to do with religion—THIS HAS TO DO WITH THE RESPONSIBILITY OF YOUR NATIONAL RECOVERY. One or two fax networks, for instance, may be sufficient—but the life-blood for these centers must come from the support centers. Do not be surprised at who may well be your ally in the international media snatch-up game! A rebel "with a cause" is sometimes not noted at onset of the rebellion. A Fox opening up the hen-house from the clutches of the wolves may be a most remarkable change in events—perhaps the wolf-pack is in a bit of trouble? Is a "fox" a good master for the hen-house? No, but one on your side is better than that which IS in the disguised wolf world.

There are a couple of things I ask to share with you from the "network". The first two come from the Center for Action, Citizens For A Constitutional Washington, John R. Prukop, Exec. Dir. 11910-C Meridian East, #142,

THE GREAT ELECTION FRAUD OF 1994

A great legal fraud has come to light which must be resolved in 1994 or the elections normally held to fill all public offices may have to be cancelled, nationwide, based on the statutes of fraud. Here are the facts to be considered:

On March 9, 1933, the U.S. Congress delegated to Franklin D. Roosevelt (FDR) the WAR POWERS—emergency rule by Executive Order—(which temporarily SUSPENDED THE U.S. CONSTITUTION AND THE BILL OF RIGHTS, hereinafter referred to, collectively, as CBR) in order to deal with the [orchestrated] monetary crisis then existing. Much of the bureaucracy with us today was created during the first one hundred days of the FDR Administration, when most official acts were, deliberately, unconstitutional—but nobody cared because of the so-called monetary crisis. This unconstitutional "bureaucracy" created in 1933 could only exist and operate WHILE EMERGENCY RULE REMAINED IN FORCE AND THE CBR REMAINED SUSPENDED! Keep this in mind.

However, it soon became apparent to those [crooks] in the seats of power that a permanent state of "emergency" was deemed necessary if the unconstitutional (fully socialist) bureaucracy, created in 1933, were to remain functional and given some form of accepted legality. To accomplish this without alerting the people, a practice was developed [National Emergencies Act., Sec. 202(d)] whereby the President transmits to the Congress (quietly) a notice to extend the "emergency" for another year. President Clinton did his part on May 25, 1993 when he "extended" the national emergency created by George Bush the year before [Executive Order #12808] using the crisis in Bosnia for the excuse. Clinton will have to repeat that "extension" again in 1994, using the same, or some other, contrived "emergency" to keep his fully socialist and unconstitutional bureaucracy alive and well for one more year.

But there is a far more sinister side to these yearly "extensions" which we need to examine here and now. When the President "extends" the Emergency, he also fully SUSPENDS AND NULLIFIES THE CBR WITH THE FULL COOPERATION AND KNOWLEDGE OF THE CONGRESS—BUT WITHOUT THE KNOWLEDGE OF THE PEOPLE. It is NOT a media event. These are deliberate and premeditated acts of TREASON and SEDITIOUS CONSPIRACY TO OVERTHROW the CBR by the Federal Government. It has resulted in 61-years of governing where the CBR has been "OFFICIALLY", BUT SECRETLY, SHELVED. Now we know how and WHY unconstitutional bills get legislated. (NAFTA, Brady Bill, etc.)

This "OFFICIAL" SUSPENSION OF THE CBR—see Title 12 USC Sec. 95(a) & (b)—the current law of today—needs to become the chief issue for anyone running for public office, except those who are Democrats or Republicans, as they are responsible for the above crimes. Candidates winning an election could never promise, or give their constituents any REPRESENTATION whatsoever and COULD NOT BE SWORN-IN, by law, to sup-

port and defend the CBR when IT HAS BEEN, AND STILL IS, "OFFICIALLY" SUSPENDED, BY STATUTE!

THE ENTIRE ELECTION PROCESS IN 1994, for reasons above, is only for fools and knaves for it is total FRAUD as long as "EMERGENCY RULE" REMAINS IN EFFECT.

You can become a prime mover TO END EMERGENCY RULE and restore the CBR to its rightful place in the affairs of Government. Get yourself informed on this issue (see below) and may God guide you and bless you in this pursuit!

NEWS RELEASE
MAY 26, 1994

CONSTITUTIONAL TREASON

(Puyallup, Washington) Just in case you missed it, on February 1, 1994, *CBS Radio News* announced that Senate Republican leader Bob Dole of Kansas had been "enlisted" to fight the so-called "WAR ON CRIME". The "sound bite" containing Senator Dole's own words stated he had become a "convert" and that he would now support a "thirty-million-dollar FEDERAL GUN BUY-BACK program", similar to ones that have been utilized with mixed success at the State and local levels. Dole admitted, however, that with 200-million guns on the streets, the program won't do much to stop crime. [H: Dear ones, don't you see what is more important HERE? A 'WAR' is the same as announcing an "emergency". By declaring the ongoing "war on crime" you have JUST EXTENDED THE STATE OF EMERGENCY!]

Under the disguise of "crime prevention" and "health care reform", a massive effort is under way to disarm America, being promoted under various pretenses at all levels of Government. Here, in Washington State alone, a total of 65 or more anti-gun measures had been impressed upon the Legislature, some under the heading of "youth violence reduction". This anti-gun feeding-frenzy threatens honest, law-abiding Citizens and their unalienable right to keep and bear arms for self defense. But why is it that those who are most in favor of "gun control" are the ones softest on the criminal? Why is it that collectivist methods are the only solutions they propose? The answer should put you into a state of fear.

Little is known about an obscure, yet dramatic, piece of legislation that was enacted into law by the Congress in 1961. At the

behest of then Senator Prescott Bush of Connecticut (yes, the father of George Bush) President John F. Kennedy signed into law **Public Law 87-297** on September 1, 1961. This law can be located in the United States Code, Title 22, and beginning at Section 2551. This law set the stage for the creation of the "United States Disarmament Agency" and set in place the political machinery to DESTROY our nation's sovereignty. Notice the word "disarmament" in the title of this agency. Every Congress and every President since 1961 has worked, methodically, and craftily, to implement various provisions of Public Law 87-297. It is all part and parcel of the march to merge America into the "New World Order". All public policy is a result of the "emergency" OF 1933. WHAT "EMERGENCY...you say? Read on.

With the foregoing in mind, are we now to believe that all of a sudden Senator Bob Dole has had a "change of heart" from his previously stated position, that he was now a "convert" and would support the WAR ON CRIME, and that he will now support the filibuster of the Schumer/Feinstein Amendment, the so-called "Assault Weapon Ban" contained in H.R. 42967 which let the first salvo of the Brady Bill pass with only THREE SENATORS ON THE FLOOR. In January, he urged the President—on national television—TO SUPPORT THE SENATE VERSION OF THE CRIME BILL containing the FEINSTEIN GUN BAN. This is the same Senator Bob Dole who also introduced a resolution SUPPORTING CLINTON'S POSITION ON THE CHICAGO GUN SWEEPS—WITHOUT WARRANTS—TO SEARCH FOR AND SEIZE GUNS.

And remember well: with the suspension of the *Constitution FOR The United States OF America* on March 6, 1933, and its continuation for the past 61 years by various Presidential Executive Orders, including those recent Executive Orders of President William J. Clinton, the American people are under the awesome power of a Constitutional Dictatorship, under the War Posers and the Trading with the Enemy Act of October 6, 1917. Since 1933, the American people have not had the often quoted and misheralded 2nd Amendment Right to "keep and bear arms". It is only through "license" by the "statutorily created right" that you presently have the ability of firearms ownership. One must understand the legal meanings of the words: "owner" and "transfer" as used in the law as it pertains to the Federal Firearms—under license—as a result of the Constitutional Treason and the Acts of President Franklin D. Roosevelt and the 73rd Congress of 1933.

The remedy? First things first. Because the American people are unaware of being unaware, they must first be made aware. Therefore, we strongly recommend: that Americans be made aware of the treason and seditious conspiracy, and the "emergency" we've all been under for the past 61-years, by obtaining the material presented in the prior writing. The materials are not copyrighted; therefore, once you obtain a master set, you may duplicate and distribute them at will. But remember: the messengers have paid dearly to bring you this research to put all of the pieces together, starting at a single focal point, from which all the rest of America's problems originate. Once the American people understand what the problem is, we can then begin to correct the misdeeds of the past 61 years of the "emergency". Once the American people understand the perfidy, greed and avarice that

have held them in bondage all these years, there will be no need to run in circles from one Patriot meeting to the next in search of that elusive and magic "silver bullet".

[END OF QUOTING]

Thank you. Please support these people, readers. They have no magic to attend them and if their voices are silenced—it will be YOUR loss, for they mostly have nothing more to lose!

ALERT—ALERT—ALERT!!!

This comes from three directions so we will run the next message. I will not make comment.

TO: Ken Vardon, APFN (5/25/94):

All kinds of rumors are flying tonight and I need to know if you have heard any of them. First it came in from Gary Hunt that all the large cities have put their police and rescue people on alert. Dallas & Houston are two definite. Also, the National Guard troops in Wyoming have been moved out to make room for a large number of Soviet troops (300,000) who are being flown into the country. We talked with a man in the Navy who said they are moving all the weapons from the Navy Reserves and shipping them to Virginia. The Army National Guard is doing the same. (THE FEDS CAN'T ORDER THE GUARD TO DO THAT.) SO IT MUST BE THE ARMY RESERVES.

Also, there is a comet which has entered the area around Jupiter and it looks like it may hit Jupiter and ignite it and to expect this between July 18-24. Also Cape Canaveral has been put on alert and the firemen in that area have been issued guns (or ordered to arm themselves). Engineers of NASA have been told to move north of Cape Canaveral.

Also, they plan on introducing the new money July 1 and it may be exchanged as high as 1:10 on our old bills.

Have you heard any of this? If so, please let us know.

HUGE Military Convoy Heading West!

Editor's note: The fax on this page arrived after we were pretty much done with this week's paper layout. Commander Hatonn has chosen NOT to comment on the matter at this time, but readers can certainly factor in the news on Page 15, as well as the matter starting on the Front Page, to begin to form an impression of worrisome, clandestine military activities going on within the borders of the United States. In recent weeks the CONTACT office has received a number of similar reports of troop movements from/to spots all around the country—but none can compare to the large scale of this report.

New Gaia Products

SPELT

Spelt is the most ancient and very best grain. *Spelta* is a grain of its own unique being. It is the best fiber resource, and has large amounts of B-17 (anti-carcinoma). It is the grain GOD gave to the planet as "manna" when humans were placed upon it.

Spelt was brought from the Middle East more than 9,000 years ago; it is a well tested product. It has since spread over the European Continent. Very recently, *Spelt* has enjoyed renewed popularity in Europe as a result of translations of mystical writings of the 12th century healer, St. Hildegard of Bingen, who praised *Spelt* as the grain best tolerated by the body. The *Old Testament* mentions *Spelt* in *Exodus 9:31, 32* and *Ezekiel 4:9*.

Today it is used in the West in much the same way as wheat; one main distinction is that the people with allergies to wheat frequently do not react to *Spelt*. Although *Spelt* contains gluten, those with gluten sensitivity, even celiacs, can usually tolerate it. In addition, *Spelt* is appreciated as much for its hearty nut-like flavor as for its healing qualities.

The grain berry grows an exceptionally thick husk that protects it from pollutants and insects. It is stored with its husk intact, so it remains fresher. Thus, unlike other grains, it is not normally treated with pesticides or other chemicals. The strong, protective husk may also be a metaphorical signature of this grain's capacity to strengthen immunity. *Spelt* contains special carbohydrates (Mucopolysaccharides) which are an important factor in blood clotting and stimulating the body's immune system.

Spelt is richly endowed with nutrients. In general, it is higher in protein, fat and fiber than most varieties of wheat. An important feature is its highly water-soluble fiber, which dissolves easily and allows for efficient nutrient assimilation by the body. *Spelt* also contains essential amino acids, which combine with the protein in *Spelt* constitute a source for human plasma. To use *Spelt* in baked goods, cereals and other dishes calling for wheat or other grains, substitute it one for one. You will likely always have to add gluten (from wheat) to give satisfactory yeast products.

At a major clinic in Konstanz, Germany, *Spelt* has been used as an adjunct in the treatment of many disorders, especially chronic digestive problems of all kinds, chronic infections (herpes, AIDS), nerve and bone disorders (Parkinson's disease, Alzheimer's disease, arthritis), cancer and antibiotic side effects.

GAIANDRIANA

Gaiandriana is a non-alcoholic health tonic which provides basic "foods" to help cells, weakened by the stresses of modern life, to return to a state of health.

The better our cells function, the greater is the stamina returned to our internal defense systems, and the better we can counter the constant onslaught of biological and viral invaders. The end result is a feeling of well-being by, of course, being well.

The Gaiandriana (commonly referred to as "chondriana" in the Biological literature) are capable of intelligent, organized attack against

cellular invaders like viruses. Think of it as a "pac-man" operation of sorts. However, beyond that, the Gaiandriana are capable of stimulating cellular structural repairs due to damage caused by, for instance, free radicals and cumulative levels of so-called "background" radiation in our modern environment. Healthy DNA and RNA within the nuclei of our cells then lead to properly formed and concentrated enzymes, upon which healthy cellular function depends.

Gaiandriana liquid is made entirely from wholesome natural ingredients.

AQUAGAIA

Complementary to the Gaiandriana product, AquaGaia is also a non-alcoholic health tonic which provides basic "foods" to help cells, weakened by the stresses of modern life, to return to a state of healthy function.

AquaGaia contains *mitochondria*. These are the major biochemical energy "processors" within cellular metabolism. First, enzymes begin the breakdown process of organic nutrients (like fats, carbohydrates and proteins) to intermediate substances such as amino and pyruvic acids. Then, in the next "bucket brigade" step, these various acid molecules are processed within the mitochondria to release chemical energy recognized as adenosine triphosphate (ATP).

About 95% of the energy needed to "run the machinery" that keeps each cell going and healthy is produced in the mitochondria. Unfortunately, the mitochondria are particularly damaged by free radicals and cumulative levels of so-called "background" radiation in our modern environment. These compromised mitochondria, like half-dead batteries, then lead to impaired cellular functioning and health. Thus is the importance of AquaGaia, with its assimilable supply of healthy mitochondria — like "fresh batteries" for the body's cells.

The better our cells function, the greater is the stamina returned to our internal defense systems, and the better we can counter the constant onslaught of biological and viral invaders.

2/11/93 #2 HATONN

GAIANDRIANA & AQUAGAIA

To help in understanding the workings of these organic "pac-men" you must realize that there is a protein covering "cap" on viruses. The protein cap is centered on a charged zinc atom and is the part of the virus that recognizes and binds to DNA—in turn allowing the virus to reproduce.

AquaGaia, in conjunction with the Gaiandriana, knock out the zinc atom (a simple "charge" change), which renders the protein ineffective. This is a breakdown of "parts" of the Gaiandriana male-female DNA structure which releases many working variants but frees the Gaiandriettes or "killers" to take out that zinc atom and pass right into the affected cell. Without the "cap", the virus cannot reproduce and infect more cells—fur-

ther, the damaged virus feeds the Gaiandriana unified cells and the circulating mitochondria.

Healthy cells are not affected because they lack the zinc-centered protein cap on the virus.

These "Gaia" compounds have an effect on cancer cells because they stop an enzyme on the cancer cells from producing a "messenger" molecule that blocks a second enzyme from attacking the cancer cell's DNA. The compounds (Gaia) have been seen to actually take out leukemia, breast, brain and colon cancer cells. We have no claim to anything other than stating that people utilizing these simple and natural substances do show improved well-being and do report feeling generally and, often remarkably, improved as to state of health, thought processes and stamina.

The obvious conclusion is that there might well be good reports of better health and faster recovery, following infection by other viruses, than those mentioned above. All viruses known react in generally the same manner.

It is known that many diseases are due to retroviral DNA and these are the most affected viruses by the Gaia-chondrianas (living crystal forms). We, again, make no medical claims—we are simply reporting in an effort to explain WHAT takes place within the cellular structures of living organisms.

NOTE

If any product you receive has an unpleasant odor — it is from the finishing culture process. Leave the bottle open to air and it will quickly dissipate. Then, depending on taste and preference—**refrigerate after opening and reclosing.**

IMPORTANT: Do not mix the two, Gaiandriana and AquaGaia, together for storage as the AquaGaia (mitochondria) are aggressive and begin to "eat" the Gaiandriana for fuel. Once ingested, they go about their appointed tasks, but in bottle prisons they are not particularly compatible once the available fuel supply is exhausted. Juices are excellent to take with the AquaGaia because the mitochondria must have the fuel derived from same, the most effective juice being from the tropical "Guava" fruit. Any juice is fine, however, and is most pleasant to intake. Diabetics should utilize whatever juices are available on their food plan to keep within the safe guidelines for calories and other requirements.

The most innocuous and easy intake available is simply a few drops under the tongue, both products taken at the same time or at different times of the day. Once the "initial" program is completed, and the maintenance level of intake is being followed, certainly the drops under the tongue are the least annoying to any daily regimen.

GaiaLyte

GaiaLyte is brought forth from Kargasc¹-Tea. This 'S the basic component of MO-GU tea as we have used the tea by that name. The

GaiaLyte is a fully integrated electrolytic liquid. The "drink" is a "concentrate" (3 to 1 minimum—as much to one as you like maximum). It contains EVERYTHING supplemental to Gaiandriana—INCLUDING A GROWING-PROGRAMMING BASE OF GAIANDRIANA AND BASIC DRIANAS. It also contains enough Carbragaia to equal a full schedule of what is being used in Mexico—(shark-fin cartilage). If you are using MO-GU—keep on—it can only enhance your full-rounded intake—but it WILL NOT be the same. However, the "new" drink will supply all you need without it. This is NOT A MEDICAL PROGRAM OF ANY KIND. We are not physicians as in Medical Doctor; we are not anything—except hopefully, sharers of information.

The GaiaLyte has a full spectrum of vitamins, minerals, Ginkgo, Echinacea, Chlorella, Oxygenators, Aloe Vera—everything necessary to "program" the cells in the tea membrane AND the Gaiandriana included. This does not replace the Gaiandriana used otherwise. This is a PERFECT medium to enhance the ability of the Gaiandriana you already take to enhance itself—reinforcement fuel, if you will.

You can dilute the concentrate with water AND/or anything you like. May we recommend apple juice and/or Cranberry. The apple juice is to flush out the gallbladder and the cranberry juice flushes out the bladder (urine). You may use as much as you like of either OR both and we would hope you would do so on a continuing basis because of the value of these two products and their focus of use.

We believe you will find it a very tasty beverage but we ask that no matter how "good", just keep to the "program" amounts or you may find yourself a bit "woozy" immediately after intake. This is due more to the Aloe Vera present than the tea itself—but as you know, even the MO-GU tea can make you quite light-headed. There is no alcohol in the beverage although you may very well think so as the body rushes to uptake the fuel supply. This is not a medical-chemical concoction so you could take the entire bottle without damage or hazard—but you might well not feel so great for a bit afterward and it is totally UNNECESSARY for any expected positive response.

This is not like taking an antibiotic with flu or sore-throat. This is a well-body systemic enhancement. It sometimes, as with other persons' elixir—takes weeks or months to feel any difference. ONCE balanced, however, you will note that at onset of infection, cold, etc., if you take around

six ounces of Gaiandriana and double up on the GaiaLyte—you will probably note positive response in about an hour. Remember—you are activating the enhanced immune system and it takes a while to accomplish this task.

ALOE JUICE (Whole Leaf, Cold Pressed Aloe Vera Concentrate)

Aloe Vera has a long and impressive history that spans hundreds of centuries, countries and cultures, and appears in countless "folk remedies" as a plant revered for its healing qualities.

Aloe Juice is a whole-leaf concentrate prepared from the freshly harvested leaves of the *Barbadensis Miller Aloe Vera* plant. Aloe Juice guarantees a minimum of 10,000 mg. of mucopolysaccharides per liter.

The nutrients reported in Aloe Vera include mucopolysaccharides and polysaccharides (glucomannans), glycoproteins, glucose, mannose, galactose, xylose, arabinose, tannins, steroids, organic acids, antibiotic principles, glucuronic acids, enzymes (oxidase, catalase and amylase), trace sugars, calcium oxalate, a protein containing 18 amino acids, "wound healing" hormones, biogenic stimulants, saponins, vitamins B1, B2, niacin, B6, choline, folic acid, chloride, sulfate, iron, calcium, copper, sodium, potassium, silicon, manganese, plus many other metabolism-assisting components.

CHLORELLA

Chlorella is a nutritionally balanced whole food and contributes to the health and growth of human cells like no single vitamin or mineral possibly can.

Chlorella is extremely high in protein (60%) and contains more than 20 vitamins and minerals, 19 of the 22 essential and non-essential amino acids, enzymes and chlorella growth factor. It is one of the richest sources of RNA and DNA known and has twenty times as much chlorophyll as alfalfa, 10 times more than other edible algae including spirulina, and 10 times more than barley grass.

Chlorella is a natural vitality enhancer. The vitamins found in chlorella cells include: vitamin C, provitamin A, B-carotene, chlorophyll-A, chlorophyll-B, thiamine (B1), riboflavin (B2), pyridoxine (B6), niacin (B3), pantothenic acid, folic acid, vitamin B-12, biotin, choline, vitamin K, PABA, lipoic acid, inositol and para-aminobenzoic acid. The minerals include: phosphorus, potassium, iodine, magnesium, sulphur, iron, calcium, manganese, copper, zinc and cobalt.

The amino acids include: lysine, histidine, argi-

nine, aspartic acid, threonine, serine, glutamic acid, proline, glycine, alanine, cystine, valine, methionine, isoleucine, leucine, tyrosine, phenylalanine, ornithine, tryptophan.

The suggested daily consumption is 3 grams per day.

ECHINACEA GOLD PLUS (with American Ginseng)

In recent years few medicinal plants have garnered as much attention as Echinacea (*Echinacea Purpurea* and *Echinacea Angustifolia*).

Echinacea is a non-specific stimulant to the immune system. Claims for Echinacea include: stimulation of leukocytes, mild antibiotic activity, anti-inflammatory activity, stimulation of the adrenal cortex, stimulation of the properdin-complement system, interferon-like activity, stimulation of general cellular immunity, and antiviral activity. Internal preparations are said to assist in alleviating cold and flu symptoms, respiratory infections, and arthritis, to name a few.

Goldenseal (*Hydrastis Canadensis*) is among the most popular herbs in the American health food market. Uses are numerous, including but not limited to: antiseptic, hemostatic, diuretic, laxative, and tonic/anti-inflammatory for the mucous membranes, hemorrhoids, nasal congestion, mouth and gum sores and eye afflictions.

Few medicinal plants in the world possess Ginseng's near-legendary status. Dating back thousands of years, its history of use in the Orient records therapeutic properties so wide ranging that it was first dismissed by Western doctors as a "panacea". When fatigued, Ginseng reportedly restores both physical and mental functions to peak efficiency and, with regular use, improves resistance to disease and stress. American Ginseng's genus name is *Panax Quinquefolius*.

Over 40,000 species of mushrooms exist, many of which are used as medicines. Of particular note are such remedies as penicillin- and ergot-based extracts used in migraine treatment, to name a few. Extensive research has been done with one mushroom in particular, namely, Reishi. This mushroom is now considered a tried and true immune system fortifier.

This is a service for our dedicated readers. *Today's Watch* telephone hotline carries the latest news and comments from Commander Hatonn's most recent writings. This is our way of keeping you informed about fast-breaking news and events.

The message machine will answer after 2 rings if there are any new messages for that day, and after 4 rings if not. Thus *daily* callers can hang up after 2 rings and save toll charges if no new message has been recorded. The message update(s), if any, occur by 6 PM Pacific Time.
