The Sky Is Falling And It's *Not* Good Watch Those Lethal Contrails Overhead

Editor's note: The following is the second part of this amazing subject, promised in conjunction with last week's Front Page story.

2/19/99 RAY BILGER

Most adults in America today have had occasion to look up into the sky at one time or another and see a high-flying jet with a white contrail streaming behind it. Those are condensation trails ("con-trails")

made mostly from hot jet engine exhaust vapor that rapidly condenses in the cold environment of the upper atmosphere. Those contrails then very quickly dissipate and disappear into the blue sky. At least that's the way it used to be.

The Jan. 26, 1999 issue of *CONTACT* ran an article in the News Desk, on page 5, about today's contrails but the implications of this important subject continue to unfold, and the Feb. 16, 1999 issue of *CONTACT* had a Front Page story (Please see **The Sky Is Falling And It's Not Good**, p.12)

The Whole Story About Global Alliance Investment Association

Author's note: The reception of our first article, titled "A History Lesson About Value-Based National Banking", in last week's CONTACT, has prompted us to send at least one more. It is a compilation of several smaller ones, combined to reduce the redundancy of an introduction in each one. The headings are reproduced so that you see this documentation much as the corporate, banking, and government people here and in Malaysia (and in the many embassies in both countries) see it.

WHAT IS GLOBAL ALLIANCE?

As the name suggests, it is an alliance, currently in formation, of individuals, organizations, corporations, and nations, the intent of which is to establish a non-usury solidly-based banking system, impervious to manipulation by forces external to any nation, as an alternative to the current paper/credit system being used to exploit and control the wealth of all nations. Additionally, it is being formed to create a "liquid" flow of capital into nations and communities that allows for the PEOPLE, at a grass roots level, to better themselves through employment in building housing, agricultural and infrastructure projects, medical and educational facilities, and in industries of all kinds—to improve the quality of life and to share God's abundance with all of His people, not just the greedy and avaricious who now control the wealth and who would wrest from the poor any new wealth created.

A corporation has been formed, headquartered in Las Vegas, Nevada, USA, with representatives in Canada, Greece, South Africa, the Philippines, Malaysia, and several States in the U.S.

WHAT IS THE GLOBAL ALLIANCE OFFER?

To enter into a Joint Venture (JV) with a Joint Venture Partner (JVP) wherein GLOBAL (GAIA) furnishes the Collateral which can be used by the JV to fund the purchase of gold to be utilized as additional collateral against which lines-of-credit can be arranged. **THIS POINT MUST NOT BE MISSED! THE GAIA COLLATERAL PROVIDES ADDITIONAL EMPOWERMENT TO A CENTRAL BANK TO CREATE "NEW MONEY" FOR THE PURCHASE OF GOLD FOR ITS OWN**

RESERVES. THE GAIA COLLATERAL IS TO BE USED TO PURCHASE GOLD AND ONLY TO PURCHASE GOLD. The gold will be divided 50/50 with GAIA and can then be used as collateral to fund the projects of both. **SO, FOR PROJECT FUNDING THE GOLD IS THE COLLATERAL, not the Gaia Collateral.** The effect to the JVP is that it has enough collateral to fund its project (even if the project itself has or produces little or no collateral), in exchange for the effort of providing only the banking contacts needed. Gold is currently low in price and can be expected to rise in price as a result of the significant amount of buying expected. The rise in price is quite likely to be sufficient to pay off the project loans. The price of gold is currently (November 1998) around US\$300 per ounce; in 1980 it reached \$850. If there were no increase in the price of gold, when the project is finished and can support itself the gold can be sold to pay off the line-of-credit and the Collateral retained by the funding bank. Should this program spread widely and gold raises in price corresponding with the additional demand, the profit can be retained by the JVP or, as in the case of Islamic-type (non-usury) banking, shared with the bank in lieu of paying interest on the line-of-credit. The quality of the Collateral exceeds that of U.S. Treasury debt and might be re-used for additional projects. For emphasis and additional clarity let us express the GAIA OFFER as a formula:

DEED (GAIA Collateral) —> issued to JV —> CENTRAL BANK —> issues its own new funds to buy GOLD —> uses GOLD as Collateral for two equal LINES-OF-CREDIT —> PROJECT FUNDS (for both JVP and GAIA), when PROJECT finished —> GOLD is (or can be) SOLD —> LINE-OF-CREDIT paid off —> remainder, (if any) is PROFIT (which could be shared with bank).

WHY A JOINT VENTURE?

A joint venture is required because GAIA has not been successful in accomplishing such funding alone and, without the use of the Collateral neither the JVP nor the funding bank would move to accomplish their funding, nor would they participate in the benefit of the claim to ultimately be made against the U.S. Treasury and the Federal Reserve (U.S.T./F.E.D.). (At some as yet unknown time, the JVP and/or funding bank, in concert with GAIA and other claimants (including we-the-people of the U.S.), can make a claim against the U.S.T./F.E.D., and

thus the owners of the FED, the international banking Cartel who also own and/or control the Bank of International Settlements, the World Bank and the IMF. The Cartel banks have assets reportedly in excess of one hundred trillion dollars.)

An important note: Although the FED acts as the Central Bank for the U.S., it is a private corporation established in 1913 pursuant to the Federal Reserve Act and is owned by the wealthy European families referred to herein as the Cartel. These same families control the United Nations and international press, as well as virtually all of the finance, industry, commerce, and politics in the so-called "industrialized world" through interlocking boards of directors and a series of organizations, a few of which are the Council on Foreign Relations, the Tri-Lateral Commission and the Bilderberg Society. These same families are the guarantors of the GAIA Collateral.

WHAT IS THE GAIA COLLATERAL?

The Collateral is the interest accrued to the 1875 Peruvian bearer bond Bonus #3392-181 as valued by the FED at the direction of Alan Greenspan and accepted by U.S. Treasury Secretary Lloyd Bentsen for then-President George Herbert Walker Bush in 1989. It is a valid debt of the FED and the owners of the FED because the FED accepted all prior debt of the U.S. as a condition of the Federal Reserve Act of 1913 authorizing the FED to act as the central bank of the U.S. It is a debt of the U.S. Treasury because the U.S. Congress and President Theodore Roosevelt assumed the debt of Peru in 1906 to avoid war with several European nations pursuant to the Monroe Doctrine (a mutual defense pact between all nations of the Western Hemisphere).

These are well-established facts, facts which can be verified in many ways, facts that cannot be refuted. George Bush called it his "Superfund" and used it on several occasions. But George Bush was not the owner of the Bonus 3392 bond; it was owned by Russell Herman, his long-time friend from the time of his directorship of the CIA. Mr. Herman had it reconformed and reissued as a Contract/Jurat of identifiable ownership by the Peruvian consulate in Los Angeles (Order No. 7309, Document No. 046) to Cosmos Seafood Energy Marketing, Inc. As CEO of Cosmos Seafood Energy Marketing, Inc. Mr. Herman assigned the Contract/Jurat to Mr.

Rick Martin who subsequently assigned it to GLOBAL ALLIANCE INVESTMENT ASSOCIATION. This chain of title has been recorded in the States of Illinois and Nevada through every legal means available and there is no way to refute it. It is clear that as long as a claim is not entered against the U.S. Treasury the use of the debt as collateral will not suffer interference.

We have spent some four years and a lot of money in what we perceived to be the need to prove its authenticity. Every attorney we have consulted has reached the same conclusion: As a matter of law there is no legitimate question as to its authenticity. It is merely a contest between those who control the world of finance and a small team efforting to make a legitimate claim against them. They have the bigger gun right now. In the process, however, we consulted an attorney, a reputed expert in foreign bonds in Texas, who, after some study, said (I will paraphrase), "This is like a major artwork. You cannot prove that it is an original; you can only prove that it is not a forgery. In art, when you meet with a genuine, legitimate, qualified buyer (in this case, user) it is up to the buyer to examine the article and when he and any experts he might employ are satisfied that it is not a forgery, the assumption must be made that it is legitimate and takes the appraised value." That is where we are now, and that is what makes us so confident that all that is left to do is to USE it so that it may establish its own worth.

WHY NOT CLAIM AGAINST THE U.S. TREASURY?

We did. We soon learned that the Secretary of Treasury, Robert Rubin, is an employee of (paid by) the IMF. To honor the GAIA claim would be instant disaster (for them) so they delay, stall and stonewall. They have agreed, however, that we can use it as collateral, off shore, as long as no claim is made to the U.S. Treasury. How about suing them in Federal Court? We then learned that the U.S. Attorney General, Janet Reno, whose approval is required to sue a Federal Agency, is also an employee of the IMF. However, when there are enough claimants of national stature the U.S.T./F.E.D. can be sued successfully in the World Court. Until then we intend to leave them alone and to use it as they have suggested, as collateral for loans made off shore.

The Memorandum of Agreement (establishing the JVP) contains a paragraph (#4) stating that no effort to make a claim on, or verify, or otherwise authenticate the Collateral will be made without the express written permission of GAIA. This requirement has several objectives: the primary one being to coordinate the claims when it is appropriate to make them so that they are all prosecuted simultaneously; next, it is a foregone conclusion that such a request (for validation) cannot receive a positive response, and finally, we have agreed to discourage such contacts to the Treasury to save the time of Treasury, ourselves, and our joint venture partners and their funders. Further, the debt is all structured in one entity so that to honor any part of it is to honor all of it, which would destroy the present banking system before its alternative is available.

Several attempts have been made by the U.S.T., representatives of the Bush family, and

the FED to buy all of the Collateral from GAIA, the most recent in Manila by two Americans claiming to represent the FED and offering "membership" in the "London high-yield trading club" whereby the profit would be "unlimited". Compared to that, Bush and Twigs are cheapskates (their best offer was \$5 million and an island in the Bahamas).

THE MONEY CIRCLE—NEW WAY OF COLONIZATION

In the U.S. the news is so well controlled by the Cartel that there is hardly enough information available to allow one to understand what is happening, especially outside the U.S. Having exhausted the possibilities of making a successful claim in the U.S., and having a contact in the Philippines, in August of 1998 we (the Board of Directors of GAIA) flew to Manila. As soon as we were exposed to the real news our suspicion that the IMF was being used as a re-colonization tool was confirmed. It is also the mechanism through which the Cartel transfers all of the interest paid by the nations, people, corporations, and small banks, to its Big Banks.

This concept is so important that some time must be given to understanding how it operates.

Over a long time the Big Banks have succeeded in establishing the idea that they get to make the rules regarding banking. They have been so successful in subverting governments (via "democracy") that there is hardly a government left in the world that does not submit to them.

As an aside, to explain how governments are controlled: it is easiest and least expensive to manage a democracy, which explains the constant drive to convert all nations to democracies. Democracies require campaigning for votes which takes money. The Cartel owns the Press and Media and most of the relevant Public Relations firms. The Cartel, through one mechanism or another (usually through PR firms) provides advice and financial support to all candidates, no matter to which "side" or "party" the candidate belongs, which leaves all elected officials and legislators beholden to them. During a campaign as much money as possible is raised from the people and corporations, which is supplemented by representatives of the Cartel when useful. All of this money is spent on advertising, etc., which ultimately is paid to the press and media, which they own. The Cartel thus makes a lot of money from every election (no matter who wins) while making all of the candidates feel obligated to certain representatives (not recognized as such, of course) of the Cartel. Assassination, blackmail, and the murder (or threatened murder) of family members are also employed when necessary to keep government officials in line.

But the having of such political control is not enough to satisfy the peculiar ego-needs of the Cartel owners. They cannot ever be satisfied; they must flaunt it to truly enjoy it.

The objective of the Cartel (already owners of most manufacturing, commerce, media, and money, in the world) is the complete subjugation of the world by the year 2000. In fact, it is called Plan 2000. The so-called "millennium bug, Y2K", is one of their devices to trigger chaos after which they can gallop forth and "rescue" the world, which by then will be very grateful to be rescued.

Keeping in mind their Plan 2000, we can better see what they are doing. First they created and tested "derivatives" to see if they could get away with the enormous leverage required to despoil whole currencies. Then they invented and used their so-called "high yield" "trading/roll-over programs" to justify their huge increase in "assets" without admitting that it was all simply increasing the money supply. Next (actually, it was all a process rather than a sequence) they promulgated the "globalization" concept to remove currency controls and position everything for the kill. By this time their hedge funds and currency traders were in place so that, in concert, they could quickly drive down the value of currencies, in whole regions, not just one nation at a time. This currency trading is hugely profitable, allowing them to suck billions out of each system. At the same time they could short-sale the stock markets, thus making more billions while devaluing stocks to bargain-basement prices. (*Who knows how much profit they made during the period while those same stocks were being puffed up to inordinately high values.*) All of this money is now poised to be used to purchase stocks, businesses and properties at fire-sale prices. **They have successfully stolen from each nation far more than enough money to buy everything of value in the nation, with a profit left over.**

But that is not all. Some of these nations may still have some value left, especially in oil, minerals, or other raw materials. Most smaller nations have sought loans from the Big Banks, which they cannot now repay with their economies in disarray. IMF "to the rescue"! IMF loans (granted in return for a continuing license to steal from the nation—open currency, transparency, privatization, 100% alien ownership, etc.) are offered, sometimes, as in the case of Brazil, before the nation knows it will need such "help". In the Philippines we were told by one distraught Secretary, "If I accept \$1B of the IMF loan nearly all of it will go to pay the money-center banks. I will be left with only a few pesos for projects and the public will not know or believe where the money went. I will be accused of stealing or wasting it. If I do it I may be jailed; if I do not I may be fired. It is a hard place to be."

So the IMF is used to complete the circle; the debt is transferred to the IMF and the Big Banks get their interest. And so our point is made: ALL interest money will ultimately end up back in the coffers of the Big Banks. It seems quite clear that the Cartel has invented a way of periodically squeezing the juice from its former colonies without taking any responsibility for their welfare between squeezings.

THE MONEY MYTH: ONLY "THEY" CAN INTRODUCE NEW MONEY SUPPLY

An idea that the Big Banks have succeeded in inculcating in the banking business is that the money supply and granting of credit (which adds to money supply) must be tightly controlled or "inflation" will occur, devaluing the currency. Such amateurs as are found in typical banks and central banks are of course not qualified or experienced enough to make such determinations; such momentous calculations must be done "up there" somewhere—at a much higher level

(nobody seems to know exactly where or who has that responsibility).

The concepts of globalization, openness, transparency, privatization, and so forth are all part of the scheme to de-nationalize the control of a nation's money by the nation and place it in the hands of the banking Cartel, i.e., IMF. A few hundred years ago there was a clear distinction between money and credit. To be real, money had to have substance, or to be backed by substance, usually gold or silver, so that the slips of paper representing the money could be redeemed in gold or silver. This meant that banks had to keep gold and silver equal to some fraction of the paper money issued, usually in the neighborhood of 1/20, on the theory that all depositors will not ask for their metal at the same time. Being tied to the price of gold, which (for their purposes) had to be controlled world wide, was far too confining for the elite bankers so they have finally forced all nations except the Swiss off the "gold standard". Now anyone espousing the gold standard is laughed at and derided for being "old fashioned" and out-of-date. Paper currencies (although really worthless) are more "modern" and provide greater "flexibility". Besides, gold-based currencies are not so easily "traded" and devalued as are paper currencies. Now, excepting the Swiss franc, all money is credit. There is no real money, only credit. The U.S. currency has imprinted at the top: "Federal Reserve Note". A Note is evidence of a debt, a promise to pay, which equals credit. The world no longer deals in value, it deals in debt.

Nations have the right, and the duty to their people, to issue their own currency. It is uniquely their prerogative within their own country to issue a lot or a little. However, when it comes to inter-country (international) transactions, there are guidelines and requirements to be met to establish a par value for the currencies of the countries involved. In June of 1997 the currency traders, in league with the IMF (they are all of the same club), mounted a merciless raid on the currencies in Southeast Asia, taking perhaps as much as a trillion dollars (U.S.) out of the area. If we use business logic instead of bankers' traditional teachings, we will arrive at the conclusion that, done cautiously and with care, at least that amount of money can be created within Southeast Asia to be re-injected into the system to make it whole again, especially if it is used to first purchase gold to be used as the reserve upon which the newly-created money can be based. From a business perspective, there is no investment available today with the upside potential, and low downside risk, of gold. From a humanitarian perspective, there is no other opportunity to do so much good for the poor people of the world, without harm, even to the elite banksters. It is the mission of GAIA to accomplish this.

SOURCE OF FUNDS

God (Aton, Allah) frequently shows us His sense of humor, fair play, and justice. But seldom all at once in such a recognizable way as He has done with His provision of the GAIA Collateral.

Collateral frequently takes the form of third-party debt. An example would be a U.S. Treasury Bond, a debt of the U.S. Treasury, perhaps purchased as a stable, interest-earning

reserve by the central bank of another nation, and then used by that nation as the Collateral for the issuance of its own currency (or other banking device) as payment for some obligation, perhaps an international trading transaction. Thus the U.S. Treasury Bond, actually a debt, is treated as though it were an asset, the theory being that, in addition to acting as a "reserve", it can be sold or traded or "cash-in" at the U.S. Treasury. Some U.S. Treasury Bonds are issued to mature (be paid off) at the end of 30 years and thus cannot be "cash-in", even though this does not prevent their use as central banking reserves and interest-earning investments for banks, insurance companies, pension funds, etc. Some are constantly in motion, being bought and sold and traded around the world just as if they were not a debt which could be made worth zero at the stroke of a U.S. President's pen.

The GAIA Collateral is a debt of the U.S. Treasury. But it is even more valuable than the typical U.S. Treasury Bond because it is **payable in gold** (not in paper money), and its claim for payment reaches beyond the U.S. Treasury to the European-based International Banking Cartel, owners of the Federal Reserve System (FED) (which acts as the central bank for the U.S.), and thus cannot be abrogated by a U.S. President. The QUALITY of the GAIA Collateral is far greater than that of U.S. currency (Federal Reserve Notes) or U.S. Treasury debt issued after 1933—they are not backed with anything other than the so-called "good faith and credit" of the U.S., which was secretly declared bankrupt in 1933 and is now by far the world's largest debtor. Only U.S.T. debt pre-dating the Federal Reserve Act of 1913 has a claim on the FED and its owners, the Cartel. In reality, the only collateral in the world today that has greater quality than the GAIA Collateral is the actual possession of physical gold. Whatever can be done with U.S.T. Notes, Bills or Bonds can be done even more safely with GAIA Collateral.

The question is frequently asked, "What good is collateral if you cannot claim on it?" Can you claim on a U.S.T. 30-year bond? Of course not. You might trade or sell it but it will not be redeemed before its date of maturity. Why would you want to redeem the GAIA Collateral? What would you get for it? You would get U.S. currency which is redeemable in nothing but more paper, not gold, and is not a claim on the really big money in the world, the Big Banks owned by the Cartel. When it becomes recognized, through use, the GAIA Collateral will become the second-most treasured reserve in the world, after only physical gold.

That God had a hand in the creation of the GAIA Collateral can be most easily shown by recounting the events leading to its valuation by the FED and its acceptance by the U.S. Treasury in 1989. It began in New York City in 1875 when a bond-house named Hobson & Hurtado issued and sold 3600 gold certificates at \$1000 each for the government of Peru to finance the expansion of Peru's bat guano industry. Bonus Bond No. 3392-181 was not turned in for redemption when due in 1885 and was thus an outstanding debt of Peru in 1906 when the U.S. assumed all of Peru's then-outstanding debt pursuant to the Monroe Doctrine (a Western Hemisphere defense pact) to avoid war with Germany and England who were threatening to invade Peru, Bolivia and Chili.

Bonus Bond No. 3392-181 was still

outstanding when, after more than one hundred years of political finagling, the European Bankers finally managed to get control of the U.S. central banking function through the enactment of the Federal Reserve Act in 1913. As a condition of allowing the new Federal Reserve System, a private corporation owned by the European Bankers, to issue (and be paid interest on) U.S. currency, the FED assumed all then-outstanding U.S. debt, which of course included Bonus No. 3392-181.

Bonus No. 3392 is next mentioned in the documentation as the subject of a legal opinion rendered by a lawyer named Ernesto Arias Schreiber in Lima, Peru dated June 9, 1977 (confirming that, per the Peruvian Civil Code, "the nature and effects of the obligation are ruled" by the laws of "the United States of America"). George Bush was Director of the U.S. Central Intelligence Agency in 1975-1977. There has never been any question that the bond, a "bearer" bond (meaning that its bearer is its owner), was the property of Mr. Russell Herman who was a high-level CIA operative when George Bush was CIA Director. Mr. Herman has told Mr. Rick Martin on several occasions that he and Mr. Bush were at one time good friends and business partners.

The next documented appearance of Bonus No. 3392 was when a consortium containing Alan Greenspan (FED Chairman), George Bush (President), James Baker III (Secretary of State), Lloyd Bentsen (Secretary of the Treasury), and Russell Herman had it valued at the FED's Los Angeles office and accepted by Bentsen for Treasury.

In August of 1989 Mr. Herman had the bond reconformed as a Jurat/Contract and issued as one of **identifiable ownership** to his corporation named Cosmos Seafood Energy Marketing, Inc. In 1993 Mr. Herman, as CEO, assigned the Contract to Mr. Rick Martin and in April 1998 Mr. Martin assigned it to GLOBAL ALLIANCE INVESTMENT ASSOCIATION. As a request accompanying his assignment to Mr. Martin, Mr. Herman received Mr. Martin's pledge that no less than 48% of the funds made available through the use of the Collateral would be used for the benefit of "we the people", meaning the American people whom Mr. Herman came to realize he had wronged by participating with Bush & Company (CIA) in their drug importation business, and that, to the degree possible, none of the funds would be used for war or war-related activities.

All of the above is documented and filed in both the States of Illinois (where the assignment to Mr. Martin occurred) and Nevada (where GAIA is domiciled), and appropriate public notices have been published.

Who, but God, could turn the thievings of the European Banksters into such a magnificent asset that it can free and empower all of the world's people—at the expense of the Banksters?

HOW IT CAN BE USED

Because the GAIA Collateral is a debt of the U.S.T./F.E.D. payable in gold, its proper use is to obtain gold. Then the gold so obtained can be used as collateral for loans with which to provide liquidity for banks, central banks, pension funds and other large trusts, insurance and finance companies, and for corporations to use in funding projects.

The first, and seemingly most difficult to visualize, step is the conversion of the Collateral to liquid funds to be used to pay for gold. There are many ways: Central banks issue currency, so that one is easy. If the Central bank has been the victim of Bankster brainwashing to the idea that it must "sell bonds" to obtain cash, it may not be so easy. Banks, insurance companies, and large corporations usually have access to a wide variety of funding mechanisms such as Letters-of-Credit, Bankers Acceptances, Prime Bank Guarantees, Collateral Receipts, Commercial Paper, Guaranteed Investment Contracts, and so forth. One key to using them is to take in the Collateral as a rented item (so as not to trigger a tax), have it accepted by the Board of Directors and immediately added to the balance sheet as an asset titled "U.S.T. debt". (The "rent" could be the effort required to assist GAIA in funding its portion.) It might be useful to include a statement in the corporate minutes that the corporation intends to use the Collateral as an asset with which to purchase gold—at current prices gold is a legitimate investment, more especially when the Collateral with which to purchase the gold costs only effort and time on the part of certain executives.

Small and medium-sized corporations have to have help from banks or big-brother corporations. Some smaller banks may wish to use a collateral Receipt to gain the help of a larger bank. Transactions involving insurance companies and banks can also be useful.

By far the best solution, however, is to arrange the assistance of the central bank which, when the benefits are understood, should not be difficult for the business and banking community. Can central banks issue credit without the Collateral? Yes—they have been doing so for years. The main advantages of using the Collateral are 1) a valid claim on the Cartel's gold (at the proper time) resulting in a doubling of the central bank's profit, 2) through added numbers of participants, a greater certainty that collection will be made, 3) that collection will be made sooner, and 4) through the Alliance, better protection from IMF, the currency traders and the corporate raiders.

While it is not possible to foresee every kind of transaction and provide a template to be used, it is possible to state that GAIA controls its own collateral and is ready, willing and able to "tailor" transactions to fit situations.

WRAPPING IT UP

There is a relatively small group of persons, calling themselves Zionists, planning to own/control all of the world by the end of the year

2000. Although headquartered in the City of London, most of them call themselves Jews. They operate through the Council On Foreign Relations, the Trilateral Commission (which includes some Japanese), the Bilderbergers, the Club of Rome, high officers of the Freemasons and most "Fraternal Orders". Only a small percentage of Jews belong to this elite "club" we have referred to herein as the Big Banks and the international Cartel.

These elite Jews use the *Talmud*, not the *Torah*. In the *Talmud* ALL non-Jews are called goyim—cattle. To the elite Jews (who are the Cartel, and now the debtors of GAIA) there are only two kinds of people in the world, Jews and goyim. Cattle, (goyim) have no rights—to property or to life—and, under their rules, the elite Jew is free to take either or both from any non-Jew at any time. Most of them are from the sect known as Ashkenazi, which are not Semites (descendants of Shem) but they frequently murder (car bomb, etc.) their brothers of the Sephardic Jews (blaming Palestinians, Lebanese, etc.) to foment trouble to help achieve funding or legislation.

In their earlier years one of their flagship companies was the British East India Company, the first great international drug distributor. Opium and Heroin were much more profitable than spices and tea.

It is a cruel self-delusion to think that it will "get better". The whole world has entered the maelstrom and is spiraling downward, pushed and

guided by the Satanic sadists who are safe enough themselves; they are even prepared for atomic war.

Any propaganda leading us to believe the Big Banks, Japan, or the U.S. will save the situation is just that, propaganda to mislead and keep us off balance, hoping and hesitating, until it is too late. Y2k is a clever illusion to be used, whether real or not, to create massive shortages of money, everywhere. No money —> No Food —> Looting, Burning & Riot = CHAOS. The GAIA Collateral can be used to counter it BUT TIME IS SHORT. Please contact us at the numbers below if you can help us.

Editor's note: To fulfill the legal requirements, we are presenting the following Public Notice for four consecutive weeks. This Public Notice herein reproduces a legally binding document on the parties working as top-level management personnel. This is the first of four presentations.

—PUBLIC NOTICE—
MEMORANDUM OF AGREEMENT
NATIONAL SECURITY
(CONFIDENTIAL)
September 9, 1996

The following constitutes an agreement among the following parties: **E.J. Ekker, Doris Ekker, and Rick Martin**. These parties, signing as individuals, shall stand individually and jointly responsible for ONLY their actions as they apply to themselves individually or to any corporate entity wherein they are jointly corporate officers and/or directors. They shall NOT be responsible for the actions of ANY OTHER PARTIES nor shall they stand responsible for the actions of any alleged-owners, alleged-partners, trustees or beneficiaries. This agreement concerns transactions utilizing the instrument referred to as the Peruvian Bonus Certificate 3392-181, which originated in 1875 and was accepted as United States of America Treasury debt in 1906, and subsequently as debt of the Federal Reserve in 1913. Said debt, as accepted, is inclusive of all interest and penalties (as reflected in the calculations made on the Federal Reserve's own computer in Los Angeles, California in 1989 with members of the "intelligence" community present to monitor the activity). This agreement arises as result of several telephone conversations with authorities in the Treasury Department held over the past few weeks and is meant to memorialize those conversations for our own future use.

Since the debt was assumed prior to any other agreements involving monetary departments, divisions, or branches of government, it is a bonafide outstanding debt of the U.S. Treasury and the Federal Reserve System.

The applicable restrictions and limitations in this transaction will apply to all participants. Due to NATIONAL SECURITY considerations no input to change or remand the validity of the debt created by BONUS 3392 will be accepted from the COUNCIL ON FOREIGN RELATIONS, the UNITED NATIONS, or any other entity, foreign or domestic.

As a consideration of National Security (as well as Global Security), transactions WITHIN these guidelines will not be interfered with or blocked by the U.S. or its assigns. The consideration for such noninterference is that none of these contracts will be lodged for collection until such time as there is an additional agreement as to the lodging and honoring, through payoff, of the contracts.

Generally, it will be the practice of the Holder to expect the funder to provide loan capabilities and to purchase gold as needed wherever there is security; it is NOT required that the gold be housed within the U.S.

The Holder will not directly do business with any national group under sanction by either the U.S. or U.N. There is to be no restriction, however, on other parties or nations conducting business in their normal way. The Holder will conduct itself in the strictest accordance with all applicable laws.

The Holder has agreed to use its portion of funds for humanitarian purposes. No portion of its funds or assets will be used for purposes of ARMS ACQUISITION, WAR MAKING, OR THE OVERTHROW OR SUBVERSION OF ANY NATIONAL GOVERNMENT. However, the Holder has no way to police the use of funds by any other participating party.

We agree that we will issue no SINGLE deed in excess of \$10 billion (USD) and no group issue to a single entity of greater than \$1 trillion (USD)—per year. Preferably the deeds will be issued and utilized in increments which would be appropriate in "ordinary" working conditions. It is also agreed that in any one year there will be no more than \$5 trillion (USD) and there must be capability of the currency sources to issue funds timely. The understanding is that the documents themselves will be used as COLLATERAL so that it is not utilized as a "cash" demand or a "call" on the gold reserves. We, the below signed, herein agree that all transactions involving us, individually or as corporate representative, will be additionally backed by hard-metal gold (or other precious metal) totaling the full value of our portion, prior to any line-

of-credit being drawn-upon against the "bonus" collateral. If this is impractical at the time of a transaction, it will be accomplished as soon as possible.

Further, it is understood and accepted that any outside requests made to the U.S. Treasury for confirmation of the validity of the debt of Bonus Certificate 3392-181 will be met with denial and a "wall of silence" as is considered standard procedure in such matters concerning national security.

We, the below signed, attest that we will make it clearly understood to all participants wishing to utilize the Bonus Certificate 3392-181 for collateral that the debt is not to be "called" by those participants. However, we also clearly stipulate that once the deed has been issued, we are unable to control the actions of any other individual and/or corporate participant, and as such, we will not be legally held accountable for another's actions. We further stipulate that when functioning in our capacity as a corporate representative, we are protected under the laws governing the corporation to the full extent that such protection exists. Further, we will not agree to negate the value of the contracts if and when there should be a call on the Treasury, Federal Reserve or its owners. It is our understanding that the Federal Reserve has a working relationship with the Treasury Department regarding valid debt both prior to and following the Federal Reserve Act of December 23-24, 1913. We have not been made privy to those arrangements.

It is also agreed that in the event of a call for payment on this debt, negotiations can be entered into to accept currency of the date of demand rather than a full demand for payment in gold. In this instance, however, it must be noted, again, that the holders are not responsible for the use or intent of use of any participating entities who are not parties to this agreement.

We, the below signed, agree that we will affix our fingerprints to legal documents, agreements and understandings, and to all deeds to be utilized. We also agree to take such further security measures as are known to us to make the collateral instruments secure from forgery or duplication.

We, the below mentioned, do hereby sign this agreement being individually of sound mind and body, and do hereby do so under penalty of perjury under the laws of the State of California, the State of Nevada, the Federal Laws of the United States of America, and under the Constitution of the United States of America.

DRASTIC EARTH CHANGES AND THE LARGER PICTURE

From the INTERNET, Mitch Battros, Producer—Earth Changes TV, <<http://www.earthchangesTV.com>>, 2/11/99: [quoting]

Hi Folks,

I realize many of the news items I will be sending are grim and perhaps at times overwhelming. Let us not ignore what past and current prophecy ranging from Edgar Cayce, Nostradamus, Dannion Brinkley, Hopi Prophecy, the *Bible* and so many others have stated. For those of you who do not get the TV Show or have not heard me at one of the conferences or lectures, I will state again, "We are based in science and bridge the gap to the esoteric." This is why I post and send documented facts such as the two latest breaking news stories below. I feel it is important to show that the Earth Changes being witnessed are NOT status quo. You only have to notice the RECORDS being broken on almost a weekly basis. Until now, I felt my mission was to prove something BIG is happening. I am beginning to believe that message has been accomplished.

Folks, now I will turn more of my attention to how we can survive and best cope with the changes that are here and expected to escalate exponentially. One of the ways to best cope, is to have an understanding of WHY these events are occurring. I have done this by interviewing some of the top scientists in their field to explain these Earth events. But now, it is time to balance this most important information with those more involved with what many call the "Esoteric". In part, I believe what is happening is part of a bigger picture. Not just from a natural and evolutionary standpoint, but from a spiritual foundation. I like to use the Jungian word "Synchronicity". The Earth Changes that are here, are part of a bigger picture. Even though it may appear bad, wrong, regressive or harmful, it is in perfect order of a much larger unfolding.

JANUARY SETS TORNADO "RECORD" (2/10/99)

Spring-like weather patterns produced a record 163 tornadoes over the United States in January, the most ever for the first month of the year. The total is more than three times the previous record for January (52) set in 1975. The January tornadoes were caused by an unusual weather pattern for the month, said Harold Brooks, meteorologist with the National Oceanic and Atmospheric Administration's National Severe Storms Laboratory in Norman, Okla. He said the storms were caused by a southerly flow of wind from the Gulf of Mexico, which brought in moisture at low levels, and then combined with a strong upper air pressure, which causes wind at about 30,000 feet.

VOLCANO ERUPTS IN WESTERN MEXICO (2/10/99)

An explosion shook the crater of the Volcano of Fire in western Mexico early Wednesday, releasing lava, gas and ash and forcing officials to evacuate some nearby residents. The government's *Notimex* news agency said the village of Juan Barragan at the base of the volcano was being evacuated due to a cloud of

APOLLO ASTRONAUT WAS MURDERED, SON CHARGES

From the INTERNET, courtesy of Calvin Burgin, <wrlldline@texas.net>, 2/14/99: [quoting] Virgil I. Grissom, the astronaut slated to be the first man to walk on the Moon, was murdered, his son has charged in the Feb. 16 edition of *Star* magazine.

In another stunning development, a lead NASA investigator has charged that the agency engaged in a cover-up of the true cause of the catastrophe that killed Grissom and two other astronauts.

The tabloid exclusive by Steve Herz reports that Scott Grissom, 48, has gone public with the family's long-held belief that their father was purposefully killed during *Apollo I*.

The Jan. 27, 1967, *Apollo I* mission was a simulated launch in preparation for an actual lunar flight.

NASA concluded that the *Apollo I* deaths of Grissom, as well as astronauts Edward H. White and Roger Chafee, were the result of an explosive fire that burst from the pure oxygen atmosphere of the space capsule. NASA investigators could not identify what caused the spark, but wrote the catastrophe off as an accident.

"My father's death was no accident. He was murdered," Grissom, a commercial pilot, told *Star*.

Grissom said he recently was granted access to the charred capsule and discovered a "fabricated metal plate located behind a control panel switch. The switch controlled the capsule's electrical power source from an outside source to the ship's batteries." Grissom argues that the placement of the metal plate was an act of sabotage. When one of the astronauts toggled the switch to transfer power to the ship's batteries, a spark was created that ignited a fireball.

Clark MacDonald, a McDonnell-Douglas engineer hired by NASA to investigate the fire, offered corroborating evidence. Breaking more than three decades of silence, MacDonald says he determined that an electrical short caused by the changeover to battery power had sparked the fire.

He says that NASA destroyed his report and interview tapes in an effort to stem public criticism of the space program.

"I have agonized for 31 years about revealing the truth, but I didn't want to hurt NASA's image or cause trouble," MacDonald told the paper. "But I can't let one more day go by without the truth being known."

Grissom's widow, Betty, now 71, told *Star* she agrees with her son's claim that her husband had been murdered.

"I believe Scott has found the key piece of evidence to prove NASA knew all along what really happened but covered up to protect funding for the race to the Moon."

Scott Grissom told *Star* that the motive for

his father's killing may have been related to NASA's desire not to have his father be the first man to walk on the Moon because of criticism leveled at Grissom in 1961 after his Mercury capsule, *Liberty 7*, sunk in the Atlantic.

Critics of Grissom, including novelist Tom Wolfe, have claimed the astronaut panicked when his space capsule landed in the ocean, and he prematurely pulled an explosive charge to open the ship's hatch, causing it to sink.

Fellow astronauts, however, gave Grissom the benefit of the doubt for several reasons. Grissom was a decorated Korean War pilot who had flown nearly 100 combat missions. He was a courageous man not known to panic.

There was also evidence that the explosive device on the hatch could accidentally blow without being pulled—a fact that led NASA to remove such devices from future spacecraft.

Also, had Grissom pulled the explosive release on the hatch, his hand or arm should have had powder and bruise marks. Neither were found.

Grissom, one of the original Mercury seven, was the senior astronaut when the *Apollo* missions began. Among the astronauts, Grissom was the most critical of the problem-plagued *Apollo* program, and of the main *Apollo* contractor, North American Aviation.

Shortly before his death, Grissom had taken a large lemon and hung it around the space capsule as the press looked on. He had suggested publicly that the project could never be accomplished on time.

The *Associated Press* reported, "Pretty slim" was the way [Grissom] put his *Apollo's* chances of meeting its mission requirements.

The Grissom family had reason to doubt the official NASA ruling from the beginning. Even before *Apollo I*, Grissom had received death threats which his family believed emanated from within the space program.

The threats were serious enough that he was put under Secret Service protection and had been moved from his home to a secure safehouse.

According to his wife, Grissom had warned her that "if there is ever a serious accident in the space program, it's likely to be me."

The *Apollo I* disaster led to a series of congressional hearings into the incident and NASA. During the hearings, one launch pad inspector, Thomas Baron, sharply criticized NASA's handling of the incident and testified that the astronauts attempted to escape the capsule earlier than officially claimed.

Baron was fired soon after giving the testimony, and died, along with his wife, when his car was struck by a train. Authorities ruled the deaths as suicide.

During the congressional hearings, Sen. Walter Mondale questioned the efficacy of manned space programs. Manned space flights were opposed by many of the leading space scientists at the time, including Drs. James Van Allen and Thomas Gold. [End quoting]

MOST POWERFUL GAMMA RAY EXPLOSION EVER

From the INTERNET, Mitch Battros <earthcng@earthlink.net>, 2/11/99: [quoting]

Organization: Earth Changes TV

(NASA) Two weeks ago one of the most powerful cosmic explosions ever recorded bathed the Earth in gamma rays. The gamma-ray burst—called GRB990123—was so intense that its visible light could have been seen through common binoculars.

Since then the optical counterpart to GRB990123 has faded until it is 4 million times dimmer than it was during its peak.

Yesterday astronomers released a new Hubble photograph of the gamma-ray burst's fading optical counterpart. The relic fireball appears to be embedded in a faint, irregular galaxy.

A Hubble telescope image of GRB990123 taken between Feb 8, 1999 23:06 UT and Feb 9, 1999 03:21 UT. The image is of a square region about the gamma-ray burst, 3.2 arcseconds on each side. The optical counterpart, a point source at the center of the image, is seen to be superposed on an irregular galaxy, which could perhaps be an interacting system. [End quoting]

A WEB OF DECEIT

Excerpted from *TIME*, by Christine Gorman, 2/8/99: [quoting]

The latest e-mail scare campaign attacks an artificial sweetener. Here is how to find the truth.

Heard the one about the common shampoo ingredient that causes cancer? Or how about the epidemic of blindness among toddlers who accidentally get waterproof sunscreen in their eyes? These absurd fictions used to be the stock-in-trade of ninth-graders bent on frightening the younger kids. But now such tall tales are appearing on the Internet, and many adults are taking them seriously.

Consider the latest electronic health scare: about the artificial sweetener Aspartame, which is found in everything from Equal to Diet Coke. A widely disseminated e-mail by a "Nancy Markle" links Aspartame to Alzheimer's, birth defects, brain cancer, diabetes, Gulf War syndrome, lupus, multiple sclerosis and seizures. Right away, the long list warrants skepticism. Just as no single chemical cures everything, none causes everything.

In this and similar cases, all the Nancy Markles of the world have to do to fabricate a health rumor is post it in some Usenet news groups and let ordinary folks, who may already distrust artificial products, forward it to all their friends and e-mail pals. I received several copies last week, as have many doctors and health organizations.

When I searched Altavista <www.altavista.com> for Aspartame AND brain AND seizure AND

sclerosis, I learned that Markle's message is almost identical to an anti-Aspartame screed first penned under a different name in 1995. None of the specific allegations pan out, however.... [End quoting]

A reader sent me this with a notation that "we consumers don't know what or whom to believe"!

One thing for certain: if it is artificial or chemical instead of a naturally grown product, it is never really good for you and that is what Aspartame is.

Consider the source—*TIME* magazine—one of the "elite's" top weekly publications. Remember it's their job to do damage control and believe me the message about Aspartame is getting out and many people are benefiting with tremendous health improvement by refusing to use it anymore. The "elite" are being hurt in their pocketbooks.

Don't let them confuse you, because anytime the "elite" start getting upset you can be almost certain it's because we-the-people have found out another scam they've been pulling on us. Always, always do your own research if you have any questions—and also go within and get some help!

HAND ME DOWN MY ASPARTAME

From the INTERNET, <HEOT@onelist.com>, 2/11/99: [quoting]

Here is an e-mail I received.

From: R H

Subject: Aspartame test

My wife is a diabetic with hand and joint pain. She has been a diet Dr. Pepper drinker for eight years (approx 1-1.5 liters per day) and was diagnosed with insulin-dependent diabetes five years ago. Her sugar has never been controlled (200-600) even with two hospital stays for balancing.

When your article crossed our path she decided to go cold turkey off the diet Dr. pepper. Almost immediately, her blood sugars went to 56-180 with fasting sugars around 125-140. Some binge snacks had small effects on her sugar but not the 150 points we had previously seen. Additionally, after about one week, her joint pain disappeared and she stopped the two medications she had been taking for fibromialgia. After two weeks there had been no joint pain and controllable sugar.

As a test, two weeks later she drank a two liter bottle of diet Dr. Pepper one evening. The next morning her joint pain was back, she could barely walk, and her sugar was out of control.

Needless to say, she will never touch an Aspartame-laced product again.

We are very thankful your article crossed our path. After seeing several doctors, we had basically had given up on controlling her sugar and pain. I have forwarded copies to my friends and our family physician and her endocrinologist [*endocrinologist?*]. Thanks again for your article. [End quoting]

Another article verifying the dangers of this product. BEWARE!!

I'll believe this before I believe anything written in *TIME*.

GOVERNMENT CONTROL OVER NEWS MEDIA ADMITTED IN 1996

From the INTERNET, <para-discuss@tje.net>, 2/13/99: [quoting]

"A good example of the tremendous degree to which the major news media organizations are called to heel is seen in the facts surrounding the two-year hiatus in the professional career of CBS broadcaster Connie Chung, who had the misfortune to have ended up being paired with Dan Rather several years ago.

On a live call-in TV talk show some two years ago, Ms. Chung responded with a bit too much candor to a question as to what actually gets reported publicly by the major news media, given the great number of stories and items which come from the numerous sources of "raw" information. How are the stories which get the attention of the media chosen and by whom?

Connie Chung replied to the effect that it wasn't too hard to decide what stories get aired—they just "checked with Washington D.C. to see what had been cleared for publication by the government". Oops!

As a result of her being foolish enough to tell the truth in what was likely just a naive, probably unintentional and inadvertent slip, within no more than a few hours Ms. Chung was out of a job and remained blacklisted in the industry for a good two years, only resurfacing in 1998 with a position at ABC—sufficiently chastened, some no doubt believe, to allow her to grace the public airwaves once again." —John Quinn. [End quoting]

It finally comes out from someone who knows—on TV! The "elite" probably consider her safer than anyone to not slip again—after what it cost her for that little "slip".

REMEMBER MAD COW DISEASE, WARNS PROFESSOR

Excerpted from the INTERNET, <para-discuss@tje.net>, 2/13/99: [quoting]

Tony Blair and his Ministers were standing virtually alone last night against mounting calls for action over genetically-modified (GM) food.

They rejected fresh demands for a moratorium on the "Frankenstein foods", despite a stark warning from top scientists that millions could be at risk from cancer and killer infections.

The panel said experiments showing that GM food damaged rats, which were dismissed and discredited last year, had in fact been accurate.

Meanwhile a new poll showed a clear majority against GM foods, and supermarkets began bowing to pressure to improve their labelling.

It left the Government looking increasingly out of touch. Mr. Blair claimed that public concern was not scientifically justified and urged people not to get "the facts mixed up". And Cabinet "Enforcer" Jack Cunningham spent most of the day tying himself in knots to justify the stance.

In a BBC radio interview he used a letter from countryside advisers English Nature to support his cause. But the group immediately accused him of quoting it out of context, and said it actually did want a moratorium. Dr. Cunningham was forced to make an undignified return to the programme within minutes.

The row came as it emerged that two men who have been among New Labour's most powerful advisers are now helping the U.S. firm Monsanto, the leading producer of GM food. Labour's former chief spokesman David Hill advises it on media presentation while American pollster Stan Greenberg, who played a key role

in Mr. Blair's election strategy, has done consultancy work.

The heaviest blow to the Government's stubborn defence of GM foods came as an international panel of experts backed a researcher whose career was ruined after he sounded a warning about side-effects.

Professor Arpad Pusztai was suspended from the Rowett Research Institute in Aberdeen last August after he said that rats fed on GM potatoes had developed weak immune systems and their vital organs showed serious damage.

His work, funded by the Scottish Office had been one of the first serious attempts to study the risks of GM foods. But within days Prof. Pusztai had been forced into early retirement, said by Institute director Professor Philip James to have made mistakes and released 'misleading information'.

Yesterday, a panel of scientists who have studied the work backed Prof. Pusztai's conclusions and suggested that his 'harsh' treatment was the result of political pressure.

Professor Ronald Finn of Liverpool University, a past president of the British Society of Allergy and Environmental Medicine, warned: "We in the UK have just had a very narrow escape following the epidemic of mad cow disease and we have probably got away with it.

"We have been warned once and we should be extremely careful to monitor any further change in food technology." [End quoting]

It looks like the "elite" are getting more and more backlash over their numerous ways of causing illnesses and deaths to we-the-people! Let's keep up the legal resistance to their war against us!

TRANSACTIONAL LAWYERS...AT THEIR BEST

From *TEC PUBS*, 2/14/99: by Sue Johnson, Title Dept., Pima County: [quoting]

A New Orleans lawyer sought an FHA loan for a client. He was told it would be granted if he could prove satisfactory title to the parcel of property being offered as collateral. The title to the property dated back to 1803, which took the lawyers three months to track down. After sending the information to FHA, he received the following reply (actual letter).

"Upon review of your letter adjoining your clients loan application, we note that the request is supported by an Abstract of Title. While we compliment the able manner in which you have prepared and presented the application, we must point out that you have only cleared title to the proposed collateral back to 1803. Before final approval can be accorded, it will be necessary to clear the title back to the origin."

Annoyed, the lawyer responded as follows (actual letter):

"Your letter regarding title in Case No. 189156 has been received. I note that you wish to have title extended further than the 194 years covered by the present application. I was unaware that any educated person in this country, particularly those working in the property area, would not know that Louisiana was purchased by the U.S. from France in 1803. The year of origin identified in our application. For the edification of uninformed FHA bureaucrats the title to the land prior to U.S. ownership was obtained from France, which had acquired it by Right of Conquest from Spain. The land came

into possession of Spain by Right of Discovery made in the year 1492 by a sea captain named Christopher Columbus, who had been granted the privilege of seeking a new route to India by the then reigning monarch, Isabella. The good queen, being a pious woman and careful about titles, almost as much as the FHA, took the precaution of securing the blessing of the Pope before she sold her jewels to fund the Columbus expedition.

"Now the Pope, as I'm sure you know, is the emissary of Jesus Christ, the Son of God. And God, it is commonly accepted, created the world. Therefore, I believe it is safe to presume that He also made that part of the world called Louisiana. He, therefore, would be the owner of origin.

"I hope to hell you find His original claim to be satisfactory. Now, may we have our damn loan?"

They got it. [End quoting]

This is what our society has become—funny or not.

THE STRUGGLE OVER SOCIAL SECURITY

Excerpted from *THE MODESTO BEE*, 1/31/99: [quoting]

The framework for Social Security reform President Clinton laid out in his State of the Union address this month is more a political marker than a real plan for shoring up the retirement system.

The president urged reserving \$2.7 trillion, or 62 percent of projected budget surpluses over the next 15 years, for Social Security. And, he suggested investing \$700 million of the \$2.7 trillion in the stock market.

Of course, the "budget surpluses" are primarily Social Security surpluses in the first place; the government collects considerably more in payroll taxes than it must disburse in benefits to retirees. For years, the feds have drained this annual surplus and used it for general spending, **trading IOUs for quick bucks.**

Social Security's trust fund is therefore void of money and flush with IOUs. Now, if lawmakers are to follow Clinton's plan and funnel trillions in "surplus" revenue into the same trust fund, Congress must kick its looting-and-spending habit. Additional IOUs will do nothing to "save" Social Security.

In other pertinent financial news, the national debt stands at \$5.6 trillion and climbing—thanks in part to the growing pile of Social Security IOUs. According to Pete Sepp, vice president for communications of the Alexandria, Va.-based National Taxpayers Union, Americans pay \$1 billion a day (yes, a day) in interest on the debt, and 46 cents of every tax dollar Washington collects goes toward debt service.... [End quoting]

How many times will we allow these scam artists to scam us before we **wake up?** Won't we ever learn, when politicians say they are going to fix something, it's them saying they are going to steal a bigger chunk out of our pockets. Anybody who believes Clinton, really needs their head examined after what he has just put the whole world through with his **lies!**

A WRENCH FROM SPACE

From *POPULAR SCIENCE* magazine, Mar. 1998: [quoting]

Every homeowner is familiar with the clicking sound of a ratchet wrench—and with the frustration that comes from trying to turn nuts or bolts in tight spaces and finding there's only enough room to get one or two clicks, or none at all, as the wrench is reversed.

But a new ratchetless wrench, invented—of all places—at NASA's Goddard Space Flight Center and currently in development at the University of Maryland at College Park, could eventually alleviate that common frustration.

Unlike conventional ratchet wrenches that require reverse rotation, or backthrow, of 10 degrees or more before the next internal gear tooth engages, the new wrench features a novel locking-roller clutch that reduces backthrow to about 2 degrees. The tiny backthrow permits operation in spaces too small for conventional ratchets, and leads to more effective use of motion in less challenging circumstances.

The mechanism that determines the rotation direction of the new wrench can also be set to lock the tool in place, a feature unavailable in existing ratchet wrenches.

The ratchetless design, which is intended to enhance astronaut efficiency during extravehicular operations, was tested in space for the first time during the recent Space Shuttle mission. [End quoting]

One wonders just how long this invention has been around before we-the-public were allowed to have it.

MTBE SPREADS FARTHER BEYOND LAKE TAHOE

From *THE MODESTO BEE*, 2/5/99: [quoting]

A controversial gasoline additive that has been showing up in Lake Tahoe-area water supplies has been detected at a reservoir 30 miles away. Area ranchers are worried about the discovery of MTBE, developed in the 1970s to allow fuel to burn cleanly, at the reservoir in Alpine County. [End quoting]

Let's not let up on the demand to outlaw this product even though its intended poisoning effects have likely already been accomplished upon we "useless eaters".

MILLENNIUM WARS

From *THE MODESTO BEE*, letter to editor, 1/31/99: [quoting]

Woody Woodward, in his letter of Jan. 27, states that it should be obvious to all that the first year of a new millennium must have a year date that ends in one, as 1001 or 2001. A year that ends in 00 must belong to the previous century or millennium. By this logic, it must be equally obvious that when looking at a ruler, the first inch of said ruler is the space between the marks 1 and 2, and therefore, the one-inch interval between the end of the ruler and the mark 1 belongs to the ruler that immediately preceded this ruler off the assembly line.

SEC CHAIRMAN SAYS U.S. CORPORATIONS ARE MANIPULATING EARNINGS REPORTS

Excerpted from *THE WALL STREET UNDERGROUND*, 12/98: [quoting]

Finally, official confirmation of what I've been telling you all along.

Arthur Levitt, Chairman of the Securities & Exchange Commission (SEC), said that companies are fearful that any profit shortcomings will trigger a sell-off in their stock.

Then came the bombshell. Levitt said companies are increasingly manipulating their earnings, to meet Wall Street analysts' quarterly estimates. He said financial reports are descending into the gray area between legitimacy and outright fraud.

Folks, I read as many financial reports of corporations as any man alive. The SEC Chairman is right. Wall Street is committing fraud; hiding losses; and playing lots of games. You cannot trust any of their numbers.

I've done story after story about how Wall Street overstates their earnings. Now the head of the SEC confirms what I've been telling you all along.

And there's more. In an unprecedented joint statement, the SEC, the FDIC, the Federal Reserve, the Office of Thrift Supervision, the Controller of the Currency and the Treasury Department, warned U.S. banks about inflating reserves set aside for bad loans. They warned about manipulating earnings, and misleading investors.

As I've reported to you, the mutual funds are running the game. **U.S. corporations are using every trick in the book to manipulate their stock prices, and hide the fact that they are starting to lose big money....** [End quoting]

It's about time that this gets more publicity. We have been stating for many years in these pages that our manufacturing infrastructure has moved to cheap, third-world labor countries and corporate profits are a matter of hot air trying to keep afloat a sinking ship. There has to come a time, now, when even the whoppers can't cover for the truth.

PRIEST ADMITS LYING ABOUT RACIAL ATTACK

From *THE FINAL CALL*, 2/9/99: [quoting]

A 55-year-old priest recently admitted stabbing himself 88 times and trying to cover up the suicide attempt by saying two Black men attacked. Rev. Thomas Spisak also told some 25 city and church leaders at Progressive Baptist Church, a predominantly Black church in Warren, Ohio, that he wanted to make amends.

Mr. Spisak will go to trial in February at the Trumbull County Common Pleas Court. Charged with falsification, he faces up to six months in jail and a \$1,000 fine. A Catholic bishop said Mr. Spisak had been depressed over heart surgery. The priest's Jan. 27 remarks came when he returned to Warren following six months at a therapy center in Canada. ZERO-TOLERANCE DRINKING AND DRIVING INITIATIVE— MORE ON PROPERTY SEIZURES

From the INTERNET, <para-discuss@tje.net>, 2/14/99: [quoting]

The New York City Police Department has learned a valuable lesson from state and national law enforcement agencies. The Department will implement its "Zero-Tolerance Drinking and Driving Initiative" sometime within the next month according to Police Commissioner Howard Safir.

The stated goal of this new program is to discourage drunk driving and means anyone arrested for drunk driving in NYC will have their car seized until acquittal of the charges. The policy is based on the fact that city code permits police to seize "instrumentalities of crime". Commissioner Safir expects the program will result in thousands of cars being seized in the near future. According to criminal lawyer Gerald Lefcourt, this is a serious misuse of the forfeiture laws as they were not intended for this type of situation.

Mr. Lefcourt is right in his supposition that the forfeiture laws were not originally intended to address crimes such as drunk driving. Originally they were to punish drug dealers by confiscating the goods they bought and used with the proceeds from the drug trade. However, it has not taken government agencies long to realize the full potential of forfeiture laws since any property used in committing a crime or that results from illegal activities can be seized. This provides government an easy way to take from the public whatever it wants and is a natural motivator for unscrupulous, unethical and illegal actions by the government. In this case, if the city of New York wishes to discourage drunk driving it can increase jail time for a conviction, but its much more lucrative to confiscate a nice car. [End quoting]

When will we ever wake up and see that this isn't about drunk driving—it's an excuse to steal your property? If they wanted to help stop drunk driving, they can find much better ways of doing it.

UN STANDING ARMY

Next 5 articles are from *THE SPOTLIGHT*, 2/15/99: [quoting]

Un Secretary-General Kofi Annan, in response to an increasing number of countries reluctance to donate troops, has announced that the UN is discussing setting up a battalion of international soldiers at the UN's beck and call. The proposal calls for a "strategic reserve for the Security Council's deployment", under the sole command and control to the UN. The soldiers would be specially trained for UN "peacekeeping" missions, and would remain in their respective countries until they are needed. [End quoting]

Looks like the UN is experiencing greater and greater reluctance among member nations to go along with their more diabolical plans.

Do you think this was simply a prank or they were well paid from "behind the scenes"?

HATE CRIME?

[quoting]

Two Black Miami University students have been charged with posting racist messages at the campus' Black learning center. The incident took place Oct. 30, when staff at the center reportedly discovered fliers with Ku Klux Klan written on them and a drawing of a Black man being hanged. The two were implicated when the state's crime lab discovered that 87 percent of the fingerprints on the fliers were matched to the two students. [End quoting]

AFFIRMATIVE ACTION

[quoting]

The Center for Individual Rights which recently contested affirmative action in a Texas law school admissions, has announced that it is setting up a program to seek personal damages against trustees of universities that support admission preferences for minorities. The group cites a 1996 ruling by the US Court of Appeals in New Orleans striking down cultural "diversity" as a rationale for considering admission. [End quoting]

Whatever happened to admissions based simply on merit?

LABELS

[quoting]

A number of churches have discovered that they can attract more parishioners by simply omitting the word "Baptist" from their name. Church leaders say that people hold misconceptions of Baptist churches as an "angry, judgmental kind of fundamentalism". They contend that by dropping the "brand name" they can reach many more people than they would otherwise. [End quoting]

It's bad enough to preach misleading doctrines, but it's really getting pitiful when they have to change or drop names to keep or get you hooked into their web of deceit.

PRIVACY ISSUES

[quoting]

The Washington Post reported that state officials in South Carolina have begun selling drivers license photographs to a private company that wants to create a database of photos and personal information. The company, Image Data LLC, says it wants to use the information to create a listing to assist the private sector in preventing crimes

A SOURCE FOR VENTLESS HEATERS

I found what I feel is one good source for ventless heaters—about which I had an article several weeks ago in this column. It is the Gas Giant, phone # 1-800-640-0114. I’m sure there are others out there, but this will serve those who asked me about them.

NEW YEAR’S PROMISE

From *ANGELS ON EARTH*, Jan/Feb, 1999, *Guideposts*, 39 Seminary Hill Rd., Carmel, NY 10512: [quoting]

Oh, come, all ye faithful, joyful and triumphant ... The strains of the Christmas carol echoed down the hall at the parochial school where I teach. It was the last day before vacation and the students were gathered to sing. I could hear them from my empty classroom as I surveyed the presents piled up on my desk. Somehow I didn’t feel I could count myself as one of the faithful.

For the last few months I’d been praying and praying for my youngest daughter, eight-year-old Ashley, and I was beginning to fear my prayers would never be answered. I gazed at Ashley’s picture on my desk. Her brown eyes dancing, pigtails framing her face, freckles sprinkled across her nose, she wore a delighted smile. How I wished I saw more of that smile lately. Instead I was becoming used to her look of bewilderment and frustration as we struggled over her homework night after night.

There was a knock. I glanced up to see Kari, one of my fifth graders, standing at the door.

“Mrs. Lohmeyer, can I come in?” she asked. “If you’re busy I can come back later.”

“There’s nothing here that can’t wait. Come on in.”

Kari was a favorite of mine. She was a quick learner and a joy to have in the classroom. Recently her father had taken a job in Texas, commuting home to Maryland on weekends. I knew that was hard on her and I expected she wanted to talk about it. Instead, with all the earnestness of a 10-year-old, she said, “I have to explain about my present.”

My desk was covered with plates of cookies, jars of homemade preserves and small boxes wrapped in red and green. “Which one, Kari? I haven’t had time to open them yet.”

“It’s not here,” she said. “My mom ordered it from a catalog and they promised her it would come in time but it didn’t and I didn’t want you to think

I didn’t get you anything.” It all came out in one breath.

“You know I don’t need a present. You’ve been a wonderful student, and that’s enough.”

“But my gift is very special, Mrs. Lohmeyer, and I wanted to give it to you before Christmas.”

I could see her disappointment. “Yours will be my first gift of the new year when we come back from vacation, okay?” I promised. With that she gave me a quick smile and waved good-bye as she rushed down the hall to the singing.

Ashley was probably down there too, joining in the chorus. She attended the school where I taught. Initially that had not been a problem. I loved the easy camaraderie of the kids, the closeness of the teachers, the curriculum that incorporated religious instruction. I could pass Ashley in the hall and be confident of all she was learning.

But in third grade she was diagnosed with dyslexia. By fourth grade, when the workload increased, everything she did became a struggle. My husband, Mike, and I had to hire a tutor three nights a week to help her get by. And when the tutor wasn’t there I filled in, trying not to lose my own patience. By now both her teachers and I knew she needed a different school, where her learning disabilities could be better addressed. But finding the right school and worrying about getting her in—and how we were going to pay for it—had become a whole new trial.

I sighed as I put my gifts in a big shopping bag to take home. *Lord, I prayed, I have a lot of burdens and you’re going to have to help me with them. I’m a teacher, but I can’t teach my daughter the way she needs to be taught. Give her a place where she can grow.* When the dismissal bell rang, I took my presents out to the car.

That afternoon at home Ashley rushed up to me with a folder from her backpack. “Mommy, we have homework for the vacation.”

I tried not to groan. I had counted on the Christmas break as a respite from the nightly homework ordeal. We both needed it. “What have you got, baby?”

“It’s fun stuff, Mommy,” she said. “All I have to do is look up some *Bible* verses and draw a picture of what each one means to me.”

Thank goodness for Ashley’s teacher. Whenever there was a project that required a lot of writing, she found a way that Ashley could do it by drawing pictures.

“Okay, set yourself up on the table in the family room and get out the *Bible*. We’ll do the first one right now. I’ll be there in a jiffy.” I went into the kitchen, put some water on to boil for spaghetti and returned to Ashley.

Together we looked up the first quote her teacher had assigned: *Luke 1:37*. It was in the story of the angel Gabriel telling Mary she would have a son. The Annunciation. When Mary wonders how she can have a child when she doesn’t even have a husband, the angel replies, “With God nothing will be impossible.”

As Ashley slowly repeated each word, “With God nothing will be impossible,” I found myself thinking of that frightened young woman 2000 years ago who would bear the weight of history. What would have happened if she hadn’t trusted the archangel’s words? How would things have turned out?

Ashley dug into her box of colored pencils to sketch an angel reassuring a young woman of Nazareth. She started drawing, her gaze intently following the line of her pencil. *That’s right, I thought to myself, with God nothing is impossible.*

Not teaching a dyslexic fourth grader how to read and write. Not finding the right school for her. Not finding the money to pay for it. *With God nothing is impossible.* That would be my New Year’s wish.

The vacation passed quickly. Ashley never forgot her homework. Almost every day she took out a sheet of paper and worked on a *Bible* quote. And I worked on believing without a doubt that very first one, that with God nothing is impossible. It was beginning to sink in, and I felt my burdens lifting.

By the time we returned to school, Ashley had all her drawings finished. But that morning as we drove back, I could tell she was anxious. So was I. Perhaps I had expected too much of God.

As we walked from the car Ashley grabbed my hand. “Hi, Mrs. Lohmeyer,” someone called on our way down the hall. The smells of books and chalk mingled with the sound of children laughing. Ashley slowed as we reached her classroom. I turned to give her a goodbye hug. She pulled me down and put her arms around my neck.

“It will be okay, baby,” I whispered in her ear. “The day will go by fast, and when school is over we’ll go for a treat.”

She let me go, but tears filled her brown eyes. I fought off tears of my own as I watched her walk to her desk.

I wasn’t really thinking of my students when I entered my classroom. “Mrs. Lohmeyer!” Kari came running up to me. “It’s here!” she said. “Your present finally came.” She handed me a small package.

“Thank you, Kari,” I said. “I’ll open it during my break.”

“Open it now,” she said, her cheeks flushed. “Please.”

Unable to resist her enthusiasm, I put my books down, sat in my chair and undid the curly ribbon. “My first gift of the new year,” I said, repeating my promise. As I tore the paper, I prepared in my mind all the wonderful things I would say about this gift, regardless of what it was, but when the wrapping was gone and I held the notepad in my hands, I was speechless. Kari studied me, worried.

“Mrs. Lohmeyer, what’s wrong? Don’t you like it?”

“Yes,” I managed to say, giving her a huge hug. “I love it.”

“It has your name on every single page,” Kari said.

And above my name, as though the angel were uttering it directly to me, were the words, “With God all things are possible.” They were, they had been, they would forever be. “How did you know that was my favorite promise in the *Bible*, Kari?” Kari grinned, finally convinced the notepad was indeed the perfect present.

Two months later I received a phone call from a private school we’d been looking at for Ashley. The principal said she would love to have her as a student the following year, and she’s been enrolled there ever since. She’s blossoming with the help of first-rate teachers and an excellent program. Sometimes, I admit, there are rough patches, and Mike and I still worry about how we can afford everything. But then I remember, nothing is impossible. Really, nothing. It’s a promise God has kept for 2000 years. —by Raquel M. Lohmeyer, Ellicott City, Maryland [End quoting]

Aren’t God and His angels wonderful in the way they fulfill their purposes, and their timing is so magnificent! 

The Sky Is Falling And It's *Not* Good

[Continued from Front Page]

that elaborated even further on deadly things that fall from the sky. This current article will hopefully put even more of this story into perspective.

Many of the contrails we are seeing today do not dissipate as normal contrails would, but are instead coalescing into broad cloud-bands that gradually spread out to cover the sky with a thin haze. Technically speaking, what we are seeing today cannot be called contrails as they do not dissipate as normal contrails (composed mostly of water vapor) do. Since there appears to be ever-increasing disease, debilitating physical conditions and death associated with what is being intentionally sprayed on us by today's jets, it might be better to call it chemical and biological warfare being waged against the general population. It's insidious, but true.

William Thomas is an Environmental Reporter who carefully and meticulously researches and documents his findings. He is the author of a book called *Bringing The War Home* (published by Earthpulse Press, Inc.) which deals with the Gulf War Syndrome. He was recently asked (in January) to investigate the growing contrail story, and what he found very quickly painted an unmistakable and undeniable picture. He immediately published a paper called "Contrails—Poison From the Sky", available on the Internet (<http://www.islandnet.com/~wilco/investsky.htm>).

Mr. Thomas made an appearance on Art Bell's late-night talk-radio program on Jan. 25th, 1999 and presented his shocking story. Art had trouble believing this is intentionally being done with the knowledge of our government, but even he could not deny the overwhelming evidence Mr. Thomas presented. Regular readers of *CONTACT* should know that part of the "elite's" Global Plan 2000 involves a major depopulation of the planet. Is this current story part of that plan? Let's see what Mr. Thomas uncovered and then you be the judge.

Mr. Thomas' investigation started because people in Washington state were reporting mysterious disease and illness they associated with contrails sprayed in their area. (quoting)

Washington state resident William Wallace became ill with severe diarrhea and fatigue after watching several multi-engine jets spend New Year's day laying cloud lines in an east-to-west grid pattern. A neighbor working outside came down with similar symptoms. Both their wives, who remained indoors, suffered no ill effects from the inexplicable maneuvers which observers liken to high-altitude "crop-dusting" by unidentified multi-engine aircraft.

Wallace wonders if ethylene dibromide, a highly toxic component of JP-8 military jet fuel, is making people sick. (End quoting)

Ethylene dibromide, also known as EDB, is a pesticide that was banned in the U.S.A. in 1983 because it was found to be a highly toxic carcinogen and mutagen that causes eye and skin irritation, cardiopulmonary arrest, and respiratory failure. It attacks the liver, the lungs and the skin, causing liver and lung damage and cancer. It also lowers the body's immune system by depleting the B-vitamins and zinc. EDB is a stable compound, meaning it does not easily decompose. This would account for the substance staying in the air for long periods of time. But then it falls to Earth where it comes into contact with humans, plants and animals.

To quote from William Thomas' article: (quoting)

The strange spray patterns [from jets] are being reported repeatedly over towns in Tennessee, Connecticut, New Hampshire, New York, Nevada, Idaho, Mississippi, Montana, Michigan, Texas, Oklahoma, Washington state, California and Florida.

Wallace has been watching formations of high-flying jets weave grid-like contrails above his home since last summer [1998]. Each time, "We get a taste in our mouth," he reports. He and his wife Ann get "kind of tired and sick," having "no energy to do anything."

After plants began dying around his mountain cabin, "I got real sick for about three weeks," Wallace relates. "My eyes watered. Fluid came out of my nose. I could hardly move my arm up above my head to comb my hair for about a week."

Wallace and his wife are not alone in their plight. In March, 1996, Dr. Greg Hanford [a dentist] bought an expensive camera and binoculars to keep an eye on jets spraying white bands above his Bakersfield, California home. Hanford has counted 40 or 60 jets on some "spray days".

"Everybody seems to be getting sick from it," Hanford told ENS. "Hackin' and coughin' when you really get nailed with this stuff." The dentist, many of his patients and two receptionists have repeatedly contracted severe respiratory infections. Hanford's illness lingered for five months despite courses of four different antibiotics.

"It's really weird," Hanford says. "You think two jets are going to hit each other—and then they make an X." The dentist says he has sometimes seen "furry globular balls" spread downwind in a long feather from the high-flying

aircraft...

"Passenger jets don't make contrails that stay and become clouds," Wallace observes. Government officials deny that anything unusual is taking place. When Hanford called the local airport, tower personnel told him there was "nothing going on". The jets were "just commercial" undergoing "international flight training". But a skeptical Hanford responded, "Is the F.A.A. going to allow two jets to come at each other?"

Pseudo-color, multispectral images taken April 20, 1994 by a N.O.A.A. [National Oceanic and Atmospheric Administration] satellite, reveal a number of contrails over Oklahoma and Kansas. X's, overlapping W's and the Roman numeral XII are among the patterns flown by the mystery aircraft. Last June, Hanford watched four aircraft spraying in circles to form a perfect bulls-eye. Through his Swaroski binoculars, Hanford could see what "looked like a 737" painted all-white on top with an "orangish-red" underbody and red engine cowlings. Another 727-like aircraft was painted "all-white with a black stripe up the middle of the fuselage". None of the planes carried identifying markings.

Pat Edgar has been watching the jets spraying over eastern Oklahoma since a sunny day in October, 1997 when as many as 30 contrails occluded the sky. "They look like they're playing tic-tac-toe up there," he says. "You know darn well it's not passenger planes."

Edgar says he has watched "cobwebbing stuff coming down" from the zigzagging jets flying "all day long, line after line, back-and-forth, like furrows in a farm field". Edgar adds that "There is a lot of Lupus in the area now. A lot of women have come down with it."

Edgar's father-in-law, a former judge, and three or four other close friends were hit hard in their immune systems. Symptoms include swollen hands and legs, night fever and shortness of breath. Retired Oklahoma state judge Bill Ed Rogers now runs out of breath after walking 20 feet to the bathroom. Climbing stairs, he says, "is directly out of the question."

Rogers does not attribute his strange malady to the mystery jets. But neither he nor his doctors can explain his breathing difficulty, which began shortly after spraying began in November, 1997, and is getting worse. The 57-year-old former judge says he thought he was experiencing congenital heart failure when he was admitted into the Mayo Clinic last January. But after being diagnosed with severe inflammation in his right lung, a team of top surgeons were unable to pump an unidentified "jello-like" fluid from his lung.

Edgar, Wallace, Hanford and other eye-witnesses are uneasy over the ongoing aerial "experiments" and the secrecy surrounding them. "They're gettin' ready, practicing," Edgar believes, for some kind of mass population cull.

Before Edgar sold his restaurant, customers came in complaining of airplanes "flying around all night" over a remote area of Oklahoma. In the morning, they could see "stuff comin' out of their wings". Edgar says he knows four dozen witnesses who have "come down violently ill, coughing up blood for two weeks—or [with] real bad nosebleeds." As far as he's concerned, "it had to be something in that doggone plane that was spillin' out in the middle of the night."

Edgar joins witnesses across the U.S. who worry that whoever is behind the mystery

spraying just has to “come up with something a little stronger later on. “It’s just a guess,” he says. “But it sure seems weird. They have a mission. They go back and forth all day. Hey man, I’m talkin’ hundreds of contrails a day! It’s unbelievable.” (End quoting)

William Thomas himself believes the available data definitely points to a cull being conducted by someone(s). And the aerial spraying over Bakersfield has been easily visible from just west of Tehachapi.

Rob Meyer (a past president of the Northeast Chapter of the International Tesla Society) of Sedona, Arizona, whose e-mail address is robmeyer@sedona.net, is now putting out information and reports he is receiving on the unfolding contrail story. One woman from southern Florida just reported seeing several of these strange contrails in a huge J-shaped formation. If all of the above is the story we are hearing, how much more is there that has not been reported?

Lorraine Geric of New River, Arizona (just north of Phoenix) said that in late January, 1999, a Phoenix TV-station news anchor-woman stated on live TV news that she personally had some kind of strange substance fall on her car, and that she believed it was from a jet. Lorraine also reports that the U.S. Army Corps of Engineers now wants to use JP-8 jet fuel (with EDB) to help burn the chemicals on Chuck Byers property at New River!

Robert Nakaya, who lives in Orange County, California (just south of Los Angeles) just called Dr. Al Overholt and told him the aerial spraying has been going on in Orange County and everyone he knows is sick.

As an example to show that we must use discernment when using the Internet, Rob Meyer posted information from a man named Jack O’Brien who believes that the jet spray also contains “a vaccine against Anthrax”.

Mr. O’Brien wrote that he “did a lot of yes-no questioning and intuiting,” and determined that “They [the government] are dumping a killed strain [of Anthrax] hoping to cause immunity in the general population.” He was “picking up” the idea that there was “a plot by the Iraqi government to spread such a disease [Anthrax] in populated areas of the U.S.,” and that our government doesn’t “want to divulge this because of the panic it would cause, just as a nation-wide vaccination would.”

Mr. O’Brien adds that, “The large-scale spraying means they have been working on this potential problem for some time and are acting because they believe the threat is imminent. The people in charge are taking a calculated risk that the benefits far outweigh the risks.”

Now, think about this information seriously and think about how much our government tries to help us(?). Does this information from Mr. O’Brien sound accurate? It might seem more logical that Mr. O’Brien is himself being deceived through specific disinformation being programmed into his head, or that he could be a disinformation agent intentionally giving us this wrong data.

Think clearly about this for a moment and try to read between the lines. When Mr. O’Brien says they have been working on this for some time because they believe the threat is imminent, does this mean our government is planning to hit us with a major Anthrax attack and then blame it on Iraq?

Coincidentally (?), on the same day that William Thomas was on Art Bell’s show (1-25-99), President Clinton was making remarks about possible germ warfare attacks by terrorist groups! This would obviously include Anthrax. And on the same day there were news reports about military personnel threatening to resign if they are forced to take Anthrax vaccinations.

Mr. O’Brien also said that the people in charge were taking a calculated risk that the benefits would outweigh the risks. What if they don’t and we all get Anthrax from a government-orchestrated attack, or worse from the aerial spraying itself? He has already told us their plan might not work. Read all information very carefully, as these times require great discernment on our part.

The Anthrax scare is being hyped and perpetrated on us almost on a daily basis. On Feb. 4th, 1999, it was announced on C.N.N.-TV (Cable News Network) that packages in Atlanta, Georgia which supposedly contained Anthrax were later found to be hoaxes. In the last months of 1998, in Los Angeles, there were four Anthrax scares over a four-week period. There have been many other such incidents recently, and in most cases no one claims responsibility, which is unlike terrorist groups who always want to draw attention to their cause. So, who’s doing it? Government-orchestrated terrorist acts and incidents never identify the perpetrator (as in the Oklahoma Federal Building bombing)!

In the Front Page story in last week’s *CONTACT* (Part I of this series), there was testimony from Dr. Leonard Cole before the U.S. Senate Committee on Veteran’s Affairs in 1994. Dr. Cole laid out an extensive pattern of aerial spraying (so-called “tests”) conducted by the U.S. Army since 1949 and at Dugway Proving Grounds in Utah. Dr. Cole said that if such tests must continue there should be an informing of the people effected by the spraying of biological agents, a monitoring of the health of said people and a full informing of the neighboring medical community.

The fact that Dr. Cole’s policy suggestions have never been implemented since 1994 and have never been followed in any manner should be clear and convincing evidence that we are not talking about tests, but that we are talking about chemical and biological war being waged against the Citizens of the United States of America, in total contravention of the *Constitution*!

At the Internet website address of www.cbdcom.apgea.army.mil/Missions/dp/fs_120c.html, at the “Domestic Preparedness” page, there is a list, put out by the U.S. Army, of 120 American cities which are considered as potential terrorist targets. By order of President Clinton from early 1998, some of those cities are being stockpiled with Anthrax vaccine.

Since we know that our government will attack and kill American Citizens and blame it on terrorist groups (e.g., Oklahoma City Federal Building), and since we know that vaccines, including the Anthrax vaccine, may actually be for the purpose of infecting the people with deadly Anthrax, are we possibly being prepared for a major Anthrax attack in the United States? William Thomas certainly appears to be correct in saying that what is being sprayed on us in the “contrails” is for depopulation. Again, regular readers of *CONTACT* should understand that this is but part of a larger plan for major depopulation of the planet. What are we going to do about

it???

On Feb. 18, 1999, William Thomas made a second appearance on Art Bell’s radio program. Since his first appearance last month, he has spoken with over 200 eye-witnesses including doctors, police officers, pilots and military personnel coast to coast. Many hospitals coast to coast are filled to overflowing with sick people, and doctors in New York admit this is not any kind of flu, but some type of unknown upper respiratory infection.

Mr. Thomas has now documented the spraying (which he has named “chemtrails” instead of contrails) in over 41 states, with more chemicals than just EDB. And he contends that some of the symptoms now match Gulf War Illness. He has posted a new paper on his website titled “*Hospitals Jammed as Banned Pesticide is Sprayed From the Skies*”.

Art wondered why NBC, CBS, ABC, and CNN are not reporting on this shocking information. When you realize as well that the C.D.C. (Centers For Disease Control) is also absolutely silent on this diabolical issue, not issuing any type of warning or announcement whatsoever, you realize that none of this is supposed to exist—in other words, we are not supposed to know about it! So don’t expect any official acknowledgement any time soon.

Art said that after Mr. Thomas’ first program, he went out to observe how the jets were flying over his Pahrump, Nevada studio/home. Art was shocked to see aerial spraying, and both he and his wife got sick!

Art’s second program with Mr. Thomas got into the subject further, and rather than make this segment overly long, it will be better to continue this with a third segment soon to follow.

Some things that will be covered in Part III include—People being brought into ERs, many for the first time, with acute respiratory problems like bronchitis and phenemonia—The fact that sighting reports of spraying match the areas where hospitals are overflowing with admissions—Doctors coast to coast admit we have an epidemic [of something]—Hospitals in Phoenix and Oklahoma are not admitting new patients—Schools are being closed due to the epidemic—Areas recently sprayed include Knoxville, Tennessee, Asheville, North Carolina, and Dallas, Texas—One “test” spraying in 1953 was over a Minneapolis, Minnesota elementary school with 600 children inside—Minneapolis was sprayed in 1997 on 61 separate occasions—Title 50 of the United States Code, at Section 1520, allows all this spraying if “the experiment is related to research activity”—Pathogens are being sprayed, which are produced by the American Type Tissue Culture Corporation (A.T.T.C.C.), the same corporation in Maryland that sent 72 shipments of germ-warfare cultures to Saddam Hussein between 1984 and 1993!!!

Mr. Thomas points out that only two things are currently known to help the conditions reported—colloidal silver, and oxygenation therapy. Fortunately, with New Gaia Products we have an even greater arsenal to fight those assaults on our health. Stay tuned for more of this breaking story.

Editor’s note: As our Front Page story last week and again this week make very clear (and

which will be made even more scary in next week's story on this subject), this is **SERIOUS TIME** for illness being inflicted upon we-the-people. One matter William Thomas made very clear on Art Bell's late-night talk-radio show on 2/18/99 was that only colloidal silver and oxygen (ozone) therapies were effective against whatever is being sprayed on us; antibiotics were rather useless in many instances. With that in mind, we are here reprinting excerpts from a series of three writings by Commander Hatonn from almost four years ago now. This information may "just" save your life!

5/11/95 #1 HATONN

SILVER AND GOLD

"Diamonds are a girl's best friend"? Well then, gold is man's best friend. It is also his worst enemy—so choose your product wisely.

I'm not interested in your "pretties", but in diamond chips, which are the **best** you can have around for data storage and memory keeping. The problem is that Elite cartels own them all, and you are only given what **THEY** want you to have. Unfortunately for you-the-people, **THEY** have them for use in their mighty mischief machines and you don't have them for your best advantage. We won't linger on that for now—you will be able to use more simple forms of carbon for our body needs, for the moment, and for a lot less cost.

SERIOUS TROUBLE AFOOT

Gold, however, is going to prove to be a must if you wish to survive the **CRYSTALLINE** viral assaults. In some of the man-altered viruses the zinc molecule which attaches the cap (head) to the viral body has been tampered and upgraded to, in some instances, titanium. Why? So the antibiotics of choice can't knock it out easily. When you remove the attaching programmed "head" or "cap" of the virus, the entire robot then disseminates. If there are "drias" or "drianas" present, the particles will be absorbed as fuel for the cells and then absorbed or washed away.

So, you have to have something able to carry enough "harmless to the other body cells" frequency to break or bind with—the attaching molecule. This is all tampering with DNA, RNA and genetic structures of cells or **CRYSTALLINE** life forms. **EBOLA** is one of them and it has been **UPGRADED** with a new "neck".

One reason the "silver" colloid has been allowed to continue on the market is because the enemy knows he has some attackers on which silver won't be quite so effective. The immune system using silver backup will defend the body pretty well, but with a massive assault by the virus, it can't handle the load because of the rapidity of reproduction built into the programming of some of these viruses. By the way, the one now upon you is **MAN-MADE** and was **INCUBATED** IN "GREEN MONKEYS". **SO DON'T THINK YOU ARE DEALING WITH GREEN MONKEYS SIMPLY HANGING AROUND THE JUNGLE—EXCEPT OF COURSE, FOR THE INFECTED ONES INTENTIONALLY INTRODUCED INTO THE DESIRED OUTBREAK AREAS, SO YOU CAN BE TOLD IT'S IN THE MONKEY GENES.** You will then go forth and kill off your animal friends in addition to killing off great masses of people.

THE MAN-MADE DEADLIES

These diseases such as Lassa Fever and Ebola, and Marburg Fever, were created to assure winning in **WAR**. You have been told over and over again to expect biological warfare and, by the way, **Russia STILL** has the highest and most effective weapons of same.

[Editor's note: Mr. Clinton is in Moscow, summoned, we expect, by Mr. Yeltsin. Mr. Clinton was apparently declining to provide some assistance requested by Mr. Yeltsin, who was quoted as remarking something like: "Not to worry, we always have our 'spheres of influence' to fall back upon." *Cosmospheres, perhaps?*]

WHY THE ATTENTION-GETTER MOVIES AND NEWS REPORTS? REMOVAL OF YOUR BILL OF RIGHTS

To **PROTECT** you-the-public, not just from terrorists with bombs but especially terrorists with disease organisms—the **Government NOW HAS ALL IT NEEDS** to have a **REAL INTRA-National Emergency** on a domestic basis. You must understand that during **INTERNATIONAL EMERGENCY OR WAR** the **WHOLE** of your *Constitution* is not automatically "set aside"—the *Bill of Rights* is supposed to continue to cover you as citizens. **BUT**, in a Domestic National Emergency of such widespread potential as disease, terrorist activities, or other widespread problems—**EVERYTHING STOPS!** The *Bill of Rights* is suspended for the duration of the "National Emergency".

I can tell you **NOW** that the disease in Zaire is intentional because the testing needed to be done with a somewhat less virulent strain of virus to see what would happen to the immune-system-compromised populations. That basically includes everyone on the globe because of such atrocious nutrition deprivations; however, the intended show-and-tell will be decided among the **HIV** carriers. This is a method of finally wiping out great numbers of people. Why Africa? Because that is the place where the most of the population are less worldly, less modern. You have tribal or primitive modes of living in those African communities where disease is going to run rampant. **THERE ALWAYS HAS TO BE A "TEST" GROUND AND A "COUNTER-CONTROL" GROUP.** **AIDS WAS INTRODUCED INTO AFRICA UNDER THE GUISE OF SMALLPOX IMMUNIZATIONS** and there you have it: Africa, for introduction, is the place of Choice. It is also being introduced at the **SAME** time as the Russian/USA summit meeting—**TO MAKE A POINT!** **THE POINT HAS BEEN RECEIVED AND THE U.S.A. EFFECTIVELY NEUTRALIZED!**

I will speak of "protection" or countering possibilities in a minute but now I am going to scare the pants off you and I hope you listen up. I, further, ask you, whether you believe me or not—to go forth and get **A HIGHER FORM OF KILLING** or get the journal which covers the subject of biological warfare. (*A Higher Form of Killing: The Secret Story of Chemical and Biological Warfare*, Robert Harris and Jeremy Paxman, 1982. Hill and Wang, New York [A division of Farrar, Straus and Giroux]).

I want to present a short excerpt from that book from pages 218-219. I want you to keep in mind that there is actually **NO DIFFERENCE IN** the Soviet Union Bolsheviks and that which **RUNS**

THE U.S.A. I also wish you to realize that this book was presented over a decade ago—so guess how far the bastards have moved since then—and, it was bad enough **THEN**.

[QUOTING:]

As the deadline for the destruction of biological weapons approached, attention turned to the Soviet Union. Would a similar display take place there? The Russians merely issued a statement announcing that the Soviet Union "does not possess" any bacteriological weapons. Ignoring the question of whether they had ever developed any biological device in the thirty years before the treaty was signed in April 1972 did not help to build confidence between the Superpowers.

In addition, the agreement to ban biological weapons contained one serious flaw. There was no provision for one side to inspect the other's facilities to determine whether or not the treaty was being adhered to. The growing distrust led to a campaign in the Western press the likes of which had not been seen since the scare stories of Russian "disease factories" in the early fifties. Within months of the Biological Weapons Convention coming into effect, suggestions were appearing that the Russians were already breaking its terms.

[H: Remember what we told you at least five years ago: THERE ARE MORE RUSSIANS IN YOUR CIA THAN AMERICANS—AND—IN THE WORLD HEALTH ORGANIZATION AND WITHIN YOUR CENTERS FOR DISEASE "CONTROL" THERE ARE AS MANY RUSSIAN SCIENTISTS AS THERE ARE AMERICAN—MAYBE MORE. Now, do you still wonder WHY there is also a massive movement of Russian equipment and war apparatus, along with soldiers, now infiltrated into your country? YOU ARE UNDER SIEGE, WORLD, AND IT HAS ALMOST NOTHING TO DO WITH "RUSSIA". RUSSIA JUST HAPPENS TO BE CONTROLLED BY THE SAME "GODHEAD" AS IS NOW CONTROLLING THE U.S.A. IT IS ANTI-CHRIST AND IT INTENDS TO HAVE IT ALL, INCLUDING A MASSIVE DEPOPULATION OF THE GLOBE. I THINK PERHAPS WE ARE GETTING TO THE TIME WHERE OUR JOURNALS WON'T BE SO ASSAULTED AND DENIED. WHAT DO "I" INTEND TO DO ABOUT THIS? NOTHING!! THIS IS YOUR MESS—YOU CLEAN IT UP! Neither am I going to GIVE you some magic potion to sooth your aching head OR "protect" you. We will offer that which we CAN in your regulated society of idiots, to shelter those of our people—who obviously are readers, etc., of our presentations.

The prophecies down through the eons have warned you of these days and they are upon you. Mine is not to either "tell you so" or preach on anything, spiritual or otherwise. How did the prophets **KNOW?** Because it was **ALWAYS** written in the Adversary's **GAME PLAN—ALWAYS RIGHT THERE IN FRONT OF YOU WHILE YOU SLEPT AND DID ALL MANNER OF ATROCIOUS THINGS AGAINST GOD.** So be it—now that **PIPER** is expecting to reap his rewards and no, I won't interfere. It is not appropriate for I am not **SENT** to **SAVE** anything except God's people, and that **ONLY IF THEY WISH TO BE MADE SAFE WITHIN THE REGULATIONS, THIS TIME, OF GOD!**]

"There is evidence," said an article in a Boston newspaper, "that within recent months the Soviet

Union has been constructing or expanding facilities which appear to be biological-arms production plants, having very high incinerator stacks and large cold storage bunkers that could be used for stockpiling the weapons." Three months later came another claim, this time from the syndicated columnist Jack Anderson. Anderson told his readers that the chief Soviet medical attaché in Washington had been caught trying to "weasel suspicious information" from American scientists over dinner at a genetic-engineering conference in California. "His efforts to elicit information that could help the Soviets advance their germ warfare research were obvious," said Anderson.

The claims continued. In January 1978, a correspondent with *Reuters* news agency reported from NATO headquarters that "scientific experts" had informed him that the **Russians were developing three horrific new diseases for warfare: LASSA FEVER, WHICH, ACCORDING TO THE SOURCES, KILLS 35 OF EVERY 100 PEOPLE IT STRIKES, EBOLA FEVER, WHICH KILLS 70 OUT OF EVERY 100, AND THE DEADLY MARBURG FEVER (GREEN MONKEY DISEASE).**

Not surprisingly, the effect of these allegations was to throw serious doubt on the value of attempting to negotiate a second treaty with the Soviet Union to ban gas warfare. Indeed, in the summer of 1978 a story appeared suggesting that Nixon's original decision to stop developing new chemical and biological weapons had been the result of work by Soviet spies. "According to US intelligence officials," said the *New York Times*, "the Soviet Union attempted to influence then-President Richard Nixon in 1969 to halt chemical and biological weapons development by transmitting information through double agents working for the Federal Bureau of Investigation." The paper maintained that the director of the FBI, J. Edgar Hoover, had conveyed the information to Nixon personally. While none of Nixon's White House staff was able to recall having been given any information about chemical or biological weapons by FBI agents, the *New York Times* report was sufficient nonetheless to add to the growing disquiet over what the Russians might be up to....

I'm not going to offer the repeat of the information—how much is run in the paper is up to the staff of the paper. I am, further, not going to put my people through the assaults and complaints which continue to beat them down every day. We have to work with about three people to do the damnable work of twenty and THEY mostly volunteer their time and efforts just to keep pushing information and products to you.

I would like to close this now—it has not been so pleasant a writing, I suppose, but I don't know how else to offer such information. We will continue to make product as quickly as we can—but we act only within the regulations and that is simply all that we can do—save shut down entirely.

You will have the strength you need AND WE WILL CONFRONT THE NECESSITIES AS THEY ARRIVE.

Let us close this so that we can begin to organize, in our own minds, our steps.

Thank you.

We will continue this subject when next we can.

5/12/95 #1 HATONN

I feel I need to keep you a bit updated on some of the subjects we drop like a bomb on your minds. I rarely intend to frighten you but sometimes your health and your circumstances are severely jeopardized and when I see it coming, readers, I AM GOING TO INFORM YOU and, further, I will tell it as seriously as I can and worthy of the attention.

THE SOVIETS

"They" can change the name of Communism to distract you—but there is NO CHANGE IN THE SOVIETS. There is NO COLLAPSE of the Soviet SYSTEM. And, THEY have the U.S. boxed into the CORNER with nowhere to run and nowhere to hide.

NUCLEAR

When asked to back off sending nuclear material and equipment to Iran it was said by Mr. Yeltsin to Mr. Clinton at the phony summit: "Don't push us, Mr. Clinton, we have other spheres of influence." (That was ON YOUR NON-NEWS!) Yes they do—and they showed it—at Zaire with something that, given the "enhanced" and molecularly changed virus, THERE IS NO TREATMENT. They, further, have control and that New World Order you somehow think YOU WILL RUN—is NOT going to be run by the United States, good friends—it is going to be run by the highest Elite thugs on your planet.

BUGS

You are surrounded by Cholera, Bubonic and Pneumonic Plague, parasites introduced into water systems which CARRY HIV and Trichinosis and even spirillum and the whole family of spirochetes (syphilis-causing organisms). In the testing of water supplies, readers, some of these things are never even tested. Parasites are rarely isolated in the testing procedures and, until there is a breakout of illness they are not particularly noted. Why? Because the plan is to "luck out". The ordinary treatment methods do not kill off the most serious of these organisms which CARRY other disease

causers.

What is being intentionally loosed on you, however, has NO TREATMENT and will run rampant, like smallpox did through the Native American population in early America. These are diseases brought forth by the Anti-Christ—STOP BLAMING GOD! GOD gives you ways to deal with it IF you want to deal with it. But we certainly are NOT going far out of our way to bear the brunt of your hate-mail as is now happening. You go right along thinking and spouting that we are quacks and cultists and thus and so—and go right down the tubes. But please stop annoying us. It is YOU, who spout the negatives, who will be HELD RESPONSIBLE AS THINGS FALL APART AND THE MASSES RISE UP AGAINST "YOU" FOR YOUR STUPIDITY AND BIG MOUTH. IT IS HAPPENING NOW—AS WE SPEAK. AS PANIC RUNS THROUGH THE POPULATION, TERROR IS BORN AND THE ONES WHO ALLOWED AND LAID THE FOUNDATION OF THIS INSIPID DOWNFALL AND INFECTING OF HUMANITY—WILL RECEIVE THE BRUNT, EVENTUALLY, OF THE MASSES. THERE WILL BE NO GOD THERE TO HELP YOU THEN!

WE CAN ONLY OFFER HEALTH INFORMATION

I would like to offer as we can, more health information and I ask, especially, AS LONG AS WE CAN HAVE A PAPER, that there never be an edition without a HEALTH section. You MUST know about the products available and you must know about the reasons for the choosing of the products available through New Gaia. In EVERY instance, if produced by anyone working with us—they are going to be LIVING, as in enhanced DRIAS, the LIVING CELL OF LIFE. The spelta here, is soaked in Gaiandriana before planting so that the seed is planted with the Drias present to become one with the kernels. Even the colloids are held in a Gaiandriana suspension to HOLD the frequency which is THE property which allows the destruction of viruses and bacteria species with low-frequency structure. Actually, the frequency in DRIAS can EXCEED anything structured to any frequency. You cannot get "higher" than that offered by the invisible solar frequencies which totally mutate cells of human structure. So, we keep the frequency to the level of non-negative effect on anything save the organism in target. The Dria carriers are limited by DNA to accept damaging frequency for human use. Almost all living "animals" can use and tolerate much higher and lower "frequencies" than can humans.

You cannot "overdose" on these Gaia products—BUT you sure can destroy your necessary organisms that must be present in your digestive tract [*by overusing the OxySol or GaiaCol colloidal silver & gold solutions*]. So, if you feel a need to overdo—then replace the organisms with supplements. My advice is to use your brains. If you are sick and you have symptoms of any disease "prevailing in your community" (because if you have been using our products—you won't get sick FIRST), then act accordingly. For instance, if there are 32 or 150 or 10 or 2 people who have been diagnosed with Pneumonic or Bubonic Plague and YOU HAVE THE IDENTICAL SYMPTOM STARTING—GET WITH A HEAVY HIT OF COLLOIDS. DON'T BE FOOLISH—GET WITH A HEAVY INTAKE IMMEDIATELY. THE WORST THAT WILL HAPPEN AFTER A FULL SERIES OF INTAKE IS A NEED TO RESTORE

THE ACIDOPHILUS AND LACTOBACILUS.

Would it be better when invaded by these “mystery” and deadly organisms to get the “stuff” by IV or IM? Yes, but that is against the LAW for us to suggest, so we won’t suggest it. It would be PERFECTLY SAFE in all ways to use it that way and, in a Gaiandriana solution, used such as Saline solution for shock, would be so enhancing and quick-acting as to shock the world. You see, the cells (Driana and Drios) CARRY OXYGEN JUST AS DO BLOOD CELLS—they are perfect little critters who TAKE ON INDIVIDUAL DNA-RNA TO SUIT THE HOST. One drop of your blood into a bottle of Gaiandriana solution—will produce a DNA reading, as transformation takes place, of YOUR DNA. This is why you can’t begin to actually claim O.J. Simpson even had to have blood at the site of his so-called “murders”. Blood is so easily CLONED, in several ways, as to be silly and totally grotesque to be argued over in the manner presented in the courts. However, in that case, it isn’t even that complicated—he simply didn’t do it and this is a set-up to continue to pull you into chaos. Read Gary Wean’s presentations on this subject [see the 3/28/95 issue of CONTACT]. IT IS ACCURATE and now it is KNOWN who did the “ritual” murders. It is YOU-THE-PUBLIC who are deceived. The rest of the world KNOWS, they just are past the time of being able to do anything about it—JUST AS, SOON YOU SHALL BE.

Yes, you can “treat” yourselves but you will notice that most of those “treatment” modalities are called “quackery” [by the AMA and FDA quacks] and are shut down from your access. Ozone in PROPER use will kill the little suckers and Hydrogen Peroxide will take them out. The reason for the “carriers” is that chlorination, as THE only system of protection, will only weaken the parasite, which then allows for the growing of the borne-organisms to become ever more strong and resistant to antibiotics. Then, when out of the reach of the chlorine, they can break loose and flourish.

A healthy body and immune system is, of course, the best defender of your turf, but immune systems are so badly assaulted by demineralization of food supplies that you hardly ever find a really healthy immune system any longer. Junk food junkies pay the price now because that which is in, say, wheat products, corn products, etc., is stripped of nutritious value. That’s not the half of it, though, because so is your flour, bread and thus and so. Your milk products are filled with everything done to the cow in order to keep her alive long enough to give milk. I prefer, actually, artificial milk—but that is not available in too many places any longer. Next best is acidophilus-added milk. The acidophilus (which you have to have in the intestinal tract) is killed through pasteurization. Medicine [conventional] to “save you from yourself” is KILLING YOU.

That is your business and certainly it doesn’t require a massive program of do-or-die replacement with whole grains such as spelta, and then you can eat the garbage and it won’t particularly hurt you—except of course for FAT build-up. Fat, in itself, is a good storage for energy, and the anorexic who is skin and bones to be fashionable—will not make it through disease or hard times. This is for two reasons: a reasonable fat cover is excellent for bogging down deleterious, purposely broadcast frequency waves and pulses, protects from the higher invisible Sun rays and gives a reserve for energy storage. Too much, of course, is debilitating.

Therefore as the Master Teacher said: All things in moderation! But, readers, as far as I am concerned—any way you wish to commit suicide is up to you—keeping you from doing so is NOT MY BUSINESS. What I object to is your lack of ability or allowance to REALLY choose up your own weapons for a duel with the Grim Reaper.

5/15/95 #1 HATONNSTAYIN’
ALIVE

I need to remind you succinctly about Colloids and a couple of other things we have offered you—plus some we now stand ready to offer you, in limited supply, as upgraded items. You already have available the “grape seeds” through New Gaia [see p. 19 for ordering information], and our people are seeking out a way to get to you, from here, the equivalent of DHEA and Melatonin. You do not need much of either—but the cost at retail level of these products is mind-boggling, to me. We also have to have a product of superior quality or New Gaia’s name will not be affixed. THE LIES REALLY DO STOP RIGHT HERE!

I choose to not write on these things yet because what is happening around you is so much the more important because you may well not have ANYTHING available now to counter the assault of the DNA-upgraded attacker-viruses.

I need to integrate into your “knowledge” banks the changes we bring and WHY, along with what to expect, especially visually, from any products from this source.

In the NEW tampered viruses, where a molecule of zinc once held the “head” or “cap” of the virus onto its body and thus allowed “life” from this crystalline formation and allowed programming, the molecule utilized now is most often Titanium, while they work on an even higher-frequency-tolerant “neck”. Silver [Ag] colloid can knock out the zinc molecule easily but can only disrupt those viruses bearing that insignia. This does NOT mean that it isn’t good for all the other hundreds of known invaders, but even when you move into the category of the nervous system attackers and brain invaders, you are “iffy” with just a silver colloid. Why? Because you must now deal with “frequency” or “light emission” (color) of the “antibiotic” and yet when you move into such high-frequency radiation—you kill off the body as well as any negative bacterial or biological substance. So, you need to go with something that carries high frequency, is harmless to “life” in a relative manner (even helpful to body function if at all possible), and can act as an immune system “shield” or enhancer.

Silver colloid will do this, but cannot destroy anything with a “higher” frequency than itself. Therefore, to have adequate POWER FREQUENCY you must move to higher elements which will take on the higher frequencies (beyond visible or even invisible ultraviolet rays). The word “violet” is a KEY word here. You are going to have to move into the purple frequency range AT LEAST for the new manmade invaders. It isn’t going to be, and I will tell you this right up front, enough to simply add a little gold [Au] and turn the solution violet.

That will help because in colloidalizing gold within the already colloidalized silver, the frequency will be brought up to meet the raw gold. However, if the “neck” on the virus is titanium alchemized into violet spectrum—you still are not going to blast out the little buggers, easily. You

have GOT TO HAVE A SOLUTION BEARING THOSE SOLAR FREQUENCIES AND EVERY MACHINE WHICH PRODUCES SUCH FREQUENCIES HAS BEEN TAKEN FROM YOU AS FAST AS THE “BIG BOYS” HAVE FOUND THEM.

Well, it doesn’t do any good to raid the Drias, for they have a programmed mind of their own and whether you like it or don’t like it—WE SPACE HOSTS HOLD THE PROGRAM KEY.

The “Big Boy’s” main puppets hold the antidotes for these manmade diseases but they may find it interesting when those very bugs are upgraded and turned back upon themselves!

LIES:
EBOLA & HIV

It’s OUT! The real news is leaking out! Hundreds of thousands (into the multi-millions) of people are now dying because of this one untreatable thing they are CALLING Ebola. It is programmed to immediately invade HIV carriers. It interacts with the HIV virus and forms an immediate bond and is deadly and is untreatable. I don’t know if, after combination, the solution we can offer will have the capacity to destroy the recombinant virus formed by that alliance. The problem is that by the time you get anything to the body—it is usually already dead. The new viruses formed by this bonding, however, are not inhibited by the dead body.

THERE IS NOT ONE HONEST THING COMING OUT OF AFRICA—TO YOUR ATTENTION. IF YOU ARE TO SURVIVE THIS PARTICULAR PLAGUE, YOU WILL HAVE TO ENHANCE THE IMMUNE SYSTEM “IN TIME” TO GET YOUR OWN IMMUNE SYSTEM UNDER CONTROL, KNOCK OUT ANY SIMILAR VIRUSES TO HIV (ANY OF THE RELATIVES OF HIV) AND SHIELD SELVES.

You are not allowed to have it in the public sector (and the doctors don’t have and CANNOT use unapproved products), so you are in a Catch 22: damned if you do, damned if you don’t. People could be “saved” in time if IV use of our solution could be utilized—but now the laws say NO.

YOU CAN’T EVEN GIVE ANYTHING INTRAMUSCULARLY IN THE PRIVATE SECTOR. THAT CAME ABOUT WITH THE USE OF IV DRUGS ON THE STREET. BUT, YOU SEE, WITH IV STREET-DRUG USE, THE HIV OR SIMILAR SUITABLE BONDING PARTNERS ARE INTRODUCED—IF NOT FROM THE INVASION BY NEEDLE, BY THE SUBSTANCE ITSELF!!

The “unwanted” useless eaters with terminal disease (including some forms of cancers) with these hosts in the body—will be “combined” and taken out. The substances themselves THRIVE on the conversion of alcohol in the body as well. If the simple conversion doesn’t work, the parasite carriers will produce what the viruses need and haul them around piggy-back.

I am accused of bringing FEAR into your innocent lives. NO, I BRING TRUTH, and if it instills FEAR within you—that is YOUR PROBLEM, NOT MINE.

We are terribly limited by that which we can offer you but there is still a “legal” way to enhance the silver colloid and we do it. However, we are having to meet restrictions (those Big Boys intend to not have interference from the balcony crowd) and this limits the ability to do what we would prefer—but, for now, we have sufficient frequency

capability. The real “product of choice” is to allow the purple solution to totally clarify to white transparency in Gaiandriana in the Sun—but the process is bothersome and too slow for our immediate needs. We can move as fast, however, as can our enemy. We START where the silver colloidalizer leaves off.

New Gaia Products may wish to consider the following discussion for a “brochure”.

OXY SOL & GAIACOL FREQUENCIES FOR LIFE

In searching for that which can serve most effectively as a universal type of “antibiotic”, the obvious is, for general use, colloidalized silver. However, with the NEW and deadly man-tampered and invented, viruses, silver frequency is not going to be totally sufficient to the needs as the enhanced viruses are ‘sprung’ on you.

It is the “frequency” of the mineral which is the really effective “charged” particle—carried in solution by the metallic particulate utilized. Gold is the borderline mineral capable of being utilized, from your elements available, for higher frequency, WITHOUT CELL DAMAGE TO THE HUMAN BODY.

Therefore, to have a SAFE higher frequency in a solution bearing at least the frequency of gold (purple color tone), you must move to the elusive “non-elements” of light and living cellular manifestation. We know those as “Drianas”, a whole-life form from DNA-RNA, bearing capability of holding the highest invisible energy as part of itself.

Introduced into the gold-colored, then purple, solution of colloidal silver, enhanced by “gold” frequency—the little life forms will convert the liquid, given time for gestation, especially in the unblocked rays (day or night) of the higher cosmic frequencies, to crystal-clear solution that will almost levitate. The particulate released DOES LEVITATE AND IS INVISIBLE. THE REMAINDER IS CAPTURED WITHIN THE COLLOIDAL SOLUTION.

We offer the necessary solution for ongoing structuring in Gaiandriana [see p. 19 for ordering information]—but you need a major counter for the assaulting organisms hitting you now. Silver, however, is not enough without enhancing the frequency to at least the frequency of gold. We pull off, in processing, in the Drianas, monatomic particulate which offers higher frequencies than are recognized on “your place”. In combination the monatomic particulate bonds and actually creates a new element not yet named on your place. You can’t even isolate it and those who realize the importance are very quickly shut down from production or, at the least, from sharing of the products resulting from the conversion.

We don’t have any interest in competition with any big-company products which, by the way, are presented to NOT offer healing. More damage is now committed to your “treated” bodies than can be repaired by any methods. You are moving into the areas, however, of “soul energy” damage and therein is where the confrontation must ultimately come about. I do not speak here of “faith healing” but I do suggest that you had better square away with God if you expect to heal. That is up to YOU and only YOU. We might be able to knock off the head of a virus—but HEALING IS UP TO THE INDIVIDUAL IN POINT.

To simple life forms, silver is as toxic as the

most powerful chemical disinfectants, and this, coupled with its relative harmlessness to animal life, gives it great potential as a disinfectant. Remember that silver nitrate was the “antibiotic” of choice for treating infant’s eyes in hospitals—at birth, routinely. This was to kill any organisms which might be carried from the birth canal. Silver nitrate, however, is toxic and can be deadly.

There is no disease-causing organism previously recognized that can live in the presence of even minute traces of the chemical element of simple metallic silver. There are organisms now present which can do so—and do so. This means that silver has to be upgraded in some manner of coalition with other things if you are to have full coverage from the new man-made organisms.

By the turn of this 20th century, scientists had demonstrated that silver was a proven germ fighter. They had also found that, beyond silver, gold was the element of choice, along with mercury (which was deadly in itself if overused). Gold was not toxic in any way, but the use was misunderstood and, moreover, nobody wanted to “use up” the prized element in anything as mundane as fighting disease!

Worse, the old available methods of colloidalizing would not handle well the gold frequency for colloidalization. However, colloidalized silver was commonly used in medicine as one of the mainstays of antibiotic treatment. Although it was considered to be quite “high-tech” at that time, compared to today’s colloidal silver solutions it was inferior from a technological standpoint.

One of the drawbacks was that the particle size of the silver never reached its optimum ultra-microscopic size and, therefore, its highest level of efficacy. It is the ability of the particle to become “one within a molecule of pure water” which makes the difference, on a one-to-one basis. Never mind that which “settles out”.

It is the electrification release of the “FREQUENCY” of the given element which is the KEY factor here—not settling out versus non-settling. It is the molecularization of the “bound” elements which HOLD THE CHARGES which allow effectiveness.

Even so, such prestigious scientific journals as England’s *Lancet* have published the results of scientific studies which examined the many successful uses of colloidal silver. The results were phenomenal and there were some competent pioneers in the field of study dealing specifically with the element, silver. It was found that colloidal silver was highly germicidal, harmless to humans, and absolutely non-toxic.

Silver in its colloidal form has been proven to be useful against many different infectious conditions and, for all practical purposes, is non-toxic in its micro-concentrations of 3-5 ppm [parts per million]. But it is, however, toxic to all species tested, of fungi, bacteria, protozoa, parasites and certain viruses.

I would qualify the “parasite” community, however, for some are NOT vulnerable to the silver colloid, in resistant form, as carriers of viruses. Among these are some forms of flukes and virus-bearing cryptosporidium. These have to encounter still higher “frequency” to knock them out AND kill the disease organism within them.

Proper ozone application and hydrogen peroxide will do the trick, for they are not oxygen-loving organisms—in the raw oxygen form. You can, however, have your flukacide AND your viral assault weapon. We call it *OxySol* [see p. 19 for

ordering information] which is a catalytic form of ionized silver, gold and hydrogen peroxide in the presence of carbon. This gives you all the properties of life—including the presence of Drianas, which hold the “charge” and contain the solution.

Even in silver colloidal solution in laboratory tests it was found that destructive bacteria, virus, and fungus organisms **are killed within mere minutes** of contact. It was further found that a “douche” of colloidal silver or silver nitrate solution at childbirth, protected both the mother and the child from any microbes present. It later became quite unhealthy for the POCKETBOOK to do such a good job of cleaning. After all, if you have no infection—how can you SELL DRUGS?!?

A doctor, Larry C. Ford of the Department of Obstetrics & Gynecology, UCLA School Of Medicine, Center For The Health Sciences, reported in a letter dated November 1, 1988:

“I tested them (the silver solutions) using standard anti-microbial tests for disinfectants. The silver solutions were anti-bacterial for concentrations of 10⁵ organisms per mil. of Streptococcus, Apyogenes, Staphylococcus Aureus, Neisseria Gonorrhoea, Gardnerella Vaginalis, Salmonella Typhi and other enteric pathogens, and fungicidal for Candida Albicans, Candida Globata, and M-Furfur.”

You will, however, notice an absence of Spirochetes which cause such as Syphilis. Both take several forms. AIDS, especially in the carcinoma form, will always show the presence of Spirochetes in the lesions. AIDS is therefore most often a form of Tertiary Syphilis and could be EASILY treated if anyone actually WANTED TO TREAT IT.

I care not what people choose to do with their lives, but those who would continue to live in certain life-styles which risk the entire population of Earth with their activities—are not my focus. Silver colloids will, however, actually knock out the HIV-bearing Spirochetes because the spirochetes are mutations in themselves and, when released, don’t do well in reconstructing themselves in a severed state.

An antibiotic of today will kill perhaps a half-dozen different disease organisms, more or less, but silver kills around 650. Resistant strains fail to develop. Moreover, silver is virtually non-toxic. Silver has been the best all-around germ fighter you have had, but I always wonder why the researchers fail to move on beyond and consider WHAT ACTUALLY IS HAPPENING. IT IS IN PART THE PHYSICAL SILVER—BUT THE POINT IS MISSED AS TO WHY IT WORKS. Just to lay a silver dollar on your arm or hold it in your hand—doesn’t do the systemic job. So you have to realize something alchemizing has to take place.

COLLOIDS

The term colloid (kol’ oid) refers to a substance that consists of ultra-fine particles that don’t dissolve, but remain suspended in a medium of different matter. These ultra-fine particles are larger than most molecules, but so small they cannot be seen by the naked eye. Not all brands which claim to be colloidal silver are, in fact, “true” colloids of silver. In fact, I suggest that most ARE NOT!

In a true colloid of silver the ideal size of the silver particles falls within the range of 0.005-0.015 microns [*a unit of length equal to one-tenthousandth of a centimeter; and a centimeter is about as long as half an inch*] in diameter and most instruments cannot measure the particles, *but they can only be read on a spectrometer which measures COLOR frequencies*. These tiny particles are electrically charged to activate the germicidal quality of the silver and allow the silver particles to remain suspended in the solution of deionized water.

There are two principle ways of producing metallic colloids: chemical and physical (electrical). The two methods of production yield widely **different** results (e.g., *OxySol* and *GaiaCol*). Both serve their own individual PURPOSE, but let us consider the electrical colloid method here, since this presents the necessary homogeneity, minuteness of granules, purity, and stability, so far sought in the community of health watchers. It is NOT enough that they don't seem to think far enough to encompass the full needs. You do have to get suspension in solution by the tiny charge placed on the particles—but you also need something to continue to allow upgrading of charge and this is mostly overlooked. Silver has always fit the needs of the day—up to now. So, why look further into the unknown when the other organisms which would come were not available for the testing? This is WHY millions die with each NEW plague—the lack of foresight and anticipation of need.

A “true” colloid that is properly prepared does not require an artificial stabilizer or additive of any kind. Typically, the “stabilizer” used in products which claim to be genuine colloids, but are not, is a protein, often listed on the label as a “natural excipient” (or is not listed at all). The problem with the use of stabilizers is that they tend to disturb the charge which, in turn, renders the solution relatively useless by blocking the action and reducing the overall effectiveness of the colloid—by simply releasing the “charge” instead of holding and enhancing it.

The desirable particulate size of anything in colloidal solution is extremely minute because it must enter into and be held in suspension within molecules of the starting liquid. Too large particulate can lodge in intestinal linings and damage the surface lining. However, I am not impressed with that, for the body HAS TO HAVE THESE MINERALS FOR HEALTHY MAINTENANCE.

No, I do not suggest you eat coins—that plugs up the system quite effectively sometimes. By the introduction of gold electrodes, the frequency of the silver is raised to that of more than the sum of the two frequencies combined, and the particulate will become more refined while the overabundance will settle out. The addition of Drias will pull the combined frequency on up higher, but will cloud the solution as it converts the very substance into a new element form which will then take the cosmic energy charge and hold it.

This brings us to the *COLOR ISSUE*:

The critical indicator of the quality of colloidal silver is color. As the size of each silver particle gets larger, the color of the solution ranges from yellow to brown to red to gray to black. This is not good transformation if dealing ONLY with silver. In terms of quality IN A SILVER-ONLY COLLOID SOLUTION, this range of color can be interpreted as “best to fair to mediocre to inferior”. Colloids

of silver that are produced using the proper **electrocolloidal** method are a different color than the “grind” or **chemically** produced colloids, except in the case of some products that contain **artificial food coloring** to achieve the **right color to fool you**. **The ideal form of Colloidal Silver is a golden yellow color, which is the FREQUENCY tone of silver.**

Gold will give off a purple color tone. In the presence of gold electrodes (which introduce gold into the silver solution), the entire solution will be brought into the frequency of the purple color range. So if you have colloidal silver, which is golden yellow, you will have a conversion of color (in the presence of gold electrodes) and gold particulate, to purple or shades thereof.

When you add Drias to that solution and put in presence of intense light (such as the direct Sun), the immediate reaction starts to happen—moving from cloudy to aqua-colored translucent solution to, finally, clarification and ultimately back to pure transparent liquid.

You don't need all that transmutation, as the violet solution is superb for what is put upon you NOW. Mostly the golden colloid of silver will confront anything you have present right now—but you will need to upgrade as we can upgrade. And you will note that *GaiaCol* is violet in hue.

SILVER AND GOLD

Silver and gold occur naturally in the soil as trace minerals and, as such, are two of many essential elements required by plants, animals and man that were once naturally obtained from organic soils via fruits, vegetables, nuts, grains and legumes. Now, with most of the crop plants grown on highly depleted, chemically fertilized soils, many of the more important metallic minerals such as **iron, zinc, copper, magnesium and chromium, and trace minerals like silver and gold**, are no longer readily available to us except through the use of mineral supplements.

Silver and gold are linked DIRECTLY to the immune systems of living beings. People or animals with a low intake of these minerals will not be healthy and will be greatly prone to illness and mutation.

Tests show that silver and/or gold in true colloidal solution (3-5 ppm) have little effect on “friendly” bacteria. This is because those which dwell WITH YOU will have your frequency already and will therefore not be substantially assaulted by higher frequencies which your body can adapt to quickly. However, in higher dosage intake, they will be put at risk and need to be replaced. Since the availability of supplemental good bacteria is easy to acquire [*from the shelves of your local health food store*], don't worry about it—just enhance your possibly depleted system by supplementation (planting of new friendly bacteria).

NOT NEW

The use of these minerals, silver and gold, are old as “time” itself. Today you have a better method of preparation for faster, safer and better use potential. The antibiotics allowed to you for use will NOT stop the assaulting new viruses and enhanced microbes—which is intentional.

We offer that which is well within the guidelines of regulators, for we intend no cross arguments

with anyone of them or you. We will provide; you will decide. We don't claim anything about “cure”. You are the miracle curing agent—anything else is nothing more than a simple, and possibly helpful, “tool”.

From the rich caravan merchants of old Persia (the Khazarians), to the great Incas of the Andes, from the Alchemists of Alexandria, to the Master Healers of India and the Orient, silver and gold has come to you from deep in your past—as a wonder of modern medicine. For millennia, the knowledge that silver and gold can cleanse the body and fortify its natural defenses has been well known.

Now we can offer you the ideal product for using both. In conjunction with one another, *GaiaCol* and *OxySol* [*see p. 19 for ordering information*] give antiseptic topical application, water purification (especially if also used with hydrogen peroxide for purification of water), effective mineral intake in usable form, AND an antibiotic agent which surpasses anything available. It comes in a harmless natural form and we wish you LIFE and WELL-BEING.

A “little bit” goes a long way, so ask God within, accept HIS “light” and use in good health to build a lighted shield for your immune system—as you recognize His own GIFTS unto you, that you may find your journey ever in HIS passage.

I would offer our manufacturing disclaimer, however, in meeting needs of regulators:

Disclaimer: Neither manufacturer nor seller makes any claims as to any specific benefits accruing from the use of colloidal silver with trace gold. Information conveyed herein is based on records and research for your information only and is not meant to imply that you will experience similar benefits or results.

So, too, are the platinum and rhodiums higher frequency elements, but these are not necessary at this time of evolution, for the simple precious metals are sufficient. So we don't yet need to tinker with the higher frequency metals. **Note, however, what is used in catalytic converters for non-pollution????!!**

If we need to, we will move on to the platinum frequency as an interim step for the charge carriers, Drianas. We take one safe and careful step at a time. I don't, at this time, wish to confuse or frighten people away from the harmless products we can offer. However, realize that as the molecule of bonding of viruses is upgraded in frequency itself, we will have to meet the needs. I do not believe it will come to necessity to work with platinum or other higher elements, but it may.

As we turn to these things of life substance we will turn over the information vehicles to others to great extent and give some of you a needed respite and allow for instructions regarding these other life-form necessities as “Mother” rearranges herself.

Disease from the dead and decaying will be horrendous in larger land-mass areas until the seas, etc., can clean themselves. I realize it is both a time of anticipation in unknowing (sometimes recognized, for lack of better terminology, as fear) and wonder of experience. Allow it to flow to the wonder of experience and we will be just fine.

God's people will begin to heed HIS call, and those who deny and refuse will simply go their way and be absorbed within their own circumstances. It is a time of choosing and sorting, and preparation for great and wondrous changes! So be it.

TELEPHONE HOTLINE 805-822-0202

As an adjunct to CONTACT, the Telephone Hotline keeps you as informed as possible on current events and other important information that needs to get to our subscribers before our publishing date.

The message machine will answer after 2 rings if there are any new messages for that day, and after 4 rings if not. Thus daily callers can hang up after 2 rings and save toll charges if no new message has been recorded. If the Hotline does not answer your call, then there is currently no Hotline message.
