JUNE 1990 VOLUME II NUMBER 8

6/10/90 HATONN

Hatonn present in the Light of the Radiant ONE. I shall herein quote from PASCAL, *Pensees*, 1670: "We desire truth, and find within ourselves only uncertainty. We seek happiness, and find only misery and death - - -." So be it in thine frustrations.

We have again lost an hour in our work for the computer program has again been mutated. Frustration will be lessened if you will simply expect the alteration each time you turn on the machine. Write the document for saving. Now, write "zionist" and check options for autosave. Very good, now let us proceed. The point, chela, is to get you confused, frightened and irritated to the point of simply leaving the task. We will not give credence to the attempts. I do hereby ask that you sit in clearance FIRST and make sure of my presence PRIOR to turning on power to the apparatus. There is daily tampering with the equipment and that, too, can become such an expected habit that you may well become careless, therefore we must always insure the shield most securely. ALL of you who are now working at electronic equipment--do the same, please, for you are set up with the first power surge first, then the program identification and the "save" sequence. Each key carries a pulse frequency which can be countered two ways. 1.

Simply pull in your own frequency shield which will scramble the signals, or 2. Go within and raise or lower your frequency to match. This is probably not feasible for any except Dharma at this time for you have not practiced your lessons sufficiently to consciously match frequencies.

The greater merit in matching frequencies is that you will then function on a higher level of sub-conscious accuracy and that counters the "gremlins" in the woodwork.

What occurs with frustration and preoccupation with "what might be wrong" causes you to seek information--but not from the light within necessarily and the fragments of instructions you pick up will be usually misdirections, i.e., the striking of incorrect sequence keys, etc. The more flustered, the more mistakes and that has naught to do with tampering--simply errors from frustration and lack of control. Always get yourselves back under control and if there are no damaged computer parts, you will efficiently function again. I note this is especially troublesome to Ranos and Oberli. The others do not understand the workings of a computer well enough to be other than simply ticked off. Patience fails to be a positive asset to any of you in the service of the Command.

You can either take control of these frustrating circumstances or

they will continue to control you.

For information to Ranos--the impact is not nearly as much to your computer as it is to YOU. There is truly no reason to tamper with your computer to any great extent but "they" have learned that when the first couple of things go wrong--you respond in expectations of further errors and malfunctions and basically will create them yourself. Just quiet yourself, light incense or something to focus yourself on calm and clearance and "calmly" proceed for if it be your friendly--you call them gremlins--they must remove themselves. You ones must face the fact that you enjoy the frustration and perturbations of playing with these energies. You ones further do not recognize that you have grown so much in manifestation power that you can be quite dangerous unto self--YOU can tamper with your own equipment quite nicely to create these diversions. They appear quite irritating--they actually give you fodder for complaints and excitement. I almost hesitate to give you ones this information for I do not like to spoil the only real fun you have--the game of "gotcha"!

We have carefully checked the systems and Dharma's is the only one deliberately set for dangerous impact and her's is changed hourly at the minimum but, while I am writing, I can keep impact to relatively minimum danger.

Now I have input for Thomas. You will be pushed from every aspect, also, and you will feel great inner need for peace and isolation--this action is not expected of you--nor desired. You have yet many hours to perfect clearing so that no input from consciousness is inserted into thine writings. Be patient for you will be tested greatly and you are still novice and this is not to be in any manner insulting--just factual for your thought patterns remain fair game for your dark energies--it is constant with receivers and NEVER ceases.

This is why you will begin with something of supplemental input and material regarding self-interests. You have a tendency to self-destruct, son, and when irritated or frustrated--pull yourself away and remove self from the bombardment. Face self and self-actions first for you must always control and abdicate self in order to insure absolute clearance. The printed word takes on an authority of unbounded importance and it requires months and months to perfect clearance on a constant level. This does not indicate a need to feel insecure--but rather, secure in that you always take of the time to pull into the frequencies of alignment.

This is true for all of you but premature instructions for most of you. It will become a game of delightful challenge as the "scientists" begin their direct communications for the dark fragments have a field day messing up your calculations, etc. It is known that you will all desire to work with that which is familiar and taught unto you and therefore minute inputs of incorrectness will blow your entire experiment. It is the human input which shall delay your progression. Rest easy for the information of importance will not be given into wrong hands for perfection. Neither will the solutions be given for "personal" use of

selfish intent--remember, lots of frogs must be found and kissed to find the prince of princes. Further, clearing is never accomplished from the consciousness, it is always accomplished from a higher frequency and therefore, nothing will find perfection of clearing until the higher self desires the clearing--practice, however, does bring that desire into manifestation if utilized enough, as in repetitious affirmations. The mind finally becomes so bored it shuts off and allows the "program" to enter into the sub-consciousness.

All of you ones would do well to listen several times to Dharma's tapes on the subject of hypnosis and what it actually IS. You all, except Oberli and Ed, have a grand misconception. ALL habits are made or broken in the subconscious for a "thing" must be confronted on the level at which it was programmed--then by repetition and acceptance--true or false matters not at all. You will, however, never move in hypnotic state beyond that which is established in the moral hyperconsciousness. In other words, you would only remove your clothing in front of an audience if you were capable of doing so otherwise if altered by other mind-altering substance. You will do nothing against moral will. You would not, for instance, murder---UNLESS you are truly capable of murder in any circumstance--you would simply "wake up"! Is this beginning to seep through?

All we are doing is awakening you the masses--or one by one--from the state of programmed trance, and into the realization of functioning out of the hypnotic trance within which you the masses have been functioning. Give it time, for the programming and brain-washing has been intense through all media and mediums. This is why you can, for a period of time, be confident in your "belief" and then

fall into the veil of doubts again--you simply slip back into the original and reinforced subconscious program and consciousness can only "play" with it--it cannot change of it. Weight loss and maintenance, for instance, cannot be attained in perfection until the program is changed to do so in the subconscious program--conscious will-power will never prevail. First there must be the desire for change.

I can use a more personal example. Ones who come to this location for/with another, or unwillingly in consciousness, will continue to control the circumstance until the individual REALLY desires change, and all the focus on the consciousness will simply continue to reinforce the hatred and unrest within the new situation. No, there is no magic but several of you simply sit in meditation defying your space to be cleared and it becomes very hard for us to reach through to understanding and acceptance. The choice is always yours and you must realize that you have no right to change of another's desires in fulfillment. You can negotiate, see if changes can be made through willingness, even compromise to some extent (but that is costly indeed), or live in discontent. The only one you can actually change is self and one must be in full desire of doing such. Lip service to a thing is nothing except reinforcing the negative defiance. By the way, "LOVE" is giving. If you demand a thing for self and still proclaim "LOVE", it is NOT! It then becomes manipulation for self needs and desires. LOVE IS EVER GIVING FOR THE JOURNEY TO GOD-NESS. SOMETIMES IT IS TOUGH, INDEED, FOR TO BELIEVE YOU ARE GIVING IN LOVE TO ONE WHO DEMANDS FOR "SELF" IS PLAYING TO THE WEAKNESS OF THE ONE FUNCTIONING FROM PHYSICAL DESIRES AND WILL BRING

CYCLING OF RELATIONSHIP. OF COURSE IT IS NOT WONDROUS AND JOYFUL-- BUT JOY, HAPPINESS AND FULFILLMENT IN PEACE ARE THINGS OF THE SOUL, JUST AS IS "LOVE".

This does not mean that ones are "wrong" to have separation if unity of purpose cannot be reached for oft-times it is only in separation and confrontation of true insight that the path can be seen and the true desire located.

You ones have a tendency to "blame" the new cause for purpose in action. Look carefully at relationships and confront that which you would do if circumstances were changed in other than this situation. You must look at your considered "love for friend or partner" in the light of change--say, loss of material goods, wealth or good health into undetermined disability. Do not be so quick to blame circumstances on a Hatonn or a Sananda--and be most cautious in your blaming of God; it is rarely, rarely, RARELY--GOD. You might well be advised to look around you and see who to really check out. It will invariably be the temptations and luxuries as laid forth for the tempting from the old friend who sits atop shoulders and nudges and pushes for the things of physical manifestation and the moment. Further, the one filled with unrest will draw away from the discipline and input of those who could change the perception and will continue to build evidence and cause through ones who would offer advice desired to be heard and sympathies which keep the unrest and confusion in full flower. In the end--the confrontation is between self and God and all toys or tools of input from whatever source are just that--nonsense.

There will be no peace nor fulfillment reached through the star signs, cards, rituals, crystals--any-

thing "with-out"; only through "with-in" comes the things of soul. All else are the things of physical. Physical is temporary--soul is infinite. Therefore, you can always choose whichever is your desire--but you will also need face the consequence of that decision for the two can work in beautiful harmony or they can cause total separation. Only that which is willing to give free-will freedom is truly LOVE. WHAT HAVE YOU DONE IN TRUE LOVE THIS DAY? It may be a good lesson if it is carefully contemplated.

If you would walk away from one to allow his/her continuance upon the path of purpose--would you walk away and leave of the earth "things" or would you demand to have your "share", or more? Unless you would leave all with the remaining one--it is NOT LOVE. Therefore, I caution you ones to check your actions and do not mislabel "LOVE" for it has been misrepresented long enough. To have selfish action is not LOVE OF SELF, either, it is indeed hatred of self and therefore, the line is minute indeed.

Check carefully within if you feel this message is directed at you in particular. Ones who do not feel the finger pointed, have on comfortable shoes indeed.

Now, another lesson regarding self and negative feelings and thoughts: do not simply cast aside a negative feeling to assume it buried--it will build and return to haunt you. Face it for what it is, defuse it, and then cast it aside. Buried resentments only grow and flourish in the ground in which you bury them. Confront the feeling and then intelligent response can come forth and negative focus can be defused. A debate can be handled in reason and changes of opinion made--arguments only cement the original opinion. Be careful as to how you handle disagreement. Temper

tantrums may relieve pressure but if left unchecked and unapologized to the offended party--is a scar forever. WHAT DO YOU USE FOR A CONTROL TOOL? "UNTO THINE OWN SELF BE TRUE AND TRUTH SHALL NEVER BE FAR FROM THINE PRESENCE--NEITHER SHALL PEACE."

You ones must also come into understanding the difference in SPIRITUALISM and SPIRITUAL; MYSTERIES and MYSTICISM, for just as with "LOVE" the definitions are most important to soul as differing from physical experience. Emotions are of soul; manifested physical is NOT. Each impacts other, but the two never become ONE. Therefore, only soul can return unto the oneness with God Creator, the other is destined to remain forever with manifested illusion and perception within the ever changing projection of that which is called "physical". The consciousness of the beingness experiences through a space and time-locked perception. The soul experiences in a dimension devoid of time and space perception. The two are easily given to integration in a density of dimension such as a planetary plane of "flatland". Integration comes as perceptions of higher dimensions are opened for your understanding; i.e., you move from two dimensional flatland into a third perception and then fourth, etc. With each increase of perception the tie to the physical manifestation lessens until ultimately transition is at will and manifestation is "chosen". ALL IS THE MIND! HAPPINESS; MISERY, SICKNESS, WELLNESS; ILLNESS, CURE; INFLECTION, LOVE; HATE--ALL ARE BUT PROJECTIONS OF THE MIND--THERE ARE NO "CURES" FOR DISEASE, ONLY TOOLS WITH WHICH TO ASSIST THE MIND IN MAKING UP ITS DECISION AS TO WHICH IT WILL BE:

SICKNESS OR WELLNESS. WOULD YOU LIMIT YOUR PROSPECTS TO A DECK OF PAINTED CARDS OR THE POSSIBLE ERRORS OF A STAR CHARTER WHO MIGHT HAVE YOUR BIRTH-TIME OFF BY 30 SECONDS? I SUGGEST YOU LEAVE THE PROJECTIONS AND POSSIBILITIES TO SELF/GOD AND ALLOW FOR THE PERFECTION OF THE "CURE" AS GIVEN FORTH THROUGH GOD AND SELF. THIS CAN ONLY BE ACHIEVED AS HUMAN COMES AGAIN WITHIN THE FOLD AND TRUTH OF GOD'S LAWS AND THOSE OF CREATION. ALL ELSE LEAVES THE MIND FEELING GUILTY AND UNWORTHY OF THE PERFECTION OF "CURE". THIS, TOO, MUST BE CONSIDERED MOST CAREFULLY IN MEDITATION WITHIN.

AS LONG AS THE LIPS PROCLAIM DESIRE FOR ONENESS WITH GOD BUT THE HEART REMAINS ENTRAPPED WITH THINGS OF PHYSICAL--ONLY THE HEART SOUNDS ARE ACCEPTED BY HIGHER SOURCE FOR THE INNER GOD-NESS OF SELF KNOWS THE TRUTH OF THE MEANING WITHIN. PUBLIC PRAYERS AND PUBLIC GIFTS ARE WONDROUS IF MATCHED WITHIN THE HEARTPLACE BUT WORTHLESS AND EVEN DAMAGING IF NOT. IF THE LIPS PROJECT DIFFERENT FROM THE HEART--THE GUILT IS ULTIMATELY ONLY REINFORCED AND THE SELF WILL CHOOSE THE PENALTY DEEMED ULTIMATELY APPROPRIATE FOR THE HYPOCRISY.

This does not mean the gift nor the words will not bring great use and abundance unto the listener

or receiver; I speak strictly as unto "self". I greatly bless those who give or speak goodness in spite of "self" for they are beginning to practice that which will ultimately bring them, possibly, into truth--that, too, depending upon intent. If the gift is to "purchase" a place or entrance--it is a poor ticket indeed for the key will not fit the lock. But, again, that is a lesson for self for the gift can be greatly and perfectly used in the good works. Often, the one who speaks the vilest language is humbly pure within. It is another good reason not to judge a brother--for you are not given to knowing the truth of it.

Dharma, perhaps we will not write further at this sitting. We are again behind in our correspondence responses but ones will understand the urgency of finishing the Journal. It was a heavy week for you, chela, for trips to this side of the veil are not pleasant when induced by murder. We will take that up as a full discussion sometime, or perhaps Sananda would remark about it for clarity. You ones who are personally within an experience cannot be fully objective. This is the reason it is easier to hear responses from another and not from within--for you fail to trust self--it gives the card readers free reign, just that one little flaw in self acceptance. The failure to feel in comfort and truth following card readings, psychic readings and fortune telling of any kind, is that soul knows it has no meaning what-so-ever except in total belief--peace comes with KNOWING!

I am so grateful to you who send support to this group; many of you will experience in physical proximity in time. Please accept this personal visit with these ones as response to your correspondence and support until we can find a bit of time to respond personally in format.

To Dr. L.F.: our gratitude is great for the documents you have so kindly forwarded to this place. The subject is horrendous for we are dealing with the Anti-Christ, as you recognize of it, and the confirmation of Earth substance is indeed supporting. No, the scribe does not have the publication mentioned in yesterday's correspondence. We shall see that all documents are well-labeled and kept in security as possible and can be returned at any time you should feel a need to have them. Our intent is not to deplete personal libraries but the documentation of fact is most supportive indeed. Bless you, truly, who are so diligent in the sharing. It changes not one iota that which we give forth--it does give comfort after the fact, unto the scribes, for human will not fully accept truth on faith alone--especially in the beginning when it crosses that which has been projected unto him.

For upliftment to you ones who will receive of this writing: understand that the impact of the Zionists through public disclosures is coming into attention within the political circles as they "overplay" their control. You will make an impact--keep the barrage of demands flowing and the grip must lessen. EVIL CANNOT CONTINUE TO FLOURISH IN THE LIGHT OF KNOWLEDGE!

YOU CAN CHANGE IT IF YOU CHOOSE TO DO SO AND TAKE ACTION!

Hatonn to clear frequency, please.

Saalome

6/10/90 SANANDA

I am here, Thomas. Let us begin. I Am Sananda and yes, I come in Light. I come in the golden Radiance.

Conflict is man. Conflict is the cause of man's actions...mostly in-

correct actions. If there were not conflict, or perceived conflict, then all would be most dull indeed. Conflict serves as a catalyst for man to bring about change. The conflict that man is experiencing at present is nothing short of the conflict of God vs Satan. You cannot serve two masters. I said so almost two thousand years ago and I say it again today. You cannot serve two masters. The time of deciding is upon you. Most, unfortunately, will choose the way of the physical...fleshly comforts or pleasures or material possessions. 'Tis sad, but the way it is.

There must, however, be a movement by man away from conflict and into balance and harmony. I am speaking here of real balance and real harmony, not some preconceived dream of same. The balance may only come with your alignment to God. Only through the return to life as given by the Laws may man be restored to fullness and joy. Do you think that the Laws were given man to be mean? Do you think that the Laws were given man to be ignored? Yes, mostly you think they are to be ignored, or rewritten, or maybe I'll just follow the ones I like. Ok, 'tis always your choice, remember. Of course, so are the consequences of your decisions. I am ever amazed that man gives so little thought to these things. The density of your plane of experience is such that the moment's pleasure or the moment's fullness holds such a spell that consequences are rarely considered. What the Laws guide us toward is responsibility.

The values of modern man have become distorted to such an extent that most do not know what they want, or what they believe. It is a time, dear ones, to return to family values. It is a time, dear ones, to return to integrity in all human dealings. It is a time of responsibility for actions of self. It

is a time of communion with your godness and your God creator. It is a time of return. The return, however, is filled with conflict. For as the separation of the wheat and the chaff continues, there will be many who will try to block your path back into balance. Do not allow it to be. You will simply need to be strong and simply hold your ground as you move forward through it. Great is the man who recognizes that he is not enough without his connection to Source. Return unto your Source. The Father awaits thy call. I stand and await thy petition. Do not wait until you are deathly ill to find that what I speak to you is truth. Come. What is stopping you from reaching out your hand unto me? I come with a host that is ready to serve all who are willing to work toward Radiance. Must it be that great tribulation befall the land and the peoples before the call will be heard? Why is this so?

The soul cries out to be nourished. The masses of man cry out to be heard, yet the call is answered and they know it not. The sleep is heavy on the land. The slumber has been deep and to awaken man is why I have come. Awaken! Throw off this veil of ignorance and vileness and return unto the glory of love. The very word love has been spoiled beyond recognition, it breaks my heart. For you have no other word that expresses the meaning...agape love. Blessed ones of Earth, how I love thee. Won't you return to brotherhood? Won't you return to the kindness long forgotten? Won't you return to the sharing, one with another? I do not speak of the sharing for one gaining from the other...no, I speak here of the sharing from the heart place. This opening must occur within man that the journey may be made together. For no man is strong enough to journey alone on the path before you. Call for help and it is given. Ask and ye shall receive! Remember? Did you ever know? Why not? Well

you know now...ask, ask, ask. Mostly ones ask for self, which is allowed. Asking for self is always the lesser. Asking for another is joy. Come into your peace blessed ones. Return unto the balance within the quietness of your own inner voice that cries unto thee to listen. Hear the voice that calls for the opening. Open thy hearts and allow me entry. I Am here. Where are you? Won't you come unto me and let me heal thy suffering and thy pain. Oh, little ones, walk in the Light of the Heavenly Father...walk in the Light which I Am...for I know well the path afore thee.

(Sananda, I have been asked to petition on behalf of Dharma regarding this week and the computer incident. Would you have any words that I may share with her, excluding this portion from the book portions, of course?)

Thank you, yes. Dharma must come into her balance too, for the jolt was more than unsettling, it was major. We received heated discussion on this side from her and frustrations are indeed mounting for each of you. You must each and all pray for protection for one another! Hear me...shield yourselves and pray for one another. Each of you are being put through the paces. You must each come into your own level of stability within, this difficult time. Do not be unkind to one another, for you each must work most closely with one another for a long time to come. If you have differences, discuss them, bring them out, do not bury them for therein is difficulty. None of you are exempt from the impact of the dark brotherhood, and the very one that thinks he or she is is the very one to be hit. Always know that you will be impacted greatly. Ever keep my shield around you. Do not get cocky, or lax, or forgetful...don't do it...you keep that shield of light around you every moment of ev-

around you every moment of every day. Nothing is more important for your protection! I stand ever with each of mine. I may not interfere unless asked to do so. If you are not standing in light and choose not to call me in, then the consequences of experience when the impact hits thee is entirely yours to experience. Perhaps you will be more careful the next time. I do not mean to sound harsh to any of mine workers. I am deeply grateful to each and every one of you. The lessons of dark impact are never to be taken lightly. Nor are the lessons of physical attacks against Dharma. You ones must allow peace to enter that house by staying away during various times of the week. Dharma and Oberli need the quiet to work and rest. Please, please understand this and allow it.

Blessings unto you of mine. You are all growing. I hold you close unto me.

I Am Sananda
One with Father
In Service to Hatonn
we are all brothers in light

6/15/90 SANANDA

Let us begin. I Am Sananda, Thomas. I come in Radiance. I Am One with All Light.

Man must move away from the welfare state. There must be a movement toward charity, from the heart place. If thy brother needs help, help. If you are asked, assist. Help and assist out of the kindness of your heart. God does not tell all his peoples to put up stores for the coming difficulties and then turn around and tell you go give it all away. Again, use thy reasoning minds. What God does say is that if a brother comes to you needing food, or shelter, or clothing...perhaps only for one picce of bread, one night's sleep, or a shower...offer it. Offer this to your brother not because I,

Sananda, tell you to, or because you feel you will be in violation of something if you do not...but because it is the kind act of love, one brother to another, that shall see you through. Obviously each man and each family must tend to that which is theirs. Private property...both land and household contents...will be important as we move along. So yes, hold on to what you have...if you are in the proper placement...and put-up thy food stuffs for a long period. But if a cold, hungry brother comes to your door asking for a meal or shelter and you say there is no room at the inn...the days before you will be long indeed. Return unto sharing with your fellow man. Return unto charity of the heart. Not because I tell you, but because it is of God. Your welfare state is producing a generation of crippled ones...emotionally. Move away from the welfare state and return unto charity.

Man has been so troubled within his own being that he has failed to give thanks for that which is before him. So much is taken for granted. Well, with what is coming in America there will be thousands and thousands who will realize how good it was and all that had been provided. But when you lose your precious freedoms, beloved, you have lost it all. There is yet time to turn the political tide that will drown you, if you take action. Specifically, the Phoenix Journals THE CRY OF THE PHOENIX and RAPE OF THE CONSTITUTION; DEATH OF FREEDOM give the details of what has been perpetrated upon you and agencies to contact. Become informed, for knowledge is your greatest weapon.

These are indced troubled times and man must tap within himself that God light that shall see him through. Please, do not take offense, always remember I refer to man as meaning hu-man, higher universal man...men and women

equally, always.

Man must be very discerning about the direction he wishes to move. Where would you like to see your country go? Are you interested in having a One World Government? Are you interested in a socialist system here in the United States? There will come a time when watching soap-operas and sports events on television will take a back seat to that which is happening all around you...only then it will be too late. The time to become informed is now. The time to act is now. Do you think I have come to share these things for no reason? Use your minds...you are in grave, grave circumstances. What you are, or are not, willing to do will indeed determine the entire future of this country...nothing less. That very sentence should give you cold chills.

It is time for you to get your money out of the banks. It has been said time and time again in the other Journals...but if you have not read them, get your money out of the banks and put it in a safe place, small bills. Invest in gold and silver...coins are best. Do not declare these, no paper work. Do not put your valuables in safe-deposit boxes. When gold and silver have reached high levels, sell...keeping some. You are in for some hard times, beloved ones...you must be most cautious on the treacherous road before you. The financial aspects are all carefully outlined for you in SPIRAL TO ECONOMIC DISASTER and PRIVACY IN A FISH-BOWL...SPIRAL II. Become informed.

"But tell us something new...something we haven't heard before"...the cry goes up from many. Well I, your Lord God, Sananda, am telling you that all of the Phoenix Journals are outlining your very situation in explicit detail. You will not know what is

become informed...for first you must understand the problems before you may even consider solutions. It is bad, beloved ones, it is bad. Yes, God and the host are here. Yes, there is hope of hopes. Will God do it for you? NO! Man will right what man has wronged. Man will clean what man has soiled. There will be no washing of the hands of responsibility in this situation. It is going to take some very, very hard work to turn this around...and unless each of you, the lighted beings of God, take responsibility and begin to act constructively for change...you are doomed.

If you will learn to come into community with your brother the building will not only be a challenge, but a joy. It is possible, if man will but do it. It is time to put aside petty differences and work for the greater good, for the good of the whole. Individual fragments accomplish little compared to a unified team effort...observe the ant.

Come back into the unity and oneness with God. Sit quietly and allow yourself to listen to that inner voice that shall guide you through. God is within, beloved. I have returned. I went to prepare a place and I have done so, as promised. I have returned with a host. We are come in space-craft of which there is nothing to fear. We are the Lighted Ones of Heaven. Return to God, beloved, return to God. Pray...pray...pray. Blessings on your troubled land. We are ever at the ready to answer thy petitions.

I take my leave. I Am Sananda

6/18/90 HATONN

DON'T MISS YOUR CONFIRMATIONS OF TRUTH OF THE JOURNALS

Please, dear ones, do not overlook attention to those things which give you confirmation of truth. Let me give you a few items to check into that will allow you to know we have been telling you naught but truth.

PANAMA

Note that you will find in this current volume of *NEWSWEEK* magazine there will be reference to death and injuries to your U.S.A. soldiers in Panama. You will find that a large percentage of the killed soldiers were killed by the errors of your own troops; further, over 60 percent of the injuries were sustained by "friendly gunfire"--meaning: your own soldiers shot each other. Please get an issue for this office for backup.

FLAG BURNING

The flag burning amendment is moving into full scale gear. The Senate is pushing hard--then they will throw in the argument that since you "need" a balanced budget amendment, "Let's just have that good old convention." Stay alert, brothers, for as we move on with our Journals you will see that you MUST not carry either the amendments nor the constitutional convention. There are non-flag desecration instructions within the Constitution as well as the way to balance the budget. If you fall for the malarky--expect to lose dearly! It will neither balance the budget nor stop flag burning--there are many more effective ways in which to mutilate your national emblem than through burning. IT IS A SHAM GAME AND YOU ARE THE VICTIMS INTENDED TO BE LOSERS.

KISSINGER/ROCKEFELLER/ GORBACHEV

These ones met in secret summit wherein Rockefeller laid forth the format for the Soviet Banking System and Gorbachev accepted it

without comment; indicating, of course, that it is well laid, planned and orchestrated.

GRAIN DEAL

The trip of "touring" through Minnesota was in fact a trip to consummate agreements with the Grain Cartel for grain in incredible amounts while it will leave America very short of grain. Remember, your silos are already emptied and the grain sold to foreign interests. You have no reserve of powdered milk, cheese, butter or other dairy products--they, too, have been sold or given away to better position the Cartel for control. It is getting to be serious time, chelas.

PENSION PLANS

A measure has been granted to give the controlling faction increased input over Pension Plans and allowance made for "studying" situations whereby ones have been deprived of their plans, etc. I suggest that if you are having problems with your pensions--get with pounding upon the ones now wielding more power. However, expect to find the mess is far deeper and incredible than you can imagine, for just as with the S&Ls--the funds have been squandered and this is only a facade to keep you ones thinking "they" are doing something about it.

MEXICO FREE-TRADE AGREEMENT

Disaster! Industry and jobs will flow like wine into Mexico. If you would extract the information I wrote on the Mexican situation, Oberli, and place it in format for an Express item I will greatly appreciate it for I do not wish to cover it herein. However, these are the things you ones must start pulling forth for continuing information input in the Expresses.

TIMING

You continually are distracted by that which is delayed in occurrence; "Where is the depression, etc.?" You are in it--the house of cards is being falsely supported in order to bring you under total control and is based upon nothing at all. There is no economy foundation remaining--it is shored up by total control measures with money which is nonexistent. You are being carefully set up so that the optimum control will be obtained at the collapse--by the banks and cartel. I warn you again and again, **THEY HAVE PLANNED WELL AND FOR A LONG, LONG TIME AND THE ZIONISTS ARE VIEING FOR THE ULTIMATE CONTROL SO IT BUYS YOU JUST A TAD MORE "TIME". HOWEVER, I NOTE HEREIN THAT THERE IS CONFIRMATION THAT THE ZIONIST MOSSAD IS TRAINING TERRORISTS AND EFFECTING TERRORIST ACTIVITIES WITHIN EVERY CONTINENT ON YOUR GLOBE AND I SHALL DO A LENGTHY PROJECTION ON THAT SUBJECT AT ANOTHER SITTING. SO BE IT--TAKE ACTION IN THE SEQUENCE WE LAY FORTH FOR YOUR ACTIONS AND YOU WILL COVER IT ALL IN DUE SEQUENCE. THANK YOU FOR YOUR ATTENTION.**

Hatonn to clear, please.

OUR NEW JOURNAL

RAPE OF THE CONSTITUTION;
DEATH OF FREEDOM
RRPP-VOL. II

by Gyeorgos Ceres Hatonn

As you journey through this passage, this may well be the most important single Journal you will ever read. It is of physical importance and impacts your soul growth tremendously, that which you do in this cycle of experience. This book is not pleasant--it was not written for entertainment; you are on the edge of the abyss in your nation and the "anti-Christ", of which you have waited, is upon you. Rarely are things as you ex-

pect or at first perceive for it is the way of the enemy of Godness.

You ask and again ask, "What can I do?" Herein we tell you that which you can do. The time for letting "someone else" do of your work is finished--you will stand forth and participate in the journey of God or you will be passed by. Your Constitutional rights as written by the Founding Fathers are being replaced by the New Constitution which is already in operation without your realization of same.

You have a right and obligation to know that which is in store for you at the hands of the conspirators for The New World Order, and further obligation as a citizen, to act. You have been people of the lie far too long, my friends, and it has all but cost you every vestige of freedom. What you do now can change your world. Do nothing, and you had better increase your prayer time, for it is serious indeed. The projected prophecies are at your door and it is time you recognize your enemy!

In order that we might generate a list of dependable purveyors of survival foods, etc., we ask you to please send the names and addresses of good suppliers that you know. Thank you.

Always do right. This will gratify some people and astonish the rest.

Freedom is the recognition that no single person, no single authority or government, has a monopoly on the truth, and that every individual life is infinitely precious, that every one of us is put on this earth for a reason and has something to offer.
